Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified (2) ☐ Qualified (3) ☒ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **RSM US LLP**

(2) EIN: **42-0714325**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

Plan Administrator
Brooklyn Law School Defined Contribution
and Tax Deferred Annuity Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Brooklyn Law School Defined Contribution and Tax Deferred Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 6 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Emphasis of Matter—Investments

As discussed in Note 4, the financial statements include an investment representing 22% and 23% of total assets as of December 31, 2023 and 2022, respectively, whose fair value has been estimated using unobservable inputs in the absence of readily ascertainable fair values. Our disclaimer of opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Brooklyn Law School Defined Contribution and Tax Deferred Annuity Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Brooklyn Law School Defined Contribution and Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, including definitions of key terms. The Plan utilizes TIAA and CREF as its record keeper and custodian.

General and eligibility: The Plan is a defined contribution plan covering all employees of the Brooklyn Law School (Law School) except leased and emeriti employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan Administrator is responsible for oversight of the Plan.

Contributions: Eligible participants may make elective deferrals upon hire. Upon eligibility, mandatory pre-tax contributions of 2.5% of eligible compensation are required for employees who have attained age 21 and completed two years of service with the Law School or any other not-for-profit organization. These contributions are subject to certain Internal Revenue Service (IRS) limitations. The Law School will make a contribution of 10% of the participant's eligible compensation up to \$120,000, and 7.5% of compensation in excess of \$120,000. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Additional qualified non-elective amounts may be contributed by the employer at the discretion of the Law School. No such additional qualified non-elective contributions were made for the years ended December 31, 2023 and 2022.

The Plan was amended effective January 1, 2023, to include Roth deferrals as part of its Pre-Tax elective deferrals.

Participant accounts: Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contributions, allocations of the Law School's contributions and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

Fund managers' fees are charged to participants' accounts as a reduction of the return earned on each investment option.

Vesting: Employee contributions, the Law School's contributions and earnings thereon are fully and immediately vested. As such, there were no forfeited non-vested accounts at December 31, 2023 or 2022.

Brooklyn Law School Defined Contribution and Tax Deferred Annuity Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Plan loans: Until December 31, 2021, participants may borrow a loan from TIAA and CREF using a portion of their plan account as collateral for the loan. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 45% of their account balance. The loans bear interest at rates that range from 4% to 5%, which are commensurate with the Federal Reserve Board Bank prime loan rate plus 1% at the time of the loan origination. Principal and interest is paid ratably monthly or quarterly through ACH transfers by the participant to TIAA and CREF. The Plan Administrator has concluded that these loans are not plan assets and that such arrangements are exempt transactions. The balances as of December 31, 2023 and 2022, are \$33,877 and \$40,962, respectively. Under the borrowing terms, \$37,264 and \$45,058 of plan assets serve as collateral for these loans, respectively. In the event of default, such loans are reportable to plan participants as taxable income but remain outstanding and continue to accrue interest until repaid by the plan participant or the participant becomes eligible to receive a distribution under the terms of the Plan.

As of December 31, 2023 and 2022, loans in default amount to \$0 and \$3,533, respectively. Such amount includes the principal and accumulated interest.

Notes receivable from participants: Effective December 31, 2021, participants may borrow directly from their account in an amount up to the lesser of 50% of the value of the participant's nonforfeitable account balance or \$50,000. These loans are secured by the balance in the participant account. The Plan Administrator will fix the term for repayment of any loan; however, in no instance may the term of repayment be greater than five years unless the loan qualifies as a home loan. A "home loan" is a loan used to acquire a dwelling unit that, within a reasonable time, will be used as a principal residence. Interest rate is fixed at the time of issuance and is based on the Federal Reserve Board Bank prime loan rate plus one percent. Loans outstanding at December 31, 2023, bear interest at rate ranging from 4.25% to 9.5% and mature through 2028.

Notes receivable from participants are reported in the accompanying financial statements.

