Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mayo Fertilizer, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and

disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and access the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mayo Fertilizer, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mayo Fertilizer, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Statements of Assets Held for Investment Purposes is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MAYO FERTILIZER, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN**

The following description of the Mayo Fertilizer, Inc. (the “Company” or “Plan Sponsor”) 401(k) Plan (the “Plan”) provides only general information. The Plan was established on January 1, 2013. The Plan was amended on June 22, 2022. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan (401(k)) covering all full-time employees who have completed one year of service and are age twenty-one or older. A year of service is defined as 1,000 hours of service. The Plan is a defined contribution volume submitted plan and trust. It is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants generally may elect to defer a portion of their annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also contribute amounts on an after-tax basis (Roth 401(k) deferrals).

The Company may make discretionary matching contributions equal to a uniform percentage of participant salary reductions. The Company may also elect to make “safe harbor” contributions but is under no obligation to do so. The “safe harbor” contribution is equal to 3% of total eligible compensation for the Plan year plus 50% of salary deferrals between 3% and 5% of eligible compensation. If the Company elects to satisfy the “safe harbor”, then the discretionary matching contribution will not exceed 4% of compensation. The Company may also make discretionary profit-sharing contributions.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan’s investment options include mutual funds and money market funds as investment options for participants.

MAYO FERTILIZER, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN** – (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings or losses. Additionally, each participant account is charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also 100% vested in the Company's "safe harbor" contributions and qualified non-elective contributions contributed to the Plan. Vesting in the Company's match and profit-sharing portion of their accounts plus actual earnings thereon is based on years of continuous service. A year of service is based on 1,000 hours of service in a particular Plan year. A participant is 100% vested after five years of credited service. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
2	20
3	40
4	60
5	80
6 or more	100

Distributions

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount as provided by the Plan. In-service distributions, as provided by the Plan, may be made upon demonstration of financial hardship, disability, or after participants reach the age of 59.5 years.

Hardship Distributions

The Plan does not allow for hardship distributions.

MAYO FERTILIZER, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN** – (Continued)

Forfeited Accounts

For the years ended December 31, 2023 and 2022, there was \$5,735 and \$1,087 of forfeited non-vested accounts, respectively. These accounts are used to reduce administrative expenses or employer contributions to the Plan. The unallocated forfeiture account balances were \$13,667 and \$7,885 as of December 31, 2023 and 2022, respectively.

Participant Loans

The Plan does not allow for participant loans.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Valuation

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate fluctuations, market changes and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative and investment management expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account. Fees associated with the audit for the Plan were paid by the Plan Sponsor and are not included in expenses in these financial statements. During the years ended December 31, 2023 and 2022, expenses and fees were \$17,396 and \$14,099, respectively.

3. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

MAYO FERTILIZER, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

4. **TAX STATUS**

The Plan's volume submitter practitioner submitted a volume submitter Plan document to the Revenue Service (the "IRS") in which the Plan is utilizing. The IRS has determined and the Plan's volume submitter practitioner by a letter dated June 30, 2020 that the volume submitter Plan document was designed in accordance with the applicable section of the Internal Revenue Code (the "IRC"). Subsequently, the Plan has been amended on June 22, 2022. The Plan Administrator believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The tax years 2020, 2021, 2022, and 2023 are subject to examination.

5. **CONCENTRATION OF CREDIT RISK**

Contributions receivable from Plan participants as of December 31, 2023 and 2022 were \$0. Contributions receivable from the Plan Sponsor as of December 31, 2023 and 2022 were \$202,310 and \$203,282, respectively.

6. **FAIR VALUE MEASUREMENTS**

Fair value as defined under generally accepted accounting principles ("GAAP") is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value.

6. **FAIR VALUE MEASUREMENTS** – (Continued)

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets for identical assets that the Plan has the ability to access at the measurement date.
- Level 2: Inputs other than quoted prices within Level 1 that are observable for valuing the asset or liability, either directly or indirectly. Observable inputs include quoted prices for similar assets or liabilities in active or non-active markets. Level 2 may also include insignificant adjustments to market observable inputs.
- Level 3: Unobservable inputs used for valuing the asset or liability. Unobservable inputs are those that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset, based on the best information available in the circumstances.

The following is a description of the valuation methodologies used for assets measured at fair values.

Pooled separate accounts: Unit value calculated based upon the observable net asset value of the underlying investment.

There have been no changes in the methodologies used at December 31, 2023.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

7. FIXED ACCOUNT

The Plan obtained a fully benefit-responsive separate account guaranteed interest contract (“SAGIC”) with Massachusetts Mutual Life Insurance Company (“Mass Mutual”). Mass Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was \$22,794 and \$14,586, respectively. The crediting interest rate is based on a formula agreed upon with the Company. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan’s ability to transact at contract value with Mass Mutual. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provision, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the Sponsor to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan’s investment guidelines, (b) a material amendment to the Plan contract without the Sponsor’s consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with Plan participants or the Sponsor are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS

8. **SUBSEQUENT EVENTS**

The date to which events occurring after December 31, 2023, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is October 15, 2024, which is the date on which the financial statements were available to be issued.

9. **PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are units of a fixed account managed by MassMutual Life Insurance Company ("MassMutual"). MassMutual transactions qualify as party-in-interest transactions and have been identified as such within the supplemental information.

Certain Plan investments are managed by MassMutual. It is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

During the years ended December 31, 2023 and 2022, MassMutual, Great-West Life & Annuity Insurance, Merrill Lynch Pierce Fenner & Smith, Empower Annuity Insurance Company and Janet A Panebianco, CPA, PLLC, received advisory fees and/or administrative fees. Fees paid for these services are included in the Plan expense. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

10. **CERTIFIED INVESTMENTS**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2023 and 2022, including investment information related to the 401(k) account (see Note 6), that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodian of the Plan.
