INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of
the Veeam Software Corporation 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Veeam Software Corporation 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (Modified Cash Basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (Modified Cash Basis) for the year ended December 31, 2023, and the related notes to the financial statements (Modified Cash Basis) as of December 31, 2023 and 2022.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Veeam Software Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Veeam Software Corporation 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Veeam Software Corporation 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, line 4i--Schedule of Assets (Held at End of Year) (Modified Cash Basis) December 31, 2023 (unaudited) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial

statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Veeam Software Corporation 401(k) Plan
Notes to Financial Statements (Modified Cash Basis)
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of the Veeam Software Corporation (Company) 401(k) Plan and (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan, a copy of which is available to each participant from the Plan administrator.

General and Eligibility— The Plan is a qualified defined contribution plan covering all U.S. employees of the Company. An employee becomes eligible to participate in the Plan on the first day of the month following their date of hire with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Contributions— Participants may elect to contribute from 1% to 25% of eligible earnings, as defined, in a given year, subject to certain limitations. The Company contributes 100% of the amount that a participant contributes to the Plan up to a maximum of \$6,000 per year. Additional amounts may be contributed at the option of the Company. Additional contributions are allocated to participant accounts based on each participant's eligible earnings for the Plan year. The matching Company contribution is invested in the same investments in the same percentages as the participant-directed contributions.

Participants may also make rollover contributions from other qualified retirement plans or individual retirement arrangements.

Participant Accounts—Each participant's account is credited with the participant's contributions and allocations of (1) the Employer's contributions and (2) Plan earnings or losses. Earnings or losses of the Plan are allocated to individual participant accounts based on the participants account balances in the applicable fund. Participants direct their employer and participant contributions into any of the available investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are immediately vested in their contributions plus actual earnings thereon to the Company's contributions plus actual earnings vest as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
At least 1 year, but less than 2	33%
At least 2 years, but less than 3	66%
3 years or more	100%

Notes Receivable from Participants—The Plan permits participants to borrow funds under limited circumstances up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are collateralized by participant investments and are repaid within five years (for the purchase of a primary residence, the repayment term may be in excess of

Veeam Software Corporation 401(k) Plan
Notes to Financial Statements (Modified Cash Basis) (Continued)

five years) at an interest rate determined by the trustee. Principal and interest are paid ratably through payroll deductions.

Benefits Paid to Participants or Beneficiaries— Upon a participant's retirement, death, disability or other termination of employment with the Company, a participant whose vested account balance is less than \$5,000 and who has not returned completed distribution forms requesting an alternative form of payment can be required by the Plan to take a lump sum distribution. For vested balances greater than \$5,000 participants can elect to defer their distribution of benefits until age 70½.

Forfeitures—Amounts forfeited by participants who have terminated employment with the Company will be used to reduce Company contributions or pay Plan expenses. Forfeitures totaled \$527,954 in 2023. During 2023, \$521,994 from the forfeiture account was utilized to reduce 2023 employer contributions. At December 31, 2023 forfeitures in the amount of \$16,620 were available for reduction of future employer contributions.

Termination—Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and terminate the Plan. In the event of termination, participants will become 100% vested in their accounts, and all unallocated amounts shall be allocated to the accounts of all participants.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting— The accompanying financial statements of the Plan have been prepared using a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The principal differences between this modified cash basis and accounting principles generally accepted in the United States of America are that contributions are recorded when received by the custodian and distributions and any administrative expenses are recognized when paid.

Benefits Paid to Participants or Beneficiaries—Benefits paid to participants or beneficiaries are recorded when paid.

Administrative Expenses—Substantially all administrative expenses of the Plan are paid by the Company. Additionally, the Company provides certain accounting and administrative services at no cost to the Plan.

Use of Estimates— The preparation of financial statements in conformity with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Veeam Software Corporation 401(k) Plan
Notes to Financial Statements (Modified Cash Basis) (Continued)
December 31, 2023 and 2022

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan's stable income trust and separate accounts are valued at the net asset value of the units held by the Plan.

Income from investments is recognized when received. The Plan presents in the statement of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of investments, which is composed of realized gain or loss on the sale of investments and the net unrealized increase or decrease in the fair value of the investments. Purchases and sales of securities are recorded on a trade-date basis. Income from investments is recorded when received. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants— Notes receivable from participants are reported at their unpaid principal balances. Interest income is recorded when paid. If a participant ceases to make loan payments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Subsequent Events—The Plan has evaluated subsequent events through October 3, 2024, the date the financial statements were available to be issued and has determined that there were no transactions or events that required disclosure through the evaluation date.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Veeam Software Corporation 401(k) Plan
Notes to Financial Statements (Modified Cash Basis) (Continued)
December 31, 2023 and 2022

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds: Valued based on NAV, as a practical expedient, which approximates fair value. Such basis is determined by reference to the respective fund's underlying assets, which are primarily marketable equity and fixed income securities.

Stable Income Trust: The Stable income trust primarily holds fully benefit-responsive investment contracts and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the trust will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to initiate transactions as fair value instead of contract value. The stable income trust is a direct filing entity and therefore, disclosure regarding investment objectives is not required.

- (a) In accordance with Subtopic 820-10 of ASC 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FEDERAL INCOME TAX

The trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(a) of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan's sponsor has obtained a favorable tax determination letter from the Internal Revenue Service for the prototype plan which the Company has adopted, and Plan Management believes that the Plan continues to qualify and operate as designed.

Financial statements prepared on the modified cash basis of accounting require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

5. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements, that was prepared by or derived from information prepared by Reliance Trust Company, the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

6. RELATED-PARTY TRANSACTIONS

The record keeper charges a fee for its services. Total fees paid to the record keeper out of the Plan for the year ended December 31, 2023 were \$24,266. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
