INDEPENDENT AUDITORS' REPORT

To the Trustees of
Aspect Consulting, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Aspect Consulting, LLC 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audits"). The financial statements comprise the statements of net assets available for benefits as of January 1, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the one-day period ended January 1, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier ("qualified institution") in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of January 1, 2024 and December 31, 2023, and for the one-day period ended January 1, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, the Plan was merged into the Geosyntec Consultants, Inc. and Subsidiaries 401(k) Retirement Plan effective January 1, 2024. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decision of users made on the basis of these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

To the Trustees of
Aspect Consulting, LLC 401(k) Profit Sharing Plan

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

ASPECT CONSULTING, LLC 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

January 1, 2024 and December 31, 2023

1. Description of Plan

The following description of the Aspect Consulting, LLC 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Aspect Consulting, LLC (the “Company” and “Plan Sponsor”) on January 1, 2002, and was most recently restated effective January 1, 2022. The Plan is a defined contribution profit sharing plan covering all eligible employees of the Company. Employees can enroll in the Plan on the first of the month after meeting eligibility requirements. Employees are eligible to participate in the Plan once they have completed six months, 700 hours of service, and have attained age 21, and are not leased employees, non-resident aliens, or union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

Plan Merger

The Company approved a merger of the Plan. As a result of the merger, all Plan assets in the amount of \$19,105,073 were transferred to the Geosyntec Consultants, Inc. and Subsidiaries 401(k) Retirement Plan as of January 1, 2024.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Empower Annuity Insurance Company of America and Empower Trust Company, LLC dba Empower Retirement (“Empower”) were the appointed custodians for the Plan for the one-day period ended January 1, 2024 and for the year ended December 31, 2023, and acted at the direction of the Plan’s administrator.

Contributions

The Plan includes automatic enrollment for all employees, which will commence 30 days after eligibility, unless they affirmatively elect not to participate in the Plan. Deferral contributions for employees entered under the automatic enrollment start at 3% and are increased annually by 1% to a maximum deferral contribution of 10%. Each participant may elect to contribute up to 100% of their eligible compensation to the Plan, subject to the maximum allowed under the IRC. Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions. The amount deferred can be a pre-tax, after-tax Roth contribution, or a combination of both. The pre-tax deferral is not subject to income tax until it is actually distributed to the participant; however, it is subject to Social Security tax at the time of deferral. Roth contributions are subject to income taxes at the time of deferral and are not taxed when distributed; earnings thereon are taxed when distributed, unless the distribution is qualified. Participants may also contribute amounts representing rollover distributions from other IRC qualified retirement plans.

The Plan Sponsor contributes and allocates to each eligible employee safe harbor contributions. The Plan also provides for discretionary profit-sharing contributions.

There were no participant or Plan Sponsor contributions for the one-day period ended January 1, 2024.

NOTES TO FINANCIAL STATEMENTS

January 1, 2024 and December 31, 2023

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers from other qualified plans Company matching contributions, as well as an allocation of the Company's profit-sharing contribution (if any), and Plan earnings or losses. Participants are charged with an allocation of some administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their 401(k) deferrals, rollover contributions, safe harbor contributions, profit-sharing contributions and the actual earnings thereon. Vesting of employer matching contributions is based on years of service. After one year of service, employees become 25% vested in employer matching contributions. Vesting then occurs in annual increments of 25%, such that participants are fully vested after four years of service. Participants shall also become 100% vested in other employer contributions upon attainment of normal retirement age (65 years), death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000. Loans may not exceed 50% of the participant's vested account balance. The loans are secured by the vested balance in the participant's account. The interest rate is the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated plus 1%. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single or partial lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, upon becoming disabled, having a hardship, are on active duty for a period of at least 30 days, or is classified as a qualified reservist. In-service withdrawals may be taken from all vested accounts, with the exception of hardships, and in-service withdrawals from those classified as active duty or qualified reservists, with such withdrawals only permitted to be taken from salary deferrals. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under \$5,000 will be made as soon as possible. In the event of a mandatory distribution of \$5,000, or less if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan's administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan's administrator.

