INDEPENDENT AUDITOR'S REPORT

The Plan Administrator and Participants
Travelopia USA, Inc. 401(k) Plan
Clearwater, Florida

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed audits of the accompanying financial statements of Travelopia USA, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

The Plan Administrator and Participants
Travelopia USA, Inc. 401(k) Plan
Clearwater, Florida

INDEPENDENT AUDITOR'S REPORT

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**TRAVELOPIA USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

Note 1 - Plan Description

The following description of the Travelopia USA, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, originally effective July 1, 1998, and most recently restated July 30, 2021, is a defined contribution plan of Travelopia USA, Inc. and affiliated employers (the Company, Employer or Plan Sponsor). The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Substantially all employees of the Company, as defined by the Plan, are eligible to make elective salary deferrals on the first day of the calendar month nearest to or coinciding with their completion of three months of service and attaining age 21. In order for participants to become eligible to receive Company contributions, they must complete one year of service, defined as 1,000 or more hours of service, and attain age 21.

Contributions

Participants may elect to contribute either pre-tax or Roth after-tax deferrals up to the maximum amount allowed under the Internal Revenue Service (IRS) limitation. Upon completion of eligibility requirements, the Plan provides for an automatic participant salary deferral of 4% of the participant's compensation, as defined, unless the participant makes a contrary salary deferral election. In addition, the automatic deferral will increase at the beginning of each Plan year by 1%, up to a maximum of 8%, of the participant's compensation. The participant may also elect a permissive withdrawal of amounts that are automatically contributed to the Plan, provided the participant requests a withdrawal of amounts no later than 90 days following a participant's initial automatic deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Company may contribute a discretionary matching contribution equal to a percentage of the amount of the salary reduction the participant elected to defer. The Company made a discretionary matching contribution for the year ended December 31, 2023, of 50% up to the first 4% of elected salary deferrals.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions, and allocations of the Plan's earnings, and charged with benefits payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on account balances while contributions are credited based upon elective deferrals and compensation, as defined. Transaction fees are charged directly to the accounts of the participants who incur those fees. Administrative expenses are allocated to participants proportionally based on the value of their account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investments of their accounts into various options offered by the Plan. Participants may change their investments periodically, as permitted by the Plan sponsor.

**TRAVELOPIA USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

Vesting

Participants are 100% vested in their 401(k) elective deferral contributions and rollover contributions, plus actual earnings thereon. Company matching contributions vest as follows:

Years of Vesting Service	Vested (%)
Less Than 1 Year	-
1 Year	20
2 Years	40
3 Years	60
4 Years	80
5 Years or More	100

A participant will also be 100% vested in Company matching contributions upon death or disability or attainment of normal retirement age, as defined. Regardless of the above vesting schedule, participants who participated in the PEAK Adventure Travel USA, Inc. 401(k) Retirement Plan will become 100% vested in all contributions upon the attainment of age 60 and participants employed by Studentcity.com, Inc. are 100% vested effective June 1, 2020.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's vested account balance are forfeited. Amounts forfeited by participants who terminate their employment or withdraw from the Plan may be used to pay Plan expenses or to reduce Company matching contributions. The balance of the forfeiture account was \$179,477 and \$166,214 at December 31, 2023 and 2022, respectively. During 2023, forfeitures of \$8,891 were used to reduce Company matching contributions.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant or the beneficiaries will receive a lump-sum amount equal to the value of the participant's vested account. If the vested amount at termination is \$5,000 or less, the Plan will automatically roll the vested account to an IRA in a direct rollover if: (1) the vested account is more than \$1,000; (2) the participant has not reached the age of 62; and (3) the participant did not elect a lump-sum payment or rollover into another qualified plan or individual retirement account. In-service distributions may be made to participants who have attained age 59 ½. Qualified reservist distributions and in-service distributions due to disability are allowed from all contributions with respect to participants who participated in the PEAK Adventure Travel USA, Inc. 401(k) Retirement Plan. Hardship withdrawals may be requested and are paid in one lump-sum upon approval.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of a participant's account balance. Participants may have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at 1% over the prime rate published in the Wall Street Journal. The period for loan repayment cannot exceed five years from the date of the loan unless it was used to purchase a principal residence, in which case it may not exceed 15 years. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS**

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded as of the date of trade. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan agreement. Expenses that are paid by the Company are excluded from these financial statements. Administrative fees paid by the Plan and included in the accompanying statement of changes in net assets available for benefits are primarily recordkeeping, investment management, and participant transaction fees. Certain investment-related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits. Any costs associated with the investment of a participant's account are charged to that participant.

Note 3 - Information Certified by Empower Trust Company, LLC

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental schedule of assets (held at end of year), which was certified by Empower Trust Company, LLC, the trustee of the Plan, as of December 31, 2023 and 2022, and for the year ended December 31, 2023, as complete and accurate, as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued as determined by quoted market price, which represents the net asset value of shares held by the Plan at year-end. The mutual funds held by the Plan are deemed to be actively traded.

TRAVELOPIA USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

Common/Collective Trust

The Plan invests in the Putnam Stable Value Fund (the Fund), which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value and is determined by dividing the Fund's net assets by the number of participating units outstanding on the valuation date. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported net asset value. Contributions and redemptions to the Fund may be made daily at the current net asset value. There are no unfunded commitments on these investments. Participant redemption restrictions include a 90-day equity wash rule on participant transfers to competing funds and Plan Sponsor redemption restrictions include a potential 12-month notice to liquidate its entire share in the Fund.

The common/collective trust fund held by the Plan files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under Financial Accounting Standards Board Accounting Standards Update 2015-12 with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
December 31, 2023				
Mutual Funds Measured				
at Fair Value	\$ 27,483,418	\$ -	\$ -	\$ 27,483,418
Common/Collective Trust*				<u>1,322,611</u>
Total Investments				<u>\$ 28,806,029</u>
December 31, 2022

Common/Collective Trust*				<u>1,283,579</u>
Total Investments				<u>\$ 23,337,932</u>

* Investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been included in the fair value hierarchy. The net asset values presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

**TRAVELOPIA USA, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

Note 5 - Tax Status

The Plan adopted a non-standardized defined contribution pre-approved plan, which received a favorable opinion letter from the IRS dated November 14, 2022, in which the IRS stated that the pre-approved plan, as designed, was in compliance with applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, the Plan meets the criteria for qualification under the IRC, and the related trust is tax exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Party-in-Interest and Related-Party Transactions

Certain Plan investments are held and managed by an entity related to the trustee. Transactions related to these investments qualify as party-in-interest transactions. During the year ended December 31, 2023, \$125,935 was paid to the Plan's investment advisor and an affiliate of the Plan's trustee for investment management and recordkeeping fees. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 7 - Risk and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 - Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become fully vested in their account balances.

Note 9 - Non-Exempt Transactions

During the Plan year ended December 31, 2023, the Company did not remit certain employee deferrals and loan payments within the appropriate time period prescribed by the Department of Labor. These transactions constitute prohibited transactions as deferred by ERISA. The Company is in the process of taking the appropriate steps to correct these late remittances in 2024.
