The Trustees

Tailored Companies, et. al. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the financial statements of Tailored Companies, et. al. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tailored Companies, et. al. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by Massachusetts Mutual Life Insurance Company and Empower Annuity Insurance Company of America, qualified institutions, agrees to or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statements section of our report. We are required to be independent of Tailored Companies, et. al. Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tailored Companies, et. al. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tailored Companies, et. al. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tailored Companies, et. al. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The schedule of delinquent participant contributions and schedule of assets (held at end of year), as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by Empower Annuity Insurance Company of America, a qualified institution, agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2023 and 2022

(1) Plan Description

The following description of the Tailored Companies, et. al. Retirement Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all eligible employees of Tailored Chemical Products, Inc. and related entities ("Companies"). The related entities covered by the Plan are Tailored Foam, Inc., Southern Resin, Inc., Structural Materials, Inc., Stuart Forest Products, LLC, and Universal Finance, Inc. Newly eligible employees are eligible to enter the Plan on January 1 or July 1 after eligibility requirements are met coinciding with or next following the completion of 1,000 hours of service within twelve consecutive months of service and at least 21 years of age. Employees who have previously entered the Plan may change their deferrals at any time. The Plan was established in 1984 and was revised effective 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for the oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitors investment performance.

(b) Contributions

Participants elect to make contributions up to \$22,500 of their eligible compensation, as defined by the Plan. Participants can change or revoke their deferral percentage at any time. The Company may make a discretionary matching contribution that is determined each year. The matching contribution is a uniform percentage of salary deferrals. The Company may also make an additional discretionary profit sharing contribution each year. The discretionary profit sharing contribution is allocated based on compensation. During the years ended December 31, 2023 and 2022, the Company made a \$106,000 and a \$60,000 profit sharing contribution to the Plan, respectively.

(c) Participant Accounts

Each participant's account is credited with the employee's contribution, the employer's contribution, and an allocation of the plan earnings. Allocation of earnings is based on fund investments. Earnings are allocated on an annual basis. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

**TAILORED COMPANIES, ET. AL.
RETIREMENT PLAN**

Notes to Financial Statements, Continued

(1) Plan Description, Continued

(d) Vesting

Participants are immediately vested in their contributions and earnings thereon. Vesting in the employer's matching contribution account plus earnings thereon is based on years of service as follows:

<u>Vesting Years of Service</u>	<u>Vested %</u>
Less than 2	-
2	20
3	40
4	60
5	80
6	100

(e) Payment of Benefits

Upon separation of service, due to termination of employment, death, disability or retirement, a participant may receive a distribution in several forms. If the participant's account balance exceeds \$5,000, they may receive a distribution in a lump sum or in partial payments of not less than \$500 per payment. If the participant's account balance is less than \$5,000, they must receive a lump sum payment.

(f) Forfeitures

Upon termination of service, the nonvested portion of a participant's account becomes a forfeited amount. Forfeitures may first be used to pay any administrative expenses of the Plan. Any remaining forfeitures attributable to profit sharing contributions will be reallocated based on compensation, as defined by the Plan. Forfeitures attributable to matching contributions are used to reduce future matching contributions. Non-vested forfeitures used to reduce administrative expenses for the years ended December 31, 2023 and 2022, were \$1 and \$1,537, respectively. Unused forfeitures as of December 31, 2023 and 2022, were \$524 and \$1, respectively.

(g) Administrative Expenses

Administrative expenses of the Plan are paid out of Plan assets.

**TAILORED COMPANIES, ET. AL.
RETIREMENT PLAN**

Notes to Financial Statements, Continued

(1) Plan Description, Continued

(h) Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants' balances will be distributed in accordance with the Plan document.

(2) Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Trustees determine the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**TAILORED COMPANIES, ET. AL.
RETIREMENT PLAN**

Notes to Financial Statements, Continued

(2) Summary of Significant Accounting Policies, Continued

(d) Payment of Benefits

Benefit claims are recorded as expenses when they have been approved for payment and paid by the Plan. There were no benefits payable at December 31, 2023 and 2022.

(e) Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest, and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Massachusetts Mutual Life Insurance Company (“MassMutual”) and Empower Annuity Insurance Company of America (“Empower”).

(3) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**TAILORED COMPANIES, ET. AL.
RETIREMENT PLAN**

Notes to Financial Statements, Continued

(3) Fair Value Measurements, Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. These are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These investments are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022.

	<u>2023</u>	<u>2022</u>
	<u>Level 1</u>	<u>Level 1</u>
Investments:		
Mutual funds	\$ 3,445,452	2,863,778
Total Investments	<u>\$ 3,445,452</u>	<u>2,863,778</u>

(4) Investment Contract with Insurance Company

The Plan has investments in a fully benefit-responsive investment contract with Empower. Empower maintains the contributions in an unallocated fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

**TAILORED COMPANIES, ET. AL.
RETIREMENT PLAN**

Notes to Financial Statements, Continued

(4) Investment Contract with Insurance Company, Continued

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract value of the Empower investment contract at December 31, 2023 and 2022, was \$69,780 and \$81,398, respectively. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

(5) Income Tax Status

The Plan adopted a standardized form of a prototype plan sponsored by Ascensus LLC. The Plan terms have been drafted in reliance on the sample language provided by the Internal Revenue Service in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Internal Revenue Code (the "Code") to maintain its tax exemption. Plan management believes the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**TAILORED COMPANIES, ET. AL.
RETIREMENT PLAN**

Notes to Financial Statements, Continued

(6) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

(7) Related Party Transactions

At December 31, 2023 and 2022, Plan assets included investments in funds managed by Empower. Empower is the Plan's current custodian and, as such, transactions with the custodian qualify as party-in-interest transactions under ERISA. Personnel and facilities of the Company have been used to perform administrative services for the Plan at no charge to the Plan. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(8) Nonexempt Transactions

During the year ended December 31, 2023, the Company inadvertently failed to remit two pay periods of employee contributions to the Plan within the required time period as stated by the United States Department of Labor (DOL), and these late remittances were corrected during 2024. The following table summarizes the late contributions.

<u>Date Participant Contributions were Withheld from Wages</u>	<u>Date Participant Contributions were Remitted to the Plan</u>	<u>Amount</u>
December 17, 2023	September 6, 2024	\$ 91
December 27, 2023	January 17, 2024	\$ 88

The Department of Labor considers late deposits to be prohibited transactions. The Plan sponsor will file Form 5330 and pay the applicable excise tax. The excise tax payments will be made from the plan administrator's assets and not from the assets of the Plan. Lost earnings will be remitted to the Plan by the Plan Sponsor.
