Norfolk Academy Pretax Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Norfolk Academy Pretax Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Prior to July 1, 2009, records were maintained at a contract, not plan level; therefore, management has not maintained, and TIAA and CREF did not provide, sufficient accounting records and supporting documentation relating to certain annuity contracts and custodial accounts issued to current and former employees, and supporting documentation is not adequate to assure the completeness and accuracy of the amounts included in the financial statements. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial account and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America (GAAS) and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplementary schedule of assets (held at end of year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

NORFOLK ACADEMY PRETAX SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Norfolk Academy Pretax Savings and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document available from the plan administrator for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan under section 403(b) of the Internal Revenue Code (IRC) covering substantially all employees of Norfolk Academy (the Academy, Employer, or Plan Sponsor) except for employees working less than 20 hours per week and student employees. Participants must be age twenty-one or older. Eligible employees may begin participating in the Plan on the first day of the calendar month following employment. Eligibility for Employer matching contributions requires completion of a year of service (minimum of 1,000 hours). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration: The Plan is administered by the Academy. The Plan's custodians are Teachers Insurance and Annuity Association of America (TIAA), College Retirement Equities Fund (CREF) and Empower Annuity Insurance Company of America (Empower), an affiliate of Empower Retirement, LLC. Reliance Trust Company served as a custodian of certain plan assets through September 9, 2022.

Contributions: Each year, participants may elect to contribute part of their eligible compensation, as defined in the Plan, subject to Internal Revenue Code (IRC) limitations. Participant salary deferrals may be traditional (pretax) or Roth (after-tax). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants may also elect to make special catch-up contributions, subject to certain limitations with 15 years of service. Participant contributions up to a maximum of 2.75% of compensation are matched by 200% for participants with 1 to 4 years of service, 300% for participants with 5 to 9 years of service, and 400% for participants with greater than 9 years of service. The Academy may make additional discretionary contributions. There were no discretionary contributions for the years ended June 30, 2024 and 2023. Contributions are subject to certain limitations.

Investment options: Participants direct the investment of their accounts into various investment options offered by the Plan. TIAA and CREF assets are frozen to contributions. The Plan currently offers mutual funds, a pooled separate account, variable annuities, fixed annuity contracts and guaranteed interest accounts as investment options for participants.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of Employer contributions and plan earnings (losses), and charged with benefit payments and an allocation of administrative expenses. Allocations are based on participant earnings, participant contributions and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their entire account balance, plus related earnings thereon.

Payment of benefits: A participant's vested account balance is distributed in single life annuity, joint and survivor annuity, lump sum payment, fixed annuity, or installment payments, based on his or her election under the Plan, upon retirement (age 65), death, disability or termination of employment. Participants may request in-service hardship distributions and in-service distributions at age 59 ½ from their deferral contribution account.

NORFOLK ACADEMY PRETAX SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their Empower accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes receivables are secured by the balance in the participant's account and earn interest at a rate commensurate with local prevailing rates at the inception of the note, as determined by the plan administrator. Participants are limited to three loans outstanding at a time. Loans are not permitted to exceed 5 years, even for the purchase of a principal residence. Loans are repaid directly by the participant into their Empower account. Payments of principal and interest are credited to the participant's account.

Contract loans to participants: Prior to January 1, 2016, participants could borrow directly from TIAA, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the present value of the vested accrued benefit of the TIAA Traditional Annuity account. The participant was required to pledge sufficient collateral. The collateral of the loans was required to be maintained in their investment accounts in the TIAA Traditional Annuity account.

The contract loans are not shown in the Plan's statements of net assets available for benefits as the loans were not made from plan assets and are therefore not considered assets of the Plan. Loan interest rates were variable at prevailing interest rates and can be increased or decreased by TIAA. Principal and interest are paid ratably by the participant directly to TIAA. A default charge will be assessed against the portion of the loan collateral used to foreclose on all or part of any loan.

Loan balances outstanding from TIAA to the Plan's participants were \$102,256 and \$97,181 as of June 30, 2024 and 2023, respectively. At June 30, 2024 and 2023, there were loans to participants in default in the amounts of \$102,256 and \$97,181 respectively, and subject to repayment from participant's accounts at the time of distribution. During 2024 and 2023, no loan collateral was foreclosed upon nor distributed from the participant's accounts to repay defaulted loans.

Forfeited accounts: Participants are 100% vested at all times; therefore, the Plan has no forfeited amounts.

