Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements (modified cash basis) and the supplementary schedules of the SalusCare 403(b) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the Statements of Net Assets Available for Plan Benefits (modified cash basis) as of December 31, 2023 and 2022, and the related Statements of Changes in Net Assets Available for Plan Benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the SalusCare 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by Ascensus Inc. as agent for Ascensus Trust Company, the trustee/custodian of the Plan, that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets held are prepared and certified by the trustee/custodian of the Plan, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the trustee/custodian as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note A to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SalusCare 403(b) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As described in NOTE B, these financial statements and the supplementary schedules were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Management's Responsibilities for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in these circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SalusCare 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentation, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence made by management, as well as evaluate the overall presentation of the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SalusCare 403(b) Plan's internal controls. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SalusCare 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedules Required by ERISA

The supplementary schedules of Reportable Transactions and Assets Held for Investment Purposes are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.
- The information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of SalusCare, Inc.'s (the "Company") SalusCare 403(b) Plan (the "Plan") - Plan 003 provides only general information. Participants should refer to the Summary Plan Description or Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a single employer self-directed defined contribution 403(b) plan originally effective January 1, 2014. Subsequent to December 31, 2020, effective January 1, 2021, the Plan was amended to refine the definition of qualified compensation, specifically, the amendment excludes bonuses and commissions from compensation for purposes of deferrals, employer match and employer discretionary match. The Plan was amended effective August 2, 2023 to adopt a corrective retroactive amendment to allow the early inclusion of two (2) otherwise eligible employees to participate in the Plan. The Plan was then restated and effective on July 1, 2024. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Company (Plan administrator) is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees. Ascensus, as agent for Ascensus Trust Company serves as the Plan's trustee/custodian.

Eligibility

Salary Deferrals - Employee Contributions

All active employees of the Company are eligible to participate in the salary reduction arrangement upon attainment of age 18 and after the completion of one hour of service. The following groups are not eligible to participate in the Plan: non-resident aliens, employees who are expected to work fewer than 1,000 hours in the first 12 months of employment, members of a union and leased employees. The employee enters the deferral portion of the Plan immediately upon salary deferral.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Eligibility, continued

Employer Contributions

All active employees of the Company are eligible to participate in the employer matching and discretionary contributions upon attaining the age of 18 and completing 1,000 hours of service in a twelve-month period. The employee enters the employer match portion of the Plan on the first day of the month coincident with or next following the completion of the eligibility requirement.

Contributions

The Plan permits employee salary reduction deferral contributions. Roth contributions were added effective July 1, 2024. Compensation is defined as excluding bonuses and commissions. The contributions are limited to the amount specified in the salary deferral agreement and by the maximum contribution permitted by the Internal Revenue Code. The maximum permitted by the Internal Revenue Code for 2023 and 2022 was \$22,500 and \$20,500, respectively, plus an additional \$7,500 (catch-up provision) if age 50 or over for 2023 and \$6,500 for 2022, respectively.

The Company may, at its discretion, elect to make a qualified matching contribution to the Plan. For the years ended December 31, 2023 and 2022, the Company matching contribution was up to 3% of eligible compensation. During the year ended December 31, 2019, the Company elected to stop the elective discretionary contribution of 2% effective March 31, 2019 until further notice.

Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions into various investments options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Participant Accounts

Each participant's account is credited with their respective elected deferral contribution (actual contribution amount or percentage) plus any rollover amount and the participant's specific account investment activity and the Company's matching contribution. Amounts allocated to accounts of participants who, at Plan year end, have elected to withdraw from the Plan but have not been paid are identified by the trustee/custodian and will be disbursed as prescribed by the Plan documents and as elected by the participant. At December 31, 2023 and 2022, such allocated amounts were \$1,687,064 and \$1,892,737, respectively. Plan earnings, gains, losses, and expenses are allocated based on individual participant's account balances.

Participants may select any of the investment options listed in Note D to invest their respective participant account.

Vesting

Participants are immediately 100% vested and shall have a non-forfeitable right to 100% of their elective deferral and rollover contribution amounts. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after five years of credited service. Vesting occurs at a rate of 20% per year completed beginning with year one for both matching and discretionary (profit-sharing) contributions. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Participant Loans (Notes Receivables from Participants)

Loans are permitted under this Plan. The minimum loan amount is \$1,000 and the maximum loan amount is limited to the lesser of 50% of the participant's account balance or \$50,000, less any outstanding loans, according to the guidelines set forth in the Plan documents. The borrowers' annuity contracts will be used as collateral for their loans. Interest charged on loans shall be commensurate with similar commercial loans and is recorded as accrued. The loans must be repaid over not more than five (5) years. Maximum number of loans outstanding at one time is one. Effective March 22, 2019, a participant may have two (2) loans outstanding at the same time. Spousal approval is now required to initiate a loan.

NOTE A - DESCRIPTION OF PLAN, CONTINUED

Distributions (Benefits) to Participants

Upon termination of service, retirement, hardship, death or disability a participant may, with spousal consent, receive a distribution as permitted under the annuity contract. Normal retirement is considered to be attainment of age 65 and completion of 5 years participation. In service withdrawals are permitted upon attainment of age 59 1/2 and hardship distributions are subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the lump sum benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the Plan sponsor may authorize that the benefit payment be rolled into an individual retirement account in the participant's name. For accounts greater than \$5,000 a periodic benefit payment option is available.

