Independent Auditor's Report

Plan Administrator
LOOK Trailers 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of LOOK Trailers 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of August 1, 2022 and December 31, 2021, the related statement of changes in net assets available for benefits for the period ended August 1, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of August 1, 2022 and December 31, 2021, and for the period ended August 1, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 8 to the financial statements, management of LGS Pace, LLC and its wholly owned subsidiaries and affiliate, the Plan's Sponsor, agreed to merge the Plan and transfer all Plan assets into the Novae Corporation 401(k) Retirement Plan effective August 1, 2022. All plan assets were transferred to the control of Novae Corporation 401(k) Retirement Plan on August 1, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the period ended August 1, 2022, and schedule of assets held (held at end of the year) as of August 1, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Plan Description

The following description of LOOK Trailers 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of LGS Pace, LLC and its wholly owned subsidiaries and affiliate, Formula Trailers (the Company) who are 18 or older and have completed two months of service (as defined) up to the point of the Plan's merger as described in Note 8. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percentage of pre- and/or post-tax annual compensation as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct these contributions into various investment options offered by the Plan.

The Company may elect to make a discretionary matching contribution based on a percentage of participant contributions for all eligible participants and may also make an additional discretionary contribution. For the period ended August 1, 2022, the Company made a matching contribution of 33% of participant contributions, up to \$1,500 per participant. The total matching contribution made by the Company was approximately \$107,300 for the period ended August 1, 2022. The Company did not contribute any additional discretionary contributions for the period ended August 1, 2022.

The financial statements include an other employer receivable of approximately \$213,200 related to the correction of operational defects for the period ended August 1, 2022, to be funded by the Plan Sponsor.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. A participant's account is charged an administrative fee for processing benefit payments as defined by the plan document. The benefit to which a participant, or beneficiary, is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon, if any, is based on years of continuous service. Effective October 1, 2021, participants are 100% vested after one year of credited service. Prior to October 1, 2021, participants were 100% vested after six years of credited service.

Payment of benefits: Upon termination of service, a participant may elect to receive a lump-sum amount or installments equal to the participant's vested interest in the account. In-service withdrawals are not permitted unless the participant has met certain hardship conditions or has reached retirement age. Under the Plan, participants, or their beneficiaries, are entitled to 100% of their account balance upon death or disability. Benefit payments are recorded when paid.

Administration of plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses are paid by the Plan Sponsor and, therefore, are not reflected in the Plan's financial statements.

LOOK Trailers 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principle amount plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make the schedule repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced, and a benefit payment is recorded based on the terms of the Plan.

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a participant's primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a reasonable rate. Principal and interest are paid through weekly payroll deductions.

Forfeitures: The nonvested portion of terminated participants' accounts plus earnings thereon is forfeited and will be used to reduce the employers' matching contributions or pay administrative expenses. There were no amounts of forfeitures available for future use as of August 1, 2022 and December 31, 2021. During the period ended August 1, 2022, approximately \$18,200 of forfeited accounts were used to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year that the participant contributions are withheld from compensation.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See below for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

LOOK Trailers 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Fair value measurements: Accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in methodology used during the period ended August 1, 2022.

Following are descriptions of the valuation methodologies used for assets measured at fair value:

Shares of pooled separate accounts: Valued at the total of the net asset value (NAV) (as a practical expedient) of shares of underlying investments held by the account at year-end. The Plan's interest in the pooled separate accounts is valued based on the information reported by the investment advisor. This practical expedient is not to be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodology or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

Excess contributions payable: Participant contributions withheld in excess of the participant's deferral rate agreement and the associated employer match are recorded as a liability with a corresponding reduction in contributions.

Subsequent events: The Plan has evaluated subsequent events for potential recognition and/or disclosure through November 8, 2024, the date the financial statements were available to be issued.

Note 3. Information Certified By American United Life Insurance Company (AUL)

The following is a summary of the plan's asset information as of August 1, 2022 and December 31, 2021, and for the period ended August 1, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by AUL, a qualified institution:

	2022	2021
Investments, at fair value:		
Pooled separate accounts	\$ -	\$ 5,576,197

AUL also certified to the completeness and accuracy of notes receivable from participants of \$133,268 and \$69,922 as of August 1, 2022 and December 31, 2021, respectively.

AUL also certified to the completeness and accuracy of \$1,259 of interest income on notes receivable from participants and \$672,481 of net depreciation in the fair value of investments for the period ended August 1, 2022.

Note 4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments measured at fair value	\$ -	\$ -	\$ -	\$ -
Investments measured at NAV				5,576,197
				\$ 5,576,197

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview, by major classification, of the nature and risks associated with such investments as well as whether it is probable those investments being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment Category	Fair Value		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Period Notice
	2022	2021			
Pooled separate accounts	\$ -	\$ 5,576,197	\$ -	Daily	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the period ended August 1, 2022 and year ended December 31, 2021, there were no transfers in or out of Level 3 investments.

LOOK Trailers 401(k) Plan

Notes to Financial Statements

Note 5. Related-Party Transactions

Certain plan investments are managed by AUL. AUL served as trustee of the Plan during the period ended August 1, 2022; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the trustee totaled approximately \$5,400 for the period ended August 1, 2022.

Note 6. Tax Status and Subsequent Event

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated August 19, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

The Plan's administrator has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. With few exceptions, the Plan is not subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2019.

Subsequent to the period ended August 1, 2022, the Plan's Form 5500 Annual Report was filed without the necessary Independent Qualified Public Accountant Report for the period ended August 1, 2022. In connection with this, the DOL rejected the Form 5500 and assessed a penalty to the Plan Sponsor. The Plan Sponsor, with the assistance of legal counsel, is resolving this matter with the DOL to maintain the Plan's tax-exempt status. Any penalty assessed will not impact the Plan's financial statements or assets as any penalties will be paid with the Plan Sponsor's assets.

Note 7. Delinquent Contributions

During the period ended August 1, 2022, year ended December 31, 2021, and year ended December 31, 2020, the Plan Sponsor inadvertently failed to deposit approximately \$239,300, \$65,300 and \$3,000, respectively, of participant contributions and loan repayments within the required time frame as stated by the United States Department of Labor regulations. The Plan sponsor intends to deposit lost earnings to correct this failure in 2024. The Plan sponsor intends to file Form 5330 and intends to pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable, will be made from the Plan sponsor's assets and not from assets of the Plan.

Note 8. Due to Novae LLC 401(k) Retirement Plan and Plan Merger

In April 2022, the Plan Sponsor was acquired by Novae Corporation and the Plan was merged with Novae Corporation 401(k) Retirement Plan (the Surviving Plan) on August 1, 2022. As a result, net assets of \$5,451,888 were transferred to the control of Novae Corporation 401(k) Retirement Plan at August 1, 2022.

Total assets liquidated and transferred to the Surviving Plan as of August 1, 2022, were \$5,219,402. The remaining \$232,486 due to the Surviving Plan is recorded as a liability on the statement of net assets available for benefits as of August 1, 2022, which is comprised of the following items:

Participant receivable	\$ 44,043
Employer contributions	25,605
Other employer contributions	213,235