Note 2. Summary of Significant Accounting Policies

Annual reporting requirements: Prior to July 1, 2009, TIAA and CREF maintained records at a contract, not Plan level and administratively decided not to provide accounting records and supporting documentation at the participant or plan level relating to certain annuity and custodial accounts issued to current and former employees. As such, neither the Plan Sponsor nor TIAA and CREF have been able to produce sufficient records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to July 1, 2009. As a result, the completeness and the accuracy of the annuity and custodial accounts, related investment income, and distributions related to these accounts, if any, could not be determined.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies (Continued)

Excluded contracts: In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part I of Subtitle B of Title I of the Employee Retirement Income Security Act of 1974, as amended. Prior to the amended regulations, the Plan, established in 1982, was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that all accounts and the related income and distributions be included in the accompanying financial statements. However, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts (Excluded Contracts) issued to former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these Excluded Contracts and the related income and distributions are not determinable.

Basis of accounting: The accompanying financial statements have been prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results may differ materially from those estimates.

Contributions: Participant salary deferrals and Employer matching contributions are recorded in the year the salary deferrals are withheld from compensation.

Investment valuation and income recognition: The Plan's investments, with the exception of fully benefit-responsive investment contracts, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investments in fully benefit responsive investment contracts are stated at contract value. Contract value is the relevant measure for the portion of net assets available for benefits for a defined contribution plan attributable to fully benefit responsive investment contributions because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. The Plan classifies all notes receivable from participants as in default at the end of the quarter following the quarter in which no payments were received. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statements of changes in net assets available for benefits.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Administrative expense: Certain administrative expenses of maintaining the Plan are paid by the Academy and are excluded from these financial statements. Certain administrative functions are performed by employees of the Plan Sponsor. No such employee receives compensation from the Plan. Expenses relating to specific participant requested transactions are charged directly to the participant's account.

Subsequent events: The Plan has evaluated subsequent events through November 8, 2024, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to measurements involving significant unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices in active markets that are directly or indirectly observable.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The level in the fair value hierarchy within which a fair measurement falls is based on the lowest level input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgement and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at June 30, 2024 and 2023.

Following is a description of the valuation methodologies used for assets measured at fair value:

Fixed annuity contracts: consist of non-benefit responsive investment contracts that are valued based on contract value.

Note 3. Fair Value Measurements (Continued)

Pooled separate account: consists of a real estate fund (REA) that generally invests in real estate properties and real estate-related investments. The fair value of the Plan's interest in the account is based on the net asset value (NAV) of the underlying investments, which is used as a practical expedient for fair value. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The account sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day and are posted on TIAA and CREF's website. However, because certain of the underlying holdings are valued using appraisals, these holdings may not be valued daily. Although the underlying assets of the account cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the account with a liquidity guarantee, which ensures that the REA has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values.

Variable annuities: consist of variable annuity contracts issued by TIAA and CREF using NAV per unit based on the fair value of the underlying assets. The NAV, as provided by TIAA and CREF, is used as a practical expedient to estimate fair value. The funds invest principally in equity securities, fixed-income instruments, other mutual funds and short-term instruments in accordance with each fund's investment objectives. Fund holdings are generally valued using market quotations or prices obtained from independent pricing services, except those held by the money market fund, whose holdings are valued at amortized cost. The NAV for the CREF funds are published daily on NASDAQ. Each fund determines its share price or NAV each day. Typically, shares of the funds are available for transactions at the closing net asset value at any time. However, in an effort to reduce market timing and excessive trading, participants will be locked out of a fund for 90 days if a purchase, sale and repurchase within that fund is made within a 60-day period, other than for the money market funds.

Mutual funds: consist of publicly traded investments that are valued daily at the closing price reported on the active market on which the funds are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of methodologies or assumptions to determine the fair value of certain financial could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of June 30, 2024 and 2023:

Assets at Fair Value as of June 30, 2024				
	Level 1	Level 2	Level 3	Total
Fixed annuity contracts	\$ -	\$ -	\$ 4,483,795	\$ 4,483,795
Mutual funds	39,035,193	-	-	39,035,193
Variable annuities	11,080,706	1,083,625	-	12,164,331
Total assets in the fair value hierarchy	\$ 50,115,899	\$ 1,083,625	\$ 4,483,795	55,683,319
Investments measured at NAV (a)				415,452
Investments at fair value				\$ 56,098,771