Payment of benefits: Upon termination of service, retirement, death or total permanent disability, a participant may elect to receive a distribution of his or her entire accumulated plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59½. Participants may also elect in-service withdrawals of their elective deferral account balances and their Law School contributions in their annuity contracts in the case of a hardship. Rollover account balances may be withdrawn at any time, provided the rollover contributions have been properly segregated.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The Plan's financial statements are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Brooklyn Law School Defined Contribution and Tax Deferred Annuity Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Certain TIAA Traditional Annuity contract types, including the Supplemental Retirement Annuities and Group Supplemental Retirement Annuities, are fully benefit-responsive and report at contract value. Retirement Annuities are not fully benefit-responsive and are reported at fair value. See Note 3 for further discussion of these contracts.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value unless contract value is the applicable measurement. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan and are included in administrative expenses.

On a quarterly basis, the Plan receives revenue credits from TIAA, which represents excess revenue generated that is returned to the Plan by TIAA. These funds may be used to pay for reasonable and necessary expenses for the plan and can also be used to provide plan servicing credits to participants. During the year ended December 31, 2023, the Plan received \$124,089, net of adjustments in revenue credits, which are included in other income on the statement of changes in net assets available for benefits, allocated to participants \$127,716 and used \$70,410 to pay plan expenses. As of December 31, 2023 and 2022, revenue credits total \$69,458 and \$143,495, respectively. The remaining balance as of December 31, 2023, will be used to pay plan expenses or be allocated to participants in accordance with the terms of the agreement.

On a quarterly basis, the plan receives servicing fees income from TIAA, which for plan year 2023 is \$35,068 and included in other income on the statement of changes in net assets available for benefits. That income was utilized to reduce plan fees.

Note 3. TIAA Traditional Annuity

The Plan invests in fixed annuity investment contracts with TIAA and CREF. TIAA and CREF maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the fixed annuity investment contract buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

Brooklyn Law School Defined Contribution and Tax Deferred Annuity Plan

Notes to Financial Statements

Note 3. TIAA Traditional Annuity (Continued)

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed sub-account of the guaranteed investment contracts. These contracts are included in the financial statements at contract value, as reported to the Plan by TIAA and CREF. Contract value represents contributions made under the contract, plus earnings, less charges for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but as of December 31, 2023 and 2022, it may not be less than 3%. The rate credited to participants during the years ended December 31, 2023 and 2022, was 4.85% and 4.24%, respectively. Such interest rates are reviewed on an ongoing basis and revised as necessary.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The TIAA Stable Value Contract held by the Plan has been determined to be fully benefit-responsive. This contract is included in the financial statements at contract value as reported to the Plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2023 and 2022, were \$998,933 and \$1,325,129, respectively.

The TIAA Traditional Benefit Responsive Contract held by the Plan has been determined to be fully benefit-responsive. This contract is included in the financial statements at contract value as reported to the Plan by TIAA. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2023 and 2022, were \$20,781,791 and \$20,848,674, respectively.

The TIAA Traditional Non-Benefit Responsive investment held by the Plan has been determined to be not fully benefit-responsive due to liquidity restrictions on participant withdrawals and transfers. Therefore, fair value is the relevant measure attribute for that portion of the net asset available for benefits. The Plan's investments in the TIAA Traditional Non-Benefit Responsive is included in the financial statements at fair value as reported by TIAA and CREF, which approximates contract value for this investment at December 31, 2023 and 2022. Participants are permitted to transfer funds between their CREF variable annuity and pooled separate accounts and into their TIAA and CREF Traditional Non-Benefit Responsive account at any time. However, transfers out of the TIAA and CREF Traditional Non-Benefit Responsive account into any CREF account held by an active participant can only be made through a Transfer Payout Annuity, which provides for the transfer of funds in substantially equal installments over a period of 10 years.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Notes to Financial Statements

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- The fair values of units held by the Plan in mutual funds are valued using the quoted net asset value (NAV) of shares held by the Plan at year-end. The NAV price is reported daily and readily determinable and is classified within Level 1 of the valuation hierarchy.
- The fair value of accumulation units held by the Plan in CREF accounts (registered investment companies) are based on each account's daily NAV, which is considered by plan management to be fair value. CREF accounts are not exchange traded. Data for NAVs are available daily to plan administrators and client investors on TIAA and CREF's website, and provides sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts. The NAV price is reported daily and readily determinable and is classified within Level 1 of the valuation hierarchy.

