Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of Mariani Nut Company Inc. 401(K) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of June 30, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Mariani Nut Company Inc. 401(K) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets held at end of year, as of and for the year ended June 30, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditor's Report on 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of Mariani Nut Company Inc. 401(K) Profit Sharing Plan as of and for the year ended June 30, 2022. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated June 30, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

MARIANI NUT COMPANY INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

June 30, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of Mariani Nut Company Inc. 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Mariani Nut Company Inc., Monticello Farming, M&L Fruit Company Inc., Mariani Nut Company, and Jack Mariani Company, collectively referred to as the "Company". The Plan was established on August 28, 1974. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Empower Trust Company, LLC is the custodian of the Plan assets. Three employees of the Plan Sponsor serve as Trustees of the Plan. The Plan was amended and restated effective July 1, 2022 to comply with tax and regulatory requirements.

Plan Year

The Plan year begins July 1st and ends June 30th.

Eligibility

Employees who are twenty-one years or older are eligible to participate in the Plan once they have completed one year of service. A year of service is defined as twelve consecutive months during which an employee has at least 1,000 hours of service. Once eligible, employees may begin making deferrals into the Plan on the first day of the first month and seventh month of the Plan year. The Plan excludes union, leased, and non-resident aliens.

Contributions

The Plan allows for the following types of contributions:

- ***Employee Salary Deferral 401(k) Contributions***
The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the "Code"). The Plan allows for Pre-tax and Roth salary deferral contributions. A participant may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the Code.
- ***Employee Rollover Contributions***
Participants may make rollover contributions from another qualified plan.
- ***Employer Matching Contributions***
The Plan Sponsor may make a discretionary matching contribution to eligible employees at a uniform percentage of employees' contribution. The Plan Sponsor made no employer matching contribution for the year ended June 30, 2023.
- ***Discretionary Non-Elective Employer Contributions***
The Plan Sponsor may make a discretionary non-elective contribution to the Plan. If made, the contribution is allocated to all eligible participants who have completed 1,000 hours of service and are employed on the last day of the Plan year. The discretionary amount of the contribution is a uniform percentage of total eligible compensation. The Plan Sponsor made no discretionary non-elective employer contribution for the year ended June 30, 2023.
- ***Employer Safe Harbor Match***
The plan sponsor makes a safe harbor matching contribution equal to 100% of the first 4% of the participant's eligible plan compensation. The calculation for Safe Harbor matching contributions is done each pay period and the Plan may allocate a true-up at the end of the plan year. The Plan Sponsor made safe harbor matching contributions of \$729,373.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Participant Accounts and Allocation

The custodian of the Plan maintains an account for each participant. Each participant account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses, if any. Allocations are based on participant compensation or account balances, as defined. The earnings are based on the earnings of the investments selected by the participant. The participant directs the investment of their account into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their salary deferral, rollover, and employer safe harbor matching contributions, and related gains/losses credited thereon. Discretionary non-elective employer contributions, employer matching contributions, and related gains/losses credited thereon vest as follows:

Less than 2 years of credited service	0%
2 years but less than 3 years of credited service	20%
3 years but less than 4 years of credited service	40%
4 years but less than 5 years of credited service	60%
5 years but less than 6 years of credited service	80%
6 or more years of credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service within a plan year.

Forfeitures

Forfeitures may be used to reduce employer contributions or to pay Plan expenses. Forfeitures of \$0 were used to reduce employer contributions and pay Plan expenses for the Plan year ended June 30, 2023. Forfeited amounts of \$5,504 were available to be used to reduce employer contributions and pay Plan expenses as of June 30, 2023.

Retirement

Normal retirement under the Plan is the later of age sixty-five or the fifth anniversary of participation in the Plan. The plan does not have an early retirement feature.

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment of the participant; 3) upon demonstration of financial hardship; 4) upon reaching age 59 ½; 5) total and permanent disability; or 6) death of the participant.

Benefit payments are distributed to participants in the form of lump sum.

Notes Receivable from Participants

The Plan allows participants to borrow from their accounts. Loans may not exceed the lesser of 50% of the vested balance in a participant's account or \$50,000 and are due within five years (up to 30 years for principal residence loans). Loans bear interest at a rate equal to the Prime Rate published in the Wall Street Journal plus 1%.

Administrative Expenses

Administrative expenses of the Plan are paid by the Plan or Plan sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment Valuation and Income Recognition

Variable annuities are reported at fair market value. Fair market value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fixed annuity contract is a fully benefit-responsive investment contract and is stated at contract value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year. Increases in the unit values of investments are reflected in each participant's individual account. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged to the respective participant's account. No allowance for credit losses has been recorded as of June 30, 2023 and 2022. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

The Plan is a pre-approved plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The pre-approved plan has received a favorable opinion letter from the IRS dated June 30, 2020, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401(k) of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of June 30, 2023 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC as of and for the years ended June 30:

	<u>2023</u>	<u>2022</u>
Investments, participant directed, at fair value	\$ 17,377,802	\$ 15,746,214
Investments, participant directed, at contract value	\$ 8,189,874	\$ 7,497,437
Notes receivable from participants	\$ 650,370	\$ 464,502
Net appreciation in fair value of investments	\$ 2,103,360	
Dividends and interest income	\$ 231,587	
Interest income, notes receivable from participants	\$ 30,536	

NOTE 4: FIXED ANNUITY CONTRACT

Plan investments include an investment in a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America, which maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed investment contract's issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of June 30, 2023, and 2022, the contract value of fully benefit responsive fixed annuity contract was \$8,189,874 and \$7,497,437, respectively. Participants may ordinarily direct the withdrawals or transfer of all, or a portion of, their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited to the fixed account at an annual effective yield that is at least equal to the minimum guaranteed interest rate in the investment contract. The average yield earned by the plan for the benefit responsive fund was 3% for the years ended June 30, 2023 and 2022.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract other than due to full plan termination, spinoffs, sale, layoffs, terminating participating employer, and termination by a political subdivision, agency, or instrumentality of a government plan. Upon occurrence of any of these events, a market value adjustment may apply. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring. The fixed annuity contract permits the insurance company to terminate the agreement prior to the scheduled maturity date with 90 days advance written notice. In such an event, Empower Annuity Insurance Company of America will pay the contractual account value after deducting any outstanding charges and fees, including the contract termination charge, if applicable.

NOTE 5: FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at June 30, 2023 and 2022.

Variable Annuities & Pooled Separate Accounts: Unit values for variable annuity and pooled separate accounts investment options are calculated daily by the annuity provider according to the methods described in the annuity contract. The initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

Life Insurance contract: Cash surrender value estimated by the insurance provider.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2023, and 2022:

	Assets at Fair Value as of June 30, 2023			
	Level 1	Level 2	Level 3	Total
Variable annuities	\$ -	\$ 17,377,802	\$ -	\$ 17,377,802
Total assets at fair value	\$ -	\$ 17,377,802	\$ -	\$ 17,377,802

	Assets at Fair Value as of June 30, 2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 15,741,471	\$ -	\$ 15,741,471
Life insurance contract	-	4,743	-	4,743
Total assets at fair value	\$ -	\$ 15,746,214	\$ -	\$ 15,746,214

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian as defined by the Plan. Fees paid by the Plan for investment management services are recorded in net appreciation in the fair value of investments. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 8: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 9: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through November 12, 2024, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed.