Assets at Fair Value as of June 30, 2023				
	Level 1	Level 2	Level 3	Total
Fixed annuity contracts	\$ -	\$ -	\$ 4,978,788	\$ 4,978,788
Mutual funds	30,364,435	-	-	30,364,435
Variable annuities	11,711,295	1,282,456	-	12,993,751
Total assets in the fair value hierarchy	\$ 30,364,435	\$ 1,282,456	\$ 4,978,788	48,336,974
Investments measured at NAV (a)				545,323
Investments at fair value				\$ 48,882,297

(a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV per share (or its equivalent) as a practical expedient as of June 30, 2024 and 2023:

	Fair Value at June 30, 2024	Fair Value at June 30, 2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Account:					
TIAA Real Estate Account	\$ 415,452	\$ 545,323	\$ -	Quarterly	None

Note 3. Fair Value Measurements (Continued)

The following table illustrates the activity of Level 3 assets measured at fair value on a recurring basis from June 30, 2023 to June 30, 2024:

	Fixed Annuity Contracts
Fair value at June 30, 2023	\$ 4,978,788
Earnings credited	215,802
Benefits paid to participants	(345,335)
Transfer to other funds (net)	(365,460)
Fair value at June 30, 2024	<u>\$ 4,483,795</u>

Note 4. Investment Contracts with Insurance Companies

The TIAA Traditional Annuity is a fixed annuity contract that is fully guaranteed by Teachers Insurance and Annuity Association, an insurance company registered in the State of New York. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged with participant withdrawals and administrative expenses. Certain events may limit the ability of the Plan to transact at contract value. Such events include the complete or partial termination of the Plan, the establishment of, or material change in, any Plan investment fund, an amendment to the Plan, or a change in the administration or operation of the Plan. The Plan Sponsor does not believe that any of these events will limit the Plan's ability to transact at contract value with participants.

The Plan invests in two types of annuity contracts. The retirement annuity (RA) contracts do not allow lump sum withdrawals and distributions and transfers must be spread over a period of 10 annual installments. These contracts are not deemed to be fully benefit-responsive. See Note 3 for additional information. The supplemental retirement annuity (SRA) contracts do not have such restrictions and are fully benefit-responsive. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

During the years ended June 30, 2024 and 2023 the crediting interest rates of the annuity contracts were 5.5% and 6.25% for RA contracts and 4.75% and 5.5% for SRA contracts, respectively.

Note 4. Investment Contracts with Insurance Companies (Continued)

The Guaranteed Interest Account (GIA) is a guaranteed interest contract that is fully guaranteed by MassMutual, an insurance company registered in the State of Massachusetts. MassMutual maintains the contributions in a general account. The account is credited with earnings on the principal and charged with participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Certain events may limit the ability of the Plan to transact at contract value. Such events include the complete or partial termination of the Plan, the establishment of, or material change in, any Plan investment fund, an amendment to the Plan, or a change in the administration or operation of the Plan. The Plan Sponsor does not believe that any of these events will limit the Plan's ability to transact at contract value with participants. The crediting interest rates of the GIA was approximately 2.5% and 2% for the year ended June 30, 2024 and 2023, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed periodically for resetting.

Note 5. Certified Investment Information

The accompanying financial statements include the following unaudited information as of and for the years ended June 30, 2024 and 2023 that was obtained from data prepared and certified to be complete and accurate by TIAA, CREF, Reliance Trust Company and Empower, the Plan's custodians:

	2024	2023
	\$ 56,098,771	\$ 48,882,297
Investments at contract value	2,445,315	2,768,986
Notes receivable from participants	178,008	147,466
Net appreciation in fair value of investments	6,392,845	4,451,848
Interest and dividends	901,686	759,696
Interest income on notes receivable from participants	11,342	8,573

Note 6. Exempt Party-In-Interest Transactions

Certain plan assets are invested in funds managed by TIAA, CREF and Empower, or its affiliates. Fees incurred by the Plan for investment management services are included as a reduction of the return on each fund. The Plan paid Empower \$47,530 and \$42,285 during the years ended June 30, 2024 and 2023, respectively, for recordkeeping and participant requested transactions. These transactions qualify as party-in-interest transactions.

NORFOLK ACADEMY PRETAX SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (IRS) stating that the Plan was in compliance with the applicable requirements of the IRC. The Plan is relying on the IRS approval of the volume submitter plan document it is utilizing. The IRS had determined and informed the document sponsor by a letter dated April 7, 2021 that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and tax-exempt as of the financial statement date.

Plan management must evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed tax positions taken by the Plan, and has concluded that as of June 30, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Plan Termination

Although it has not expressed any intent to do so, the Academy has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participants will remain fully vested.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
