WIPFLI

Independent Auditor's Report

To the Plan Administrator
Advanced Circuits, Inc. Retirement Savings Plan
Aurora, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Advanced Circuits, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period beginning January 1, 2024 ending January 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Advanced Circuits, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 31, 2024 and December 31, 2023, and for the period ended January 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Advanced Circuits, Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Circuits, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advanced Circuits, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advanced Circuits, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

Note 1: Plan Description

The following description of Advanced Circuits, Inc. Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan covering all eligible employees of Advanced Circuits, Inc. (the "Company") who had attained the age of 21 and had completed one year and 1,000 hours of service. An employee must have participated in the Plan in order to receive the Company's Safe Harbor matching and discretionary profit sharing contributions. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Company was the plan administrator and was responsible for oversight of the Plan. Fidelity Management Trust Company ("Fidelity") was the trustee. Fidelity and Fidelity Investments Institutional ("Fidelity Investments") provided third party administration and recordkeeping services. The 401(k) Plan Advisory Committee determined the appropriateness of the Plan's investment offerings and monitored investment performance.

Plan Termination

During the period ended December 31, 2023, the Company was acquired by APCT, and management elected to terminate the Plan and took formal action to terminate the Plan. All participants moved to the APCT Plan effective January 1, 2024 and the Plan formally terminated on January 31, 2024.

Contributions

Each period, participants were able to contribute up to the lesser of 90% of compensation or the amount allowed by law of annual compensation, as defined in the Plan, on a pre-tax basis. Deferral contributions were not exceed certain limits set forth by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan period were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified defined benefit or contribution plan (rollovers). The Company made Safe Harbor matching contributions equal to 100% of the first 3% of participant deferrals, plus 50% of the next 2% of participant deferrals. The Company was also able to make profit sharing contributions equal to a percentage of each participant's contributions. During the period ended January 31, 2024, the Company did not make any contributions to the Plan.

Note 1: Plan Description (Continued)

Participant Accounts

Each participant's account was credited with the participant's contributions, Company contributions, allocations of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled was the benefit that was provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions and Company Safe Harbor matching and discretionary profit sharing contributions, plus actual earnings thereon.

Effective January 1, 2024, the Plan was terminated and began liquidation of participant account balances. Participants were already 100% vested in their Company contributions, therefore the termination event did not impact vesting.

Investment Options

Participants directed the investment of their contributions into various investment options offered by the Plan. The Plan offered various mutual funds and a stable value fund as investment options for participants. Participants were able to change their investment options at any time.

Notes Receivable From Participants

The Plan did not permit participant loans.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant was able to elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as required by minimum distribution rules. For termination of service due to other reasons, a participant was able to receive the value of the vested interest in his or her account as a lump-sum distribution. Hardship withdrawals were available if the participant meets certain criteria.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

Investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determined the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments bought and sold, as well as held, during the period.

Payment of Benefits

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and were excluded from these financial statements. Fees related to the administration of distributions were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net change in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through November 15, 2024, which is the date the financial statements were available to be issued. Subsequent to period-end and effective January 31, 2024, the Plan closed and merged into the APCT, Inc 401(k) Plan. See Note 6 for further disclosures.

Note 3: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments held at January 31, 2024 and December 31, 2023, and net depreciation in fair value of investments, and interest and dividends for the period ended January 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity, the trustee.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of January 31, 2024 and December 31, 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan were open-end funds that were registered with the U.S. Securities and Exchange Commission. These funds were required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The stable value fund is a collective instrument trust for which NAV is based on the underlying investment contracts. The fund's unit price is quoted on a private market that is not active; however, the unit price is based on discounted cash flows using prevailing interpolated yield curves for conventional guaranteed investment contracts, the quoted prices of underlying assets for synthetic investment contracts, and amortized cost for short-term securities.

Note 4: Fair Value Measurements (Continued)

The following table set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023. There was no balance as of January 31, 2024 to classify as all investments were transferred out of the Plan. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 12,620,149	\$ -	-	\$ 12,620,149
Stable Value Fund	-	794,498	-	794,498
Total Investment Assets in the Fair Value Hierarchy	\$ 12,620,149	\$ 794,498	\$ -	\$ 13,414,647

Note 5: Related Party and Party-in-Interest Transactions

Fidelity was the trustee, Fidelity Investments was the recordkeeper, ABG Consultants LLC was the Plan advisor, and Wipfli, LLP prepares the ERISA Section 103(a)(3)(C) audit of the Plan, therefore, transactions with these companies qualify as related party and party-in-interest transactions. Certain plan investments were managed by Fidelity. Fees incurred by the Plan for the investment management services were included in net change in fair value of investments as they were paid through revenue sharing rather than a direct payment. For the period ended January 31, 2024, the Plan made \$8,634 as direct payments to these parties-in-interest, which were not covered by revenue sharing. The plan sponsor paid directly any other fees related to the Plan's operations.

Note 6: Plan Termination

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

The Company was acquired by APCT, Inc. on February 14, 2023. On December 8, 2023, the Plan formally decided to terminate the plan. During the period ended January 31, 2024, the Plan transferred its investments into the APCT, Inc 401(k) Plan and/or distributed benefits to participants and beneficiaries in a lump sum payment.

Notes to Financial Statements

Note 7: Tax Status

The Plan utilized a volume-submitter plan which obtained a favorable determination letter from the IRS dated June 30, 2020, stating that the prototype plan was qualified under the applicable sections of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan had taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator had analyzed the tax positions taken by the Plan and had concluded that, as of January 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

Note 8: Risks and Uncertainties

The Plan invested in various investment securities. Investment securities were exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
