INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Advance Financial Employee Retirement Savings Plan

Opinion on the 2022 Financial Statements

We have audited the accompanying financial statements of Advance Financial Employee Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of January 1, 2022 (Date of Merger), and the related statement of changes in net assets available for benefits for the period ended January 1, 2022 (Date of Merger), and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Advance Financial Employee Retirement Savings Plan as of January 1, 2022, and the changes in its net assets available for benefits for the period then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Advance Financial Employee Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advance Financial Employee Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advance Financial Employee Retirement Savings Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advance Financial Employee Retirement Savings Plan’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Financial Statements

We performed an audit of the 2021 financial statements of Advance Financial Employee Retirement Savings Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. In our report dated November 21, 2022, we indicated that in our opinion (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of

America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: DESCRIPTION OF THE PLAN

The following description of the Advance Financial Employee Retirement Savings Plan (the “Plan”) provides only general information. Refer to Plan documents for a more complete description of Plan provisions.

General

The Plan was a defined contribution plan covering employees of Harpeth Financial Services, LLC dba Advance Financial (the “Company”, “Employer”, “Plan Sponsor”, or “Plan Administrator”). The Plan was subject to the provisions of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor was responsible for oversight of the Plan and determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to the Plan's trustee.

Some administrative functions were performed by employees of the Company. No compensation was remitted to the Company for these services.

Plan assets were held and managed by Reliance Trust Company (“Reliance”), the trustee or custodian and the qualified institution for the Plan, which invested contributions and Plan earnings and made investment transactions as directed by Plan management. T. Rowe Price Group, Inc. (“TRP”) acted as the record-keeper and third-party administrator of the Plan, which performed certain plan administration, recordkeeping services, and annual ERISA compliance testing.

Effective January 1, 2022, the Plan was amended to officially merge into the Aon Pooled Employer Plan and thereby terminating the Plan.

Eligibility

Employees were able to become a participant of the Plan when they had reached six months of service and were age eighteen or older.

Contributions

Each year, participants could contribute up to 100 percent of pretax annual compensation, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan included an auto-enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants had their deferral rate set at 1% of eligible compensation and their contributions invested in an age-based target date fund until changed by the participant.

Note 1: DESCRIPTION OF THE PLAN (Continued)

Contributions (continued)

Plan provisions allowed for a discretionary Company match and discretionary profit sharing contribution. The Company did not make any discretionary matching contributions or discretionary profit sharing contributions for the period ended January 1, 2022. Contributions were subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account was credited with the participant's contributions and Company's discretionary matching contributions, as well as allocations of the discretionary profit sharing contributions and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Vesting

Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts was based on years of continuous service. Effective January 1, 2019, employer contributions were vested after one year of service. For participants terminated prior to January 1, 2019, vesting in employer contributions was subject to a three-year tiered vesting schedule.

Notwithstanding the above, a participant was fully vested in his or her entire account upon his or her death or total and permanent disability prior to termination.

Notes Receivable from Participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account. The loan interest rate was set at market rates as determined by the Plan administrator in a non-discriminatory manner. Principal and interest was paid ratably through monthly payroll deductions.

Benefit Payments

On termination of service due to death, disability, retirement, a participant with vested account balances of \$1,000 or less would receive a lump sum payment, whereas balances between \$1,000 and \$5,000 would be rolled over into an individual retirement account.

Advance Financial Employee Retirement Savings Plan Notes to Financial Statements

Note 1: DESCRIPTION OF THE PLAN (Continued)

Benefit Payments (continued)

Eligible participants with account balances greater than \$5,000 could elect to receive benefits in a lump sum payment or through participant directed installments.

Forfeitures

At January 1, 2022 and December 31, 2021, forfeited nonvested accounts totaled \$0 and \$28,836, respectively. These accounts could be used to reduce future employer contributions or administrative expenses. No employer contributions or administrative expenses were reduced from forfeited nonvested accounts during the period ended January 1, 2022.

Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC) and in accordance with the Plan agreement, a participant could request a financial hardship withdrawal if they experienced a severe financial hardship. The financial hardship withdrawal could not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever was less.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

Use of Estimates

The preparation of U.S. GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments generally were reported at fair value, but could also be reported at net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements. The Plan Sponsor determined the Plan's valuation policies utilizing information provided by the investment advisers, custodians and record-keeper.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses has been recorded as of January 1, 2022 or December 31, 2021.

Payment of Benefits

Distributions to participants were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in the net appreciation (depreciation) of fair value of investments.

Risks and Uncertainties

The Plan invested in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that these changes could materially affect amounts reported in the Plan's financial statements.

Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, November 13, 2024. See Note 10 for relevant disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

Note 3: TRANSFER TO AON POOLED EMPLOYER PLAN

Effective January 1, 2022, the Plan officially merged into the Aon Pooled Employer Plan. As a result of the merger, all remaining assets and liabilities were transferred to the Aon Pooled Employer Plan.

Note 4: INFORMATION CERTIFIED BY QUALIFIED INSTITUTION

The Plan Administrator has elected the method of compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The following financial information included in the Plan's financial statements was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance, the qualified institution:

- a) Total investments, at fair value, included in the statements of net assets available for benefits at December 31, 2021.
- b) Interest bearing cash, included in the statements of net assets available for benefits at December 31, 2021.
- c) Notes receivable from participants, included in the statements of net assets available for benefits at December 31, 2021.
- d) All amounts included in Note 5, *Fair Value Measurements*.

Note 5: FAIR VALUE MEASUREMENTS

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are:
 - observable; or
 - can be corroborated by observable market data.

Advance Financial Employee Retirement Savings Plan Notes to Financial Statements

Note 5: FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 1, 2022 and December 31, 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts ("CCTs"): The Plan's CCTs are valued based on NAV per share or unit as a practical expedient as reported by the fund manager, multiplied by the number of shares or units held as of the measurement date. Accordingly, these NAV based investments have been excluded from the fair value hierarchy leveling. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the CCTs, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure the CCTs liquidation will be carried out in an orderly business manner. There are no redemption restrictions or unfunded commitments on the CCTs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no investments at fair value as of January 1, 2022.

Advance Financial Employee Retirement Savings Plan Notes to Financial Statements

Note 5: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

Description	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
<i>December 31, 2021</i>				
Mutual funds	\$ 10,447,408	\$ -	\$ -	\$ 10,447,408
	\$ 10,447,408	\$ -	\$ -	10,447,408
Common collective trusts ^(A)				164,968
Total investments at fair value				\$ 10,612,376

(A) Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Note 6: TAX STATUS

The Plan uses a pre-approved document sponsored by TRP, which received an opinion letter from the IRS dated June 1, 2015, stating that the pre-approved document satisfied the applicable provisions of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by TRP. TRP was the record-keeper and third-party administrator to the Plan and, therefore, these transactions qualify as party-in-interest transactions. There were no fees paid to TRP for the period ended January 1, 2022.

Advance Financial Employee Retirement Savings Plan Notes to Financial Statements

Note 8: PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts. Effective January 1, 2022, the Plan was amended to officially merge into the Aon Pooled Employer Plan.

Note 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the Plan's financial statements at January 1, 2022 and December 31, 2021, to the Plan's Form 5500:

	January 1, 2022	December 31, 2021
Net assets available for benefits per the financial statements	\$ -	\$ 10,981,072
Amounts related to contributions receivable	-	(7,362)
Net assets available for benefits per the Form 5500	\$ -	\$ 10,973,710

Note 10: SUBSEQUENT EVENTS

Management of the Plan evaluated all events or transactions that occurred after January 1, 2022 through November 13, 2024, the date the Plan's financial statements were available to be issued. The following item occurred:

On October 21, 2024, the IRS issued a final notice to the Plan to file the 2022 Form 5500. The final notice stated that the DOL could assess a civil penalty up to a maximum amount of \$150,000 against the Plan Administrator of the Plan due to a deficient Form 5500 filing for the 2022 Plan year. The Company is currently negotiating this notice and the assessment, if any, will be funded by the Company.