NOTES TO FINANCIAL STATEMENTS

January 1, 2024 and December 31, 2023

1. Description of Plan, continued

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in percentage increments into a series of mutual funds and an investment contract offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures are the non-vested portions of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and may be used to pay administrative expenses of the Plan or to reduce future employer contributions to the Plan. Unused forfeitures were \$0 and \$1,892 as of January 1, 2024 and December 31, 2023, respectively. No forfeitures were used for the one-day period ended January 1, 2024.

Plan Administrative Costs

The costs of administering the Plan are paid in part from the assets of the Plan and in part by the employer.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities, and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. The fully benefit-responsive investment contract is reported at contract value. Net appreciation or depreciation in the value of investments is the calculated difference between the year-end estimated values and the purchase prices or, if more recent, the beginning of the year estimated values. Purchases and sales of securities are recorded on a trade-date basis. Should the contract with Empower be terminated, surrender charges or adjustments could affect the contractual value.

Payment of Benefits

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

January 1, 2024 and December 31, 2023

3. Certified Information

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the custodians, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, as of January 1, 2024 and December 31, 2023, and for the one-day period ended January 1, 2024:

	2024	2023
Investments, at fair value	\$ -	\$ 18,544,951
Investments, at contract value	\$ -	\$ 129,862
Participant notes receivable	\$ -	\$ 28,496
Interest and dividend income	\$ 9	N/A
Net appreciation in fair value of investments	\$ 113	N/A

4. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

January 1, 2024 and December 31, 2023

4. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of January 1, 2024 and December 31, 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments at fair value as of January 1, 2024. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,544,951	\$ -	\$ -	\$ 18,544,951

5. Investment Contract

The Plan held a guaranteed investment contract with Empower as of December 31, 2023. Empower reserves the right to adjust the fixed or stated rate of return prospectively during the term of the contract or agreement. A market value adjustment may apply to amounts withdrawn at the request of the contract holder, but at no point will the guaranteed rate fall below 0%. The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to Plan's prohibition on competing investment options; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan's administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract value was \$0 and \$129,862 as of January 1, 2024 and December 31, 2023, respectively.

6. Related-Party and Party-in-Interest Transactions

The Plan's investment in a guaranteed investment contract is managed by Empower, the custodian of the Plan. Any purchases and sales of this investment is performed in the open market at contract value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Related party transactions include normal participation in the Plan by employee-officers.

ASPECT CONSULTING, LLC 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

January 1, 2024 and December 31, 2023

7. Tax Status

The Plan operates under the provisions of a volume submitter plan maintained by Hunnex and Shoemaker. The Internal Revenue Service has issued an opinion letter dated June 30, 2020 that the Plan is designed in accordance with applicable sections of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended since receiving the determination letter. However, the Plan's administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Under Financial Accounting Standards Board Accounting Standards Codification 740, *Income Taxes*, the Plan is required to report benefits arising from uncertain tax positions. If it is probable that an uncertain tax position will result in a material liability and the amount of the liability can be estimated, then the estimated liability is accrued. If the Plan were to incur any income tax liability in the future, interest on any income tax liability would be reported as interest expense, and penalties on any income tax would be reported as income taxes. The open tax years still subject to examination by the taxing authorities is based on the applicable statute of limitations. As of January 1, 2024, no uncertain tax positions existed.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in all accounts.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2023, the Plan was invested in two mutual funds that represented 25% of total net assets available for benefits. The Plan had no investment assets as of January 1, 2024.

10. Subsequent Events

The Company evaluated subsequent events for recognition and disclosure through November 15, 2024, the date which these financial statements were available to be issued. Management concluded that no material subsequent events have occurred since January 1, 2024 that require recognition or disclosure in these financial statements.
