Report of Independent Auditors

The Retirement Plan Committee of
Fremont Group Retirement Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Fremont Group Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Fremont Group Retirement Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fremont Group Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fremont Group Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Fremont Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fremont Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Fremont Group Retirement Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Fremont Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description, as amended, for a more complete description of Plan provisions.

General – The Plan is a defined contribution plan covering eligible employees of Fremont Group Management, L.L.C. (the Company) and eligible employees employed by its related company, Fremont Investors, Inc.

All salaried employees are eligible to participate in the Plan except for minor limitations defined in the Plan document. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as plan administrator. The Charles Schwab Trust Bank is the trustee and Schwab Retirement Plan Services, Inc. is the record keeper for the Plan.

Eligibility – Eligible employees of the Company are entitled to participate in the Plan immediately upon hire. Employees are eligible to receive employer contributions during the first full payroll period after one year of service. Effective January 1, 2023, employees are eligible to receive employer contributions immediately upon hire and entry into the Plan.

Contributions

Salary deferral contributions – Participants may contribute up to 50% of compensation subject to regulatory limitations. A separate election up to a maximum of 100% of participants annual bonus may be contributed. Catch up contributions (participants that reach age 50 before the end of the plan year) and rollover contributions may be permitted from another retirement plan.

Employer contributions – The Company may make a non-safe harbor matching contribution for any allocation period equal to a discretionary percentage of each participant's elective deferrals, not to exceed 5% of eligible compensation. The Company may also make a discretionary non-safe harbor nonelective contribution. For the year ended December 31, 2023, the Company made non-safe harbor matching and discretionary non-safe harbor nonelective contributions of \$1,783,035 and \$881,937, respectively.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions, plan earnings or losses and Company contributions. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their aggregate value of contributions and employer contributions and net earnings.

Notes receivable from participants – Loans to participants are not permitted.

Fremont Group Retirement Plan

Notes to Financial Statements

Payment of benefits – Upon termination of employment, a participant may elect to receive either a lump sum or transfer their balance to a qualified retirement plan. Mandatory cash out distributions are permitted when a participant's vested balance is less than \$5,000.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 18, 2024, which is the date the financial statements were available to be issued.

Fremont Group Retirement Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 –Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 –Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 –Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2023 and 2022.

Registered investment companies (mutual funds and money market funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are valued based on readily determinable market prices.

Interest bearing cash (certificates of deposit or money market accounts) – Certificates of deposit are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fremont Group Retirement Plan

Notes to Financial Statements

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2023 and 2022:

Fair Value Measurement at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$74,778,572	\$ -	\$ -	\$74,778,572
Money market account	2,197,609	-	-	2,197,609
Self-directed brokerage accounts	10,573,328	-	-	10,573,328
Investments at fair value	<u>\$87,549,509</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$87,549,509</u>

Fair Value Measurement at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$64,367,306	\$ -	\$ -	\$64,367,306
Money market account	2,010,703	-	-	2,010,703

Investments at fair value	<u>\$75,239,770</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$75,239,770</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 4 – Tax Status

The Plan document is a nonstandardized pre-approved profit-sharing plan that received a favorable opinion letter from the Internal Revenue Service on September 21, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Fremont Group Retirement Plan

Notes to Financial Statements

Note 6 – Party-In-Interest Transactions

Certain Plan investments are managed by Charles Schwab & Co., Inc. Charles Schwab Bank is the custodian of the Plan and an affiliate of Charles Schwab & Co., Inc. and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management and record keeping services to Charles Schwab & Co., Inc. were \$81,691 for the year ended December 31, 2023.

Note 7 – Plan Termination
