Independent Auditors' Report

To the Plan Administrator
Locus Robotics Corp-401(k) Plan
Wilmington, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Locus Robotics Corp-401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LOCUS ROBOTICS CORP-401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Locus Robotics Corp-401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan that was established on January 1, 2019 by Locus Robotics Corp (the “Employer”). All employees are eligible to enroll in the Plan (“Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant directed.

Participant Contributions

Participants may defer 1% to 90% of their annual compensation, as defined by the Plan, subject to dollar limits set by Federal law, on a before tax basis. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Safe Harbor Matching and Discretionary Contributions

Each Plan year, the Employer may make matching contributions, on behalf of the employees, in its sole discretion. For the Plan year ended December 31, 2022, the Employer elected to match 100% of the first 3% of Participants’ Compensation and 50% on the next 3% of Participants’ Compensation, but not to exceed 5% of Participants’ Compensation. The Employer may make additional Non-Elective Contributions for the benefit of participants at its discretion, in addition to the matching contributions. Participants must be employed on the last day of the Plan year in order to receive a Non-Elective Contribution. No such contribution was made for the 2022 Plan year.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Employer contributions and a pro-rata allocation of the administrative fees for notes receivable, distributions and investment earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Note 1 - Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions and Employer matching contributions plus actual earnings thereon. Participants become 100% vested in Employer nonelective contributions after 5 years of service. A participant also becomes fully vested upon death or disability, as defined by the Plan, or upon reaching normal retirement age (65) while employed by the Employer.

Payment of Benefits

In-service withdrawals from the participant's pre-tax elective account are permitted upon reaching age 59½. Participants can withdraw from their rollover contributions account at any time. Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or substantially equal installment payments of such amounts, frequency and duration as the participant or beneficiary may elect. Upon termination, if a participant's vested account is less than \$5,000, and the participant does not elect to take the distribution, the Plan administrator may distribute the participant's vested account balance directly to the participant without consent. Hardship withdrawals may be taken from a participant's account, subject to a minimum of \$500.

Notes Receivable from Participants

Subject to approval by the Plan administrator, Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years (or longer for the purchase of a primary residence). The Plan allows participants to have up to one loan outstanding at a time. The loans are secured by the balance in a participant's account and bear interest at a rate commensurate with the established prime rate plus 2%. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeited accounts will be used to reduce future Employer contributions or pay for Plan administrative expenses. At December 31, 2022 and 2021, the forfeiture balance was \$10 and \$0, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Unit Values

Individual participant accounts for the common/collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units which are valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, the date the financial statements were available to be issued. No significant matters were identified for disclosure in this evaluation.

Note 3 - Information Certified by Trustee and Custodian

Plan investments are held by the Plan's trustee and custodian, Reliance Trust Company ("Reliance"). Reliance certified the fair value of investments as of December 31, 2022 and 2021, and investment transactions for the year ended December 31, 2022. Investment transactions include interest and dividend income and net depreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year), including participant loans (notes receivable from participants), has also been derived from information certified by Reliance.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

- | | |
|----------------|---|
| <i>Level 1</i> | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| <i>Level 2</i> | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| <i>Level 3</i> | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

LOCUS ROBOTICS CORP-401(k) PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Common/Collective Trust Fund

Invesco Stable Value Fund is composed primarily of indirect fully benefit-responsive investment contracts and is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund and its liabilities. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total

Note 4 - Fair Value Measurements (Continued)

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,243,429	\$ -	\$ -	\$ 9,243,429
Total assets in the fair value hierarchy	\$ 9,243,429	\$ -	\$ -	\$ 9,243,429
Investments measured at NAV practical expedient (a)				226,825
Total assets at fair value				\$ 9,470,254

(a) In accordance with Accounting Standards Codification ("ASC") Subtopic 820-10, *Fair Value Measurements*, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively:

	Fair Value* 12/31/22	Fair Value* 12/31/21	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value common/ collective trust	\$ 326,833	\$ 226,825	\$ -	Daily	1 day

* See Note 4 for the description of the stable value common/collective trust.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

LOCUS ROBOTICS CORP-401(k) PLAN

Notes to Financial Statements

Note 6 - Related Party and Party-in-Interest Transactions

ADP, LLC ("ADP") is the recordkeeper and Reliance Trust Company is the custodian as defined by the Plan. The Plan paid certain expenses related to the Plan's operations and investment activity to ADP and Reliance and therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid totaled \$49,157 for the year ended December 31, 2022. Notes receivable from Participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan adopted the ADP, LLC prototype Non-standardized Profit Sharing Plan with CODA that has received a favorable Internal Revenue Service opinion letter dated July 8, 2014. The Plan has been amended since receiving the opinion letter. The Employer believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Reconciliation of Financial Statements to Schedule H of Form 5500
