Management, having determined it is permissible in the circumstances, has elected to have the audits of American Credit Acceptance LLC 401k Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Credit Acceptance LLC 401k Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2023 Financial Statements.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Credit Acceptance LLC 401k Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Credit Acceptance LLC 401k Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Credit Acceptance LLC 401k Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2023 Supplemental Schedules Required by ERISA

The supplemental schedule of assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

American Credit Acceptance LLC 401k Plan
Notes to Financial Statements
December 31, 2023 and 2022

A. Description of Plan

The following description of the American Credit Acceptance LLC 401k Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

1. General. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers employees of American Credit Acceptance, LLC (the Company) who have met certain eligibility requirements as defined by the Plan. Employees must complete two consecutive months of service and be age 18 or older to be eligible. The Plan Sponsor determines the appropriateness of the Plan's investment options and monitors investment performance.
2. Contributions. Each year, participants may contribute to the Plan through pretax deferrals and/or (post tax) Roth deferrals. Participants are allowed to defer from annual compensation, as defined in the Plan up to the maximum amount allowed by IRS Code sections 402(g) and 415. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company makes safe harbor matching contributions equal to the participant's deferral to the Plan up to 5% of compensation. Additional profit-sharing amounts may be contributed at the discretion of the Company's management. Contributions are subject to certain limitations.
3. Investment Options. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds and a stable value fund as investment options for participants.
4. Participant Accounts. Each participant's account is credited with the participant's contributions, allocations of the Company's contribution, and plan earnings (losses) and is charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
December 31, 2023 and 2022

5. Vesting. Participants are immediately vested in their contributions, the Company's safe harbor contribution, and actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100 percent vested after six years of service.

For vesting in the Company's discretionary contributions, the following vesting schedule is followed:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than two years	0
Two years but less than three years	20
Three years but less than four years	40
Four years but less than five years	60
Five years but less than six years	80
Six or more years	100

Vesting in the Company's discretionary profit-sharing contribution plus actual earnings thereon is based on year of service during which 1,000 hours are worked.

6. Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, in accordance with the provisions of the Plan. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions.
7. Payment of Benefits. Upon termination of service due to death or disability, a participant's account shall be fully vested and nonforfeitable and the surviving spouse or participant may elect to receive the value of the participant's account in a lump-sum payment. Upon termination of service due to retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan document. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS).

8. **Forfeitures.** At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$2,374 and \$162, respectively. These accounts will be used to reduce future Company contributions or pay administrative expenses. During 2023, forfeited amounts of \$465 were used to pay Plan expenses and \$1,332 used towards employer contributions.

B. Summary of Accounting Policies

1. **Basis of Accounting.** The financial statements of the Plan are prepared accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP")
2. **Estimates.** The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.
3. **Investment valuation and income recognition.** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note F for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. **Notes receivable from participants.** Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded when received. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowances for credit losses have been recorded as of December 31, 2023 and 2022.
5. **Payment of Benefits.** Benefits are recorded upon distribution.
6. **Administrative expenses.** The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.
7. **Subsequent events.** The Plan has evaluated subsequent events through October 28, 2024, the date the financial statements were available to be issued.

Notes to Financial Statements
December 31, 2023 and 2022

- C. **Information certified by the Trustee.** Ascensus is the trustee for the plan. The trustee holds the Plan's investment assets and executes investment transactions. Management has determined that Ascensus is a qualified institution and the information prepared and certified by them meets the requirements of ERISA Section 103(a)(3)(C). Certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments for the year ended December 31, 2023, was obtained from information supplied to the Plan administrator by the trustee. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the trustee, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the trustee as of December 31,

	2023	2022
Investments, at Fair Value	\$ 21,909,288	\$ 16,618,099
Notes receivable from participants	421,713	355,954
For the year ended December 31, 2023:		
Net appreciation in fair value of investments	\$ 3,030,124	
Interest and dividends	400,306	
Interest on participant notes receivable	23,512	

- D. **Plan Termination.** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan Termination, participants will become 100 percent vested.
- E. **Tax Status.** The Plan has adopted a prototype plan document, which has obtained an opinion letter dated June 30, 2020 from the Internal Revenue Service which states that prototype document satisfies the applicable provisions of the Internal Revenue Code section 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator believes the Plan was designed and is operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not

American Credit Acceptance LLC 401k Plan
Notes to Financial Statements
December 31, 2023 and 2022

be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

- F. **Risks and Uncertainties.** The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

G. **Fair Value Measurements**

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2023 and 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable Value Fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") per share provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly

American Credit Acceptance LLC 401k Plan
Notes to Financial Statements
December 31, 2023 and 2022

business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The table below segregates all financial assets and liabilities as of December 31, 2023 and 2022 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

December 31, 2023	Fair Value			
	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 20,593,300	\$ 20,593,300	\$ -	\$ -
Total	\$ 20,593,300	\$ 20,593,300	\$ -	\$ -
Investments measured at NAV	1,315,988			
Investments at Fair Value	\$ 21,909,288			

December 31, 2022	Fair Value			
	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 15,326,504	\$ 15,326,504	\$ -	\$ -
Total	\$ 15,326,504	\$ 15,326,504	\$ -	\$ -
Investments measured at NAV	1,291,595			
Investments at Fair Value	\$ 16,618,099			

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan sets forth a summary of the Plan's investments with a reported NAV.

	Fair Value at December 31, 2023	Fair Value at December 31, 2022	Unfunded Commitment s	Other Redemption Restrictions	Redemption Notice Period
Stable Value Funds	\$ 1,315,988	\$ 1,291,595	None	Daily	12

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods

American Credit Acceptance LLC 401k Plan
Notes to Financial Statements
December 31, 2023 and 2022

are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

H. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Ascensus Trust Company. Ascensus Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$74,226 for the year ended December 31, 2023. The fees are deducted from participants' account and presented net of investment gain or loss.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

I. Reconciliation of Financial Statements to Schedule H of Form 5500:

The following is a reconciliation of net assets available for benefits per Form 5500 to net assets available for benefits per financial statements at December 31, 2023.