Brooklyn Law School Defined Contribution and Tax Deferred Annuity Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- The fair value of the Plan's interest in the TIAA Real Estate Account (a pooled separate account) is based on the fund's daily NAV, which is considered by plan management to be fair value. The unit value of the fund is calculated daily and available to plan administrators and client investors on TIAA and CREF's website. Underlying holdings are primarily valued using independent appraisals or independent pricing sources. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA general account provides the fund with a liquidity guarantee whereby TIAA ensures that the fund has funds available to meet participant redemption, transfer or cash withdrawal requests. There are no unfunded commitments from participants in the Plan who invest in this account. The NAV price is reported daily and readily determinable and is classified within Level 1 of the valuation hierarchy.
- The TIAA Traditional Non-Benefit Responsive investment is reported at contract value, which approximates fair value (see Note 3). This determination is based on TIAA's credit rating and yield during 2023 and 2022 being comparable to similar alternative investments and the interest rate being comparable to a 10-year treasury bond.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Assets at Fair Value as of December 31, 2023

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no transfers in or out of Level 3.

Note 4. Fair Value Measurements (Continued)

The following table summarizes the fair value techniques used to value investments categorized as Level 3:

Type	Fair Value December 31		Principal Valuation Technique	Significant Unobservable Inputs	Range of Significant Input Values
	2023	2022			
TIAA Traditional Non-Benefit Responsive	\$ 38,278,713	\$ 37,508,057	Discounted cash flows Theoretical transfer (exit value)	Risk—adjusted discount rate applied	3.25% - 6%

Note 5. Information Certified by TIAA and CREF

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the investment issuer and custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the investment issuer and custodian that information provided to the Plan Administrator by the investment issuer and custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets.

	2023	2022
Investments, at fair value	\$ 154,745,002	\$ 139,297,129
Investments, at contract value	21,780,724	22,173,803
Notes receivable from participants	152,083	113,257
	<u>\$ 176,677,809</u>	<u>\$ 161,584,189</u>

Investments at contract value include the TIAA Traditional Benefit Responsive contract and TIAA Stable Value Fund that TIAA and CREF certifies at contract value, which approximates fair value (see Note 3). TIAA and CREF also certified to the completeness and accuracy of \$1,115,504 of dividends, \$159,908 of other income and \$19,786,618 of net appreciation in fair value of investments and \$6,829 in interest income from notes receivable from participants for the year ended December 31, 2023.

Note 6. Excluded Contracts

Plan records prior to January 1, 2009: Prior to the issuance of IRS 2007 Final Regulations, which reflected legislative changes to Code section 403(b), the Third-Party Administrator (TIAA CREF) accounted for the Plan's financial information at the participant level. Thus, certain annuity and custodial accounts that may have been issued to current and former employees prior to January 1, 2008, including any investment income and distributions related to these accounts, may have been excluded from these financial statements, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The amount of these excluded annuity and custodial accounts and the related income and distributions is not determinable.

Notes to Financial Statements

Note 7. Related-Party Transactions and Party-in-Interest Transactions

Plan investments include investment contracts, registered investment companies, a pooled separate account and shares of mutual funds managed by the investment issuer and custodian. Transactions with respect to these investments are considered party-in-interest transactions for which statutory exemption exists. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Law School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 9. Tax Status

The Plan adopted a volume submitter plan of TIAA. TIAA requested that the IRS provide an opinion related to the acceptability of the volume submitter plan under Section 403 of the Internal Revenue Code (IRC) and received a favorable opinion dated August 7, 2017. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, and for the year ended December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan held 34% and 37% of the Plan's investments in TIAA guaranteed investment contracts at December 31, 2023 and 2022, respectively. As such, this is considered to be a concentration of credit risk.

Note 11. Subsequent Events

The Plan Administrator has evaluated events and transactions through November 15, 2024, the date the financial statements were available to be issued.
