INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
Encore Dredging Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Encore Dredging Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, continued

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, continued

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ENCORE DREDGING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following brief description of Encore Dredging Retirement Plan (the "Plan") is provided for general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was initially established on May 1, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is amended from time to time to reflect changes in the law. The Plan, as amended and restated as of May 1, 2022, includes the eligible employees of Encore Dredging Partners (the "Company" or "Plan Sponsor")

Eligibility

Each employee of the Company who is at least 21 years old and not a contract or leased employee is eligible to participate in the Plan. Each eligible participant can be enrolled in the Plan following the later of his date of hire or attainment of age 21 during the first day of each Plan quarter.

Plan Administration

The Plan is administered by the Company and accordingly, certain administration functions are performed by officers or employees of the Company. No officers or employees receive compensation from the Plan. BOK Financial Wealth Management ("BOKF, NA") serves as the trustee of the Plan ("Trustee").

Contributions

Participants may contribute from 1% to 100% for the year ended December 31, 2023, of their pre-tax annual compensation, as defined by the Plan, as before-tax contributions or after-tax Roth contributions, not to exceed the limitation set forth in Section 402(g) (\$22,500 for the year ended December 31, 2023) of the Internal Revenue Code ("IRC"). Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions were limited to a maximum of \$7,500 per year in 2023. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes Safe Harbor matching contributions on behalf of participants who have obtained six months of continuous employment. The Safe Harbor matching contributions are equal to 100% of the participant's pre-tax contribution, not to exceed 3% of the participant's compensation, and 50% of the participant's pre-tax contribution, not to exceed an additional 2% of the participant's compensation. During the year ended December 31, 2023 the Company made \$220,714 in Safe-Harbor matching contributions. The Company may also make non-elective discretionary contributions to participants who have obtained one year of employment defined to have at worked at least 1,000 hours. During the year ended December 31, 2023, the Company did not make any discretionary non-elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Participants are immediately vested in their elective contributions, plus any earnings on such contributions. The employer contributions related to the Safe-Harbor matching contributions, plus any earnings on such contributions are vested immediately. The vesting of non-elective employer contributions is based on years of continuous service accrued by the participant while in covered employment.

ENCORE DREDGING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions and Safe Harbor matching contributions. The Plan provides vesting requirements for the discretionary matching contributions and non-elective discretionary contributions are as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

However, a participant becomes fully vested in his matching contribution account and/or retirement security contribution account per the Plan's vesting provisions, upon attaining age fifty-five (55) prior to termination of employment or upon death or disability prior to termination of employment.

Forfeited Accounts

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant due to termination of employment. Any amount not vested is forfeited which are used to fund employer contributions and plan expenses. During the year ended December 31, 2023, no forfeitures were used to pay Plan expenses or fund employer contributions. At December 31, 2023 and 2022, forfeited non-vested accounts available to pay administrative expenses and to reduce future employer contributions totaled \$7 and \$2,038, respectively, recorded as an investment account in the Plan's name.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from 1 to 5 years or more for the purchase of a primary residence. Loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates ranging from 4.25% to 10.50% at December 31, 2023 and 4.25% to 9.50% at December 31, 2022. Principal and interest payments are made by means of payroll withholding according to the terms of the promissory note.

Payment of Benefits

Upon termination of employment due to death, disability or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or to have the account balance distributed in installments.

In-service withdrawals are allowed by the Plan on or after the participant has attained age 59 ½. Prior to age 59 ½ and subject to guidelines set forth in the IRC, a participant may request a hardship withdrawal. Participant may withdraw any portion of the after-tax account at any time.

Based on provisions provided within the Plan Document, all terminated participants with account balances less than \$5,000 are mandatorily distributed to the Participant.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Expense Offset and Revenue Sharing Arrangements

Fees incurred by the Plan for the investment management services and trustee fees are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. The Plan's common collective trusts and mutual funds invest in various securities including U.S. Government securities, corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Net appreciation in fair value of investments includes realized gains and losses on investments sold during the year and unrealized appreciation of investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable is accrued as earned. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

3. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules, including non-interest bearing cash, investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income on notes receivable from participants, and interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of the investments, the Plan generally uses two approaches, the market approach and the cost approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets. The cost approach is the amount that would be currently required to replace an asset and indicates the cost to the Plan to require a substitute asset.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in methodologies for the years ended December 31, 2023 and 2022.

Mutual funds: Valued at the NAV of shares held by the Plan at year-end as quoted in an active market as reported by the issuer. (*market approach*)

Money market fund: Valued at amortized cost, which approximates fair value. (*cost approach*)

4. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 30,924	\$ -	\$ 30,924
Mutual funds	<u>3,000,066</u>	<u>-</u>	<u>-</u>	<u>3,000,066</u>
Total investments in fair value hierarchy	<u>\$ 3,000,066</u>	<u>\$ 30,924</u>	<u>\$ -</u>	<u>\$ 3,030,990</u>

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ -	\$ 31,691	\$ -	\$ 31,691
Mutual funds	<u>2,406,297</u>	<u>-</u>	<u>-</u>	<u>2,406,297</u>
Total investments in fair value hierarchy	<u>\$ 2,406,297</u>	<u>\$ 31,691</u>	<u>\$ -</u>	<u>\$ 2,437,988</u>

5. Federal Income Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, Management of the Company and the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL and IRS. The Management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their total account balance.

7. Party-in-Interest Transactions

Certain Plan investments are in accounts managed by the Trustee. In addition, the Plan issues notes receivable from participants and pays expense to the Trustee. These transactions qualify as party-in-interest transactions, as defined by ERISA; however, these transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Delinquent Participant Contribution Transactions

During the year ended December 31, 2023, the Company determined that certain employee deferrals aggregating \$83,271 had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and corrective measures were taken. The Company is still assessing the earnings impact to the participant accounts. The Company expects the Participant accounts to be fully corrected by December 31, 2024.

9. Subsequent Events

Effective July 1, 2024, the Plan was amended to increase the frequency of entry for Safe Harbor matching contributions from quarterly to immediately.

Plan management has evaluated subsequent events and transactions through October 14, 2024, which is the date the financial statements were available to be issued and has concluded that there are no other significant events to be reported.
