INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
Retirement Income Plan for
the Employees of the National Urban League, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Retirement Income Plan for the Employees of the National Urban League, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Trust Company and Equitable, qualified institutions, as of December 31, 2023 and 2022 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

80 Pine Street
New York, NY 10005
T +1 212 709 4500
F +1 212 709 4680
mitchelltitus.com

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 and the supplemental schedule of reportable transactions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis-of-Matter - Plan Termination

As further discussed in Notes 2 and 8 to the financial statements, the Plan Sponsor, the National Urban League, elected to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis used in presenting the financial statements as of December 31, 2023 and 2022 and for the years then ended. Our opinion is not modified with respect to this matter.

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Retirement Income Plan for the Employees of the National Urban League, Inc. (the Plan) provides general information about the Plan's provisions. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies may be obtained from the Plan Sponsor.

General

The Plan is a defined benefit plan sponsored and administered by the National Urban League, Inc. (the League). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Benefits

Retirement benefits are provided for the League's qualified employees. Normal retirement benefits are payable on the first of the month following attainment of age 65 if hired before January 1, 1988, otherwise on the later of age 65 or the fifth anniversary of participation in the Plan. Benefits under the Plan are disbursed as directed by the League and are payable as follows:

1. Plan benefits consist of the greater of: (a) and (b) below, reduced by the actuarial equivalent of the participant's benefit under the Retirement Accumulation Plan for Employees of the National Urban League, but not less than the accrued benefit under the Plan as of March 31, 2002:
 - (a) 2% of final average earnings, less 0.6048% of final average earnings; or \$10,000, if less, times the years of benefit accrual service up to 25 years.
 - (b) 2% of final average earnings for each of the first 25 years of benefit accrual service plus 1.5% of final average earnings for each of the next 10 years, less 0.425% of final average earnings on covered compensation at retirement, if less, times the years of benefit accrual service not to exceed 35 years. The offset is reduced to 0.375% and 0.325% for members whose Social Security retirement age is 66 or 67, respectively.
2. Plan participants are immediately vested in their employee contributions made prior to January 1, 1989, plus actual earnings thereon, and are 100% vested in employer-provided benefits after five years of vested service.
3. Benefits are payable as early as age 55 with the completion of five years of vesting service. The normal retirement benefits, based on years of service up to the retirement date, are reduced by 0.5% for each month that payments begin before age 65.

Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

NOTE 1 DESCRIPTION OF THE PLAN *(continued)*

Plan Benefits *(continued)*

4. If a participant dies before retirement, the minimum death benefit is the participant's contributions accumulated with interest. The Plan allows for the surviving spouse to receive reduced lifetime benefits provided the participant had previously elected that option. After retirement, the standard form of benefit for a married member is an actuarially reduced joint and 1/2 survivor benefit. For a single member, the normal form of benefit is a modified cash refund annuity.

Eligibility

Employees are eligible for participation in the Plan on the first day of the month after reaching age 21 and completing one year of service. Effective April 1, 2002, new participants are not allowed to enter the Plan.

Plan Administration

Principal Trust Company (Principal or the Trustee) serves as the trustee and investment manager for the Plan's investments held in separate accounts. The Plan also maintains an unallocated insurance contract with Equitable (the Carrier).

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP). As discussed in Note 8, the Plan Sponsor elected to terminate the Plan with an effective termination date of December 31, 2021. As a result, the Plan's financial statements as of December 31, 2023 and 2022 and for the years then ended have been prepared on the liquidation basis, in accordance with U.S. GAAP. This basis of accounting is considered appropriate when, among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts. The estimated net realizable cash value for investments as of December 31, 2023 and 2022 would be fair value. There were no material changes to these financial statements as a result of the change under the liquidation basis of accounting.

**RETIREMENT INCOME PLAN FOR
THE EMPLOYEES OF THE NATIONAL URBAN LEAGUE, INC.**
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*i.e.*, an exit price). See Note 5 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains or losses on investments bought, sold, and held during the year.

Administrative Expenses

All actuarial, legal, audit and Pension Benefit Guaranty Corporation (PBGC) fees are paid from the Plan's assets. All other expenses are paid by the League.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change.

Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

The Plan invests in several investment securities and contracts that are exposed to various risks, such as interest rate, market, volatility and credit risks. Due to the level of risk associated with these investments, it is reasonably possible that changes in the value of these investments will occur in the near term. The changes could materially affect the amounts reported in the statements of net assets available for benefits.

**RETIREMENT INCOME PLAN FOR
THE EMPLOYEES OF THE NATIONAL URBAN LEAGUE, INC.**
Notes to Financial Statements
For the Years Ended December 31, 2023 and 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Payment of Benefits

Benefits are recorded when paid.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 4) represent the actuarial present value of estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. Benefits are based on the cash balance accounts or the transition benefits for certain employees. Benefits are payable under all circumstances, such as retirement, death, disability, and termination of employment, to the extent they are deemed attributable to employee services rendered to the valuation date.

NOTE 3 INFORMATION CERTIFIED BY TRUSTEE and CARRIER

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of ERISA. All investment information for the Plan disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022 and net appreciation (depreciation) in fair value of investments, and interest and dividends for the years ended December 31, 2023 and 2022, was obtained or derived, in all material respects, from information provided to the Plan administrator and was certified complete and accurate by the Trustee and Carrier.

NOTE 4 ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, or retirement) between the valuation date and the expected date of payment.

**RETIREMENT INCOME PLAN FOR
THE EMPLOYEES OF THE NATIONAL URBAN LEAGUE, INC.**

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

NOTE 4 ACCUMULATED PLAN BENEFITS *(continued)*

The accumulated plan benefit information as of December 31, 2022 is as follows:

	<u>2022</u>
<i>Vested benefits</i>	
Participants currently receiving benefits	\$ 11,403,270
Participants with deferred benefits, including transferred and vested terminated	4,465,069
Other participants	<u>2,844,992</u>
Actuarial present value of accumulated plan benefits	<u>\$ 18,713,331</u>

The changes in accumulated plan benefits are as follows:

Actuarial present value of accumulated plan benefits December 31, 2021	<u>\$ 19,270,536</u>
<i>Increase (decrease) during the year attributed to</i>	
Benefits accumulated, including actuarial gains and losses	(22,069)
Change in assumptions	-
Benefits paid	(1,326,244)
Interest due to the decrease in the discount period	<u>791,108</u>
Actuarial present value of accumulated plan benefits December 31, 2022	<u>\$ 18,713,331</u>

Significant assumptions underlying the actuarial valuation at December 31, 2022 and 2021 were:

- (a) Investment returns of 4.25% for both December 31, 2022 and 2021.
- (b) The plan accounting mortality assumption has been updated to reflect the most recent Pri-2012 study and the historical U.S. mortality data in the MP2022 report (for December 31, 2022 and 2021).

These actuarial assumptions were based on the presumption that the Plan will continue until it's effective termination date. See Note 8.

NOTE 5 FAIR VALUE MEASUREMENTS

Fair value is defined under Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (*i.e.*, an exit price). To properly measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (*e.g.*, interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3: Unobservable inputs for the asset or liability (*i.e.*, supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value in its entirety.

NOTE 5 FAIR VALUE MEASUREMENTS *(continued)*

The following is a description of the valuation techniques and inputs used for each major class of investment at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled separate accounts: The Plan opted to use the net asset value (NAV) per share, or its equivalent, as a practical expedient for fair value of the Plan's interest in pooled separate accounts. Assets within the separate accounts include various types of equity and fixed-income mutual fund investments. There are no redemption restrictions on these investments. There were no unfunded commitments.

Group pension contract: Group pension contract funds are maintained at book value in investment year generations. The generations consist of "new money" that is equal to funds received in that calendar year, with investment income credited for that year, minus disbursements from the account made during that year. Each generation is associated with investments made during that year. To determine the fair value of a generation, all of the investments held in that generation must be brought to their fair value. Fair value is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 2). Once the current value of the securities in each generation is determined, the percentage of the generation attributable to the contract is determined. The value of that percentage is the fair value. The total of all of the generations equals the fair value of the entire contract fund.

Certain funds under the investment contract that have been allocated and applied to purchase annuities are excluded from the Plan's assets.