The Plan has no early retirement provision.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce Company contributions, or pay Plan expenses. Forfeited non-vested accounts held as of December 31, 2023 and 2022 totaled \$102,190 and \$232,204, respectively. There were \$139,446 and \$1,918 of forfeitures used to pay employer contributions and/or pay administrative expenses for the years ended December 31, 2023 and 2022, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies used in the preparation of these financial statements:

Accounting Basis

The SalusCare 403(b) Plan prepares its financial statements and notes thereto using the modified cash basis of accounting. Under this comprehensive basis of accounting, generally, no provision will be made to record items which have been incurred but not paid or earned but not received. Accordingly, the accompanying financial statements are not intended to present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Fair Value of Financial Instruments

FASB ASC 825-10-50-21 (formerly Financial Accounting Standards Board Statement No. 107), "Disclosures About Fair Value of Financial Instruments," requires disclosure of fair value information about financial instruments for which it is practicable to estimate that value. The carrying amounts of cash and money market accounts approximate fair value due to the short maturity of those instruments.

Investments

The Plan's investments are stated at market (fair) value. The value of each mutual fund account is determined at the close of each business day based on quoted or appraised market value. The value of each such account is expressed in units. The unit value is the dollar value of one unit and is determined at the close of each business day by dividing the value of the entire account by the total number of units in the account. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company.

Income Recognition

Transactions are accounted for using the transaction date. Realized gains or losses are determined on the basis of actual cost. In accordance with the policy of stating investments at fair value, any change in unrealized appreciation or depreciation for the year is reflected in the Statements of Changes in Net Assets Available for Plan Benefits. Both realized and unrealized gain/appreciation and loss/depreciation, as well as interest/dividend income, are recorded and reflected as investment income.

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividends are recorded on the modified cash basis. Net appreciation (depreciation) includes the Plan's realized gains and losses on investments bought and sold as well as held during the year.

Income Tax Status

The Plan has most recently adopted a Non-Standardized Pre Approved 403(b) Plan with a cash or deferral arrangement which received a favorable opinion letter from the Internal Revenue Service (IRS), which stated that the Plan and the related trust are in accordance with applicable sections of the Internal Revenue Code.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Income Tax Status, continued

The Plan has been amended since receiving the determination letter. However, the Plan's counsel and the Plan's administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore, believe that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan's income tax returns for the past three (3) years are open and subject to examination by tax authorities, and may change upon examination.

Parties-in-Interest Transactions

Plan investments are managed by Ascensus Inc., as agent for Ascensus Trust Company. Ascensus Trust Company is the trustee/custodian as defined by the Plan. Ascensus Trust Company also performs substantially all Plan Administrator functions, as well as holds all Plan Investments. My Benefits, LLC and First Party Administrator, LLC performs certain administrative duties for the Plan. As such, Ascensus Trust Company, SalusCare, Inc. My Benefits, LLC. and First Party Administrator, LLC are considered a party-in-interest. Certain administrative functions are performed by employees of the Company (Plan sponsor). The Company and Company employees are considered a party-in-interest. No such employee receives compensation from the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Interest rates range between 4.25% and 9.50% at December 31, 2023. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022, respectively. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are not included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the rights of all participants to benefits accrued are nonforfeitable and will be distributed in accordance with the provisions of the Plan.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Benefit Payments

Benefits are recorded as deductions from net assets available for benefits when paid.

Subsequent Events

Subsequent events have been evaluated through October 22, 2024, which is the date the financial statements were available to be issued.

NOTE C - MARKET RISK

The Plan invests in various mutual fund-type investments. All of the Plan's investments are recorded at fair market value, in accordance with the reporting requirements governing the Plan, with net changes in value reflected as net appreciation (depreciation) in fair value of investments. The market value of these investments is primarily dependent upon the national and global economy and are subject to market factors and fluctuation, which may result in a loss of capital (principal).

NOTE E - FAIR VALUE MEASUREMENTS, CONTINUED

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10-50-1 through 820-10-50-8 (formerly Statement of Financial Accounting Standards (SFAS) No. 157, "Fair Value Measurements") established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level (1) inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level (2) inputs consist of observable inputs other than quoted prices in active markets for identical assets. Level (3) inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level (1) inputs because they generally provide the most reliable evidence of fair value.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily closing price (fair value) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level (1) Fair Value Measurements

The fair value of mutual funds is based on quoted fair values of the shares held by the Plan at the close of the business day at year end and are considered Level 1 inputs.

Gains and losses (realized and unrealized) included in changes in net assets available for plan benefits for the years ended December 31, 2023 and 2022 are reported in investment earnings.

NOTE E - FAIR VALUE MEASUREMENTS, CONTINUED

Level (2) Fair Value Measurements

The Plan held no Level 2 inputs as of December 31, 2023 or 2022.

Level (3) Fair Value Measurements

The fair value of participant loans (notes receivable) is equal to the amortized cost of the loans because the loans are secured by each respective participants' account balance. The following table provides further details of the Level (3) fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

Notes receivable from participants consisted of the following activity for the years ended December 31:

	2023	2022
Beginning Balance	\$ 205,807	\$ 183,258
New Loans	193,285	129,742
Deemed Distributions	(19,153)	(2,661)
Principal Repayments	(138,788)	(104,532)
TOTAL LEVEL (3) INPUTS	\$ 241,151	\$ 205,807

NOTE F - NOTES RECEIVABLE

Notes receivable (participant loans) consist of notes receivables from Plan participants of \$241,151 and \$205,807 as of December 31, 2023 and 2022, respectively. The notes carry interest rates ranging from 4.25% to 9.50% at December 31, 2023. These notes receivables are managed and are in the custody of the trustee/custodian. Interest earned on notes receivable is recognized as a separate item on the Statements of Changes in Net Assets Available for Plan Benefits. Notes receivable balances are reflected at their outstanding balance (amortized cost) at year end. Loans not repaid at the date of employee termination are recorded as distributions.
