INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of the
Ozarks Medical Center dba Ozarks Healthcare Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Ozarks Medical Center dba Ozarks Healthcare Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held at End of Year, December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of the
Ozarks Medical Center dba Ozarks Healthcare Retirement Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Ozarks Medical Center dba Ozarks Healthcare Retirement Plan as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by AIG Retirement Services, the trustee of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement

The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in

compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

The following description of the Ozark Medical Center dba Ozarks Healthcare Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions, which is available from the plan administrator.

General

The Plan is a defined contribution plan covering employees of Ozarks Medical Center dba Ozarks Healthcare (the “Organization”). Employees who normally work more than 20 hours per week are immediately eligible to participate in the Plan upon commencement of employment with the Organization. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). AIG Federal Savings Bank and AIG Retirement Services Inc., which includes The Variable Annuity Life Insurance Organization, (collectively “AIG”) serve as plan custodians.

Contributions

Participants are permitted to contribute to the Plan by making an elective deferral up to the maximum percentage allowable by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution 403(b) plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Organization contributes 50 percent up to the first 6 percent of base compensation that a participant contributes to the Plan. In order to receive employer matching contributions, employees must be eligible to participate in the Plan and have completed one calendar year with the Organization. Contributions are subject to certain IRS limitations. Match contributions were suspended effective May 9, 2020. However, on June 6, 2021, the employer approved to reinstate a quarterly matching contribution beginning with the third quarter of 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Organization’s matching contributions, as well as allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their employee contribution plus actual earnings thereon. Vesting in the Organization’s contribution portion of their accounts is based on the following schedule:

One year of service	20%	vested
Two years of service	40%	vested
Three years of service	60%	vested
Four years of service	80%	vested
Five years of service	100%	vested

Ozarks Medical Center dba Ozarks Healthcare Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan (continued)

Vesting (continued)

However, exceptions apply to participants who were hired prior to January 1, 2002, which follow a different vesting schedule, and those who reach normal retirement age prior to termination of employment, which become fully vested at that time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by a portion of their account balance, which represents 100 percent of the outstanding loan balance. The loan interest rates, determined quarterly, ranged between 4.25 percent and 6.5 percent as of December 31, 2021. Principal and interest are paid in equal quarterly payments due on the last day of each quarter of each loan year. If the plan administrator determines a note to be in default, generally for nonpayment, the note will be considered a taxable deemed distribution under the terms of the Plan. The note will be offset in the participant's account upon the occurrence of a distributable event under the Plan. Pending final distribution of the note, the participant remains obligated for any unpaid principal and accrued interest.

Payment of Benefits

Upon termination of service, an employee's vested benefit which does not exceed \$5,000 may be distributed in a single lump-sum payment. Participants whose vested benefit exceeds \$5,000 may elect to receive either a lump-sum amount equal to the value of their account, installments over a period not more than the participant's assumed life expectancy (or assumed life expectancy of the participant and his beneficiary) or a different form of annuity.

Forfeitures

At December 31, 2021 and 2020, forfeited non-vested accounts totaled \$54,884 and \$47,060, respectively. These accounts will be used to reduce future employer contributions. Also, in 2021 and 2020, employer contributions were reduced by \$47,981 and \$114,926, respectively, and expenses in 2020 were also reduced by \$15,625 from forfeited non-vested accounts.

Hardship withdrawals

The Plan permits distributions made on account of hardship only if the distribution both is made on account of an immediate and heavy financial need and is necessary to satisfy the financial need, as defined by the Plan. The hardship distribution may not exceed the amount of the financial need.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are presented in accordance with U.S. generally accepted accounting principles (U.S. GAAP), using the accrual basis of accounting.

Ozarks Medical Center dba Ozarks Healthcare Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan's sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and investment related expenses are included in administrative expenses.

Reclassifications

Amounts previously shown have been reclassified to conform to the current year presentation.

Subsequent Events

The Plan has evaluated subsequent events through November 8, 2024, the date the financial statements were available to be issued.

Ozarks Medical Center dba Ozarks Healthcare Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

3. Information Certified by AIG

The following is a summary of the plan's asset information as of December 31, 2021 and 2020, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the custodians and furnished to the plan administrator. The plan administrator has obtained certification from the custodians that information provided to the plan administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

Information Certified by AIG:

	2021	2020
Investments, at fair value	\$ 48,341,662	\$ 42,711,474
Investments, at contract value	14,082,877	13,813,975
Note Receivable from participants	801,226	869,254

AIG also certified to the completeness and accuracy of \$3,572,184 of net appreciation in fair value of investments and \$3,358,702 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2021.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Ozarks Medical Center dba Ozarks Healthcare Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020. Where quoted market prices are available in an active market, securities are classified within level 1 of the valuation hierarchy. Level 1 includes the registered separate accounts valued at the contract value of the shares owned by the Plan at year end based on the quoted market price of its underlying mutual fund investments, adjusted for dividends and Separate Account fees. Contract value is considered to be the same as fair value. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. These are considered Level 2 investments. In certain cases where level 1 or level 2 inputs are not available, securities are classified within level 3 of the hierarchy. The Plan is not currently invested in any level 2 or 3 investments. The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021