The preceding methods described may produce a fair value calculation that may not indicate net realizable value or reflect future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 FAIR VALUE MEASUREMENTS *(continued)*

The following tables are a summary of the levels used as of December 31, 2023 and 2022 in valuing the Plan's assets carried at fair value:

2023				
	Total	Level 1	Level 2	Level 3
Investments				
Group pension insurance contracts	\$ 171,762	\$ -	\$ -	\$ 171,762
Investments measured at NAV as a practical expedient	-			
	<u>\$ 171,762</u>			
2022				
	Total	Level 1	Level 2	Level 3
Investments				
Group pension insurance contracts	\$ 166,358	\$ -	\$ -	\$ 166,358
Investments measured at NAV as a practical expedient	18,147,886			
	<u>\$ 18,314,244</u>			

The Plan assesses the valuation hierarchy for each asset or liability measured on an annual basis. From time to time, assets or liabilities will be transferred within the fair value hierarchy as a result of changes in, among other things, inputs used, liquidity, or valuation methodologies. During the years ended December 31, 2023 and 2022, the Plan did not have any transfers into or out of Level 3 and purchases of contracts were \$1,090 and \$1,064, respectively.

NOTE 6 FUNDING POLICY

The League's contributions to the Plan were designed to comply with the minimum funding requirements established by ERISA. The method of funding is the frozen entry age actuarial cost method. Under this method, the unfunded actuarially accrued liability cost is frozen, and its value depends only upon the League's contributions toward past service.

Prior service costs are amortized over 20 years, with five years remaining, and actuarial gains and losses are not separately identified. Any gains or losses that occur are spread out over future years at the normal cost.

As of December 31, 2023 and 2022, the Plan met the ERISA minimum funding requirements.

NOTE 7 CONTRACTS WITH INSURANCE COMPANIES

Equitable maintains contributions in an unallocated fund to which interest is credited with actual earnings of the fund. At the direction of the Plan administrator, a single premium to buy an annuity for a retiring employee is withdrawn by Equitable from the unallocated fund. Purchased annuities are contracts under which Equitable is obligated to pay benefits to named employees or their beneficiaries. The annuity contracts provide for periodic dividends, at Equitable's discretion, on the basis of the experience under the contracts. Such dividends when received by the Plan are netted against amounts paid to Equitable for the purchase of annuity contracts.

The contributions maintained by Principal are invested in commingled separate account funds managed by Principal Financial Group.

NOTE 8 PLAN TERMINATION

In April 2021, the League's Board approved the termination of the Plan. As a result, the Plan was amended to terminate, effective December 31, 2021.

During 2023, in connection with the termination, the Plan paid approximately \$2.3 million in lump-sum payments to participants. Participants had the option to purchase individual annuity contracts with Principal. The total individual annuity contracts purchased was approximately \$16.3 million. As of December 31, 2023 there were still approximately \$170K in assets in the Plan. The disposition of the amounts, whether due to the Plan sponsor or participants, is expected to be determined and settled before the end of 2024.

The League has the right to terminate the Plan at any time, in whole or in part. If the Plan is terminated, its net assets will be allocated to the Plan participants as provided by Title IV of ERISA.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated plan benefits and may also depend on the financial condition of the League and the level of benefits guaranteed by PBGC, as well as the priority of those benefits. Some benefits may be fully or partially provided for by the then-existing net assets of the Plan and the PBGC guarantee, while other benefits may not be provided for at all. The League expects all benefit obligations under the Plan will be fully met following the completion of the plan termination process in 2024.

NOTE 9 TAX STATUS

The Plan received a determination letter from the Internal Revenue Service (IRS) dated October 24, 2011, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. The Plan was amended and restated since receiving the determination letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, they believe that the Plan, as amended and restated, is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there were no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 10 RELATED-PARTY TRANSACTIONS

Certain of the Plan's assets are invested in funds managed by the Plan's Trustees. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

NOTE 11 SUBSEQUENT EVENTS

Management evaluated subsequent events for the Plan through October 15, 2024, the date the financial statements were available to be issued. Based on this evaluation, no additional disclosures or adjustments were required to be made to the financial statements other than that noted above.
