US CENTURY BANK 401(K) PLAN
FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
US Century Bank 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of US Century Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of US Century Bank 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of US Century Bank 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about US Century Bank 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of US Century Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about US Century Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the US Century Bank 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A) GENERAL

The Plan was adopted and became effective on January 1, 2007. The Plan is a defined contribution plan covering eligible employees of U.S. Century Bank (the "Company") who are at least twenty-one years old and who have worked at least three consecutive months. Employees who meet those requirements and are enrolled in the Plan become eligible to receive employer matching contributions after three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

B) CONTRIBUTIONS

Participants may elect to contribute up to 90% of compensation to the Plan, as defined by the Plan, on a pre-tax or after-tax basis, subject to Internal Revenue Service ("IRS") and other limitations. The total maximum allowable contribution per participant to the Plan directly from the participant was \$22,500 for the fiscal Plan year, not including additional catch-up contributions allowed for participants over the age of 50, which were \$7,500. The Company may make discretionary matching contributions determined by the Company's management. The Company may also elect to make discretionary profit sharing contributions to the Plan. The Company may elect to make such profit-sharing contributions on behalf of participants who have completed at least 1,000 hours of service during the Plan year and whom are employed by the Company on the last day of the Plan year. Participants are eligible to receive profit sharing contributions, regardless of hours of service or if they are not employed on the last day of the year, when they reach normal retirement age, death or become permanently disabled. During the year ended December 31, 2023, the Company elected to match 100% of the amount the participant contributes to the Plan for each payroll period up to 2% of the participant's eligible compensation. The Company's matching contributions totaled approximately \$330,000 during the year ended December 31, 2023. No profit sharing contributions were made for the year ended December 31, 2023.

Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contribution).

C) VESTING

Participants are immediately vested in their contributions, employer contributions, plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

D) PAYMENT OF BENEFITS

Benefits are payable on termination of service due to retirement, termination, disability or death. Participants or their beneficiaries may elect to receive a lump-sum distribution, annual installments, or partial withdrawals as defined in the Plan document. Eligible participants may also make hardship withdrawals, as defined.

E) PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's compensation deferral contributions, the Company's discretionary matching and profit sharing contributions, if any, and an allocation of the investment earnings, based upon each participant's election, and charged with an allocation of administrative expenses not paid by the Company. The benefit to which a participant is entitled upon withdrawal from the Plan, as defined above, is the vested benefit in the participant's account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

F) INVESTMENT OPTIONS

Participants are allowed to invest their elective 401(k) contributions, rollovers, if any, as well as Company matching and profit sharing contributions to the Plan in a variety of investment options as more fully described in the Plan document. Participants may change their investment options and deferral percentages at their discretion.

G) NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of (a) 50 percent of their vested account balance, or (b) \$50,000 reduced by the highest outstanding loan balance in their account during the prior twelve month period. The notes are secured by the vested balance in the participant's account. The interest rate for a loan will be the rate in effect in the month the note is effective. The interest rate is the prime rate plus one percentage point. Participants may only have two outstanding loans at any time.

Principal and interest is repaid through payroll deductions over a period of no more than five years, unless the loan is used for the purchase of a primary residence.

H) FORFEITED ACCOUNTS

Pursuant to the Plan, forfeited non-vested accounts may be used to pay Plan expenses or reduce employer matching contributions. During the year ended December 31, 2023, there were no forfeitures used to pay Plan expenses or reduce matching contributions. At December 31, 2023 and 2022, the Plan had a remaining forfeiture balance of \$33, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

A) BASIS OF ACCOUNTING

The Plan's financial statements are prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America for employee benefit plans.

B) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

C) INVESTMENT VALUATION AND INCOME RECOGNITION

Assets of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade date basis. Dividend and interest income are recorded by the trustee in the period earned. Net realized and unrealized appreciation or depreciation in fair value of investments consists of the change in unrealized appreciation or depreciation and the realized gain or loss on the sales of investments during the year. Acquisition costs are included in the cost of investments purchased and sales are recorded net of selling expenses. Investments are self-directed by the individual Plan participants.

D) NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023 and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

F) PAYMENT OF BENEFITS

Benefits are recorded when paid.

G) ADMINISTRATIVE EXPENSES

The Plan agreement allows for the Company to absorb a significant amount of the Plan's administrative expenses. Investment related expenses are included in net depreciation of fair value of investments through revenue sharing arrangements. During the fiscal year ended December 31, 2023, administrative expenses incurred by the Plan totaled approximately \$2,000.

H) RECENT ACCOUNTING PRONOUNCEMENTS

The Company evaluates new accounting pronouncements for relevance and impact on the Plan's financial statements. Management does not expect that timely adoption of new pronouncements will have a material impact on the Plan's net assets available for benefits.

I) MANAGEMENT REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 30, 2024, the date when the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. During 2023 and 2022, Level 1 inputs were available and therefore used. No level 2 and 3 inputs were used by the Plan.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts – Common collective trusts ("CCT") are valued at the net asset value of units held. The NAV, as provided by the trustee of the CCTs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CCT less its liabilities. This practical expedient is not used when it is determined to be probable that the CCTs will sell for an amount different than the reported NAV. The CCTs provide for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to these investments. These are direct filing entities.

The input levels used by investment category are as follows:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total investments				<u>\$ 11,497,361</u>

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

All of these investments valued at NAV have no unfunded commitments or redemption restrictions and can be redeemed daily.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the fiscal year ended December 31, 2023 are reported in net appreciation in fair value of investments.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to suspend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 5 - TAX STATUS

The Plan is based on a "prototype" plan document. The sponsor of the prototype document has received a favorable determination letter from the Internal Revenue Service dated October 6, 2020, stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code ("Code"). The Company has chosen to rely on the IRS determination letter issued to the sponsor of the prototype document as evidence that the form of the Plan is tax-qualified. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Reliance Trust Company is the appointed trustee and ADP is the service provider of the Plan during the fiscal years ended December 31, 2023 and 2022. Therefore, fees paid to the trustee and service provider qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - INFORMATION PREPARED AND CERTIFIED BY THE PLAN TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan and qualified institution, has certified that the following information included in the accompanying financial statements is complete and accurate as of December 31, 2023 and 2022 and for the year ended December 31, 2023.

	<u>2023</u>	<u>2022</u>

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE 8 - FIDELITY BONDING

The Company maintains a fidelity bond of \$500,000 for Plan fiduciaries and individuals who handle the funds of the Plan, pursuant to the requirements of ERISA.