	Level 1	Level 2	Level 3	Total
Registered Investment Companies				
Mutual Funds	\$ 38,903,472	\$ -	\$ -	\$ 38,903,472
Registered Separate Accounts	9,438,190	-	-	9,438,190
Total investments at fair value	<u>\$ 48,341,662</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 48,341,662</u>

Assets at Fair Value as of December 31, 2020

	Level 1	Level 2	Level 3	Total
Registered Investment Companies				
Mutual Funds	\$ 33,303,747	\$ -	\$ -	\$ 33,303,747
Registered Separate Accounts	9,407,727	-	-	9,407,727
Total investments at fair value	<u>\$ 42,711,474</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 42,711,474</u>

For years ended December 31, 2021 and 2020, there were no transfers between levels.

Ozarks Medical Center dba Ozarks Healthcare Retirement Plan

Notes to Financial Statements

December 31, 2021 and 2020

5. Fully Benefit-Responsive Investment Contracts

The Plan holds an unallocated annuity contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. This contract is considered a traditional investment contract since the Plan does not own the underlying assets. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 2 percent for December 31, 2021 and 2020. The crediting rate is declared monthly with interest credited on a daily basis at an annual effective rate.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code for the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contract.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on completing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contracted issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreement without consent of the issuer.

6. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. The amounts pledged as collateral at December 31, 2021 and 2020, was \$801,226 and \$869,254, respectively. Of the amounts pledged as collateral, \$464,448 and \$466,118 was related to loans that are considered in default by AIG Retirement Services at December 31, 2021 and 2020, respectively. A participant will be considered to be in default with respect to a loan if any scheduled repayment with respect to such loan is not made by the end of the calendar quarter following the calendar quarter in which the missed payment was due. As the Plan still holds the assets of the participants associated with the defaulted notes, these amounts are considered to be plan assets. Any balance at the end of a loan term is considered a taxable distribution. This is also applicable sooner if loan is in default. A default will be considered a deemed distribution which is a taxable event under the terms of the Plan. At such time that the participant has a distributable event, the amount of the defaulted collateral balance plus any accrued interest will be deducted from their account prior to distribution.

7. Party-In-Interest Transactions

All plan investments are shares in investments managed by AIG Retirement Services, who is the custodian to the Plan, and therefore these transactions qualify as party-in-interest transactions. The Plan paid \$197,212 for record keeping fees to AIG Retirement Services during 2020.

8. Plan Termination

Although it has not expressed an intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

9. Plan Tax Status

The Plan adopted a Volume Submitter 403(b) Plan, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on April 5, 2018, which stated that an eligible employer that adopts this plan may rely on this letter with respect to the satisfaction of its plan under Code section 403(b) with certain exceptions. The Plan is required to operate in conformity with the terms of the plan to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore not subject to tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by U.S. federal, state or local tax authorities for years before 2018.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020, to Form 5500:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits per the financial statements	\$ 63,604,259	\$ 57,480,252
Defaulted collateral	<u>(464,448)</u>	<u>(466,118)</u>
Net assets available for benefits per Form 5500	<u>\$ 63,139,811</u>	<u>\$ 57,014,134</u>
		<u>2021</u>
Interest income on loans		\$ 36,951
Interest on prior year defaulted loans		<u>(21,080)</u>
Interest income on loans per Form 5500		<u>\$ 15,871</u>
Benefit payments to participants		\$4,476,756
Deemed distribution of participant loans		8,755
Foreclosed loans deemed distributed in prior year		<u>(31,505)</u>
Distributions per Form 5500		<u>\$4,454,006</u>

12. Nonexempt Transactions

During 2019, the Plan sponsor inadvertently failed to deposit \$215,093 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan sponsor intends to reimburse the plan for lost earnings totaling approximately \$1,491 in 2024.

13. Prior Period Adjustment

During the fiscal year ended December 31, 2020, a prior period adjustment to Net Assets was made related to the value of the Fixed Account Plus Fund for the year ended December 31, 2019. Management has determined that contract value is the appropriate valuation for the fund that was previously reported at its estimated fair value. The accompanying financial statements have been restated to reflect this change in value. The effect of the restatement was to increase Investments at fair value and net assets available for benefits at December 31, 2019, by \$142,050. In addition, an error was made in the classification of investments between those stated at contract value and those at fair value. Therefore, investments at contract value were increased and investments at fair value were decreased \$8,871,770 for this classification error. Also, the fair value level of investments were incorrectly listed as level 2 investments, when the observable inputs are market prices. This meets the definition of level 1 investment.
