INDEPENDENT AUDITOR'S REPORT

To the Participants and Board of Trustees of
Oklahoma State Pipe Trades Annuity Fund:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Oklahoma State Pipe Trades Annuity Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the accompanying 2023 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2023 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Oklahoma State Pipe Trades Annuity Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Oklahoma State Pipe Trades Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2022 Financial Statements

The 2022 financial statements of the Plan were audited by predecessor auditors. As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Management instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 10, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

OKLAHOMA STATE PIPE TRADES ANNUITY FUND

Notes to Financial Statements
Years Ended December 31, 2023 and 2022

Note 1. Description of Plan

The following description of the Oklahoma State Pipe Trades Annuity Fund (the Plan) provides only general information. Participants should refer to the Plan rules and regulations for a more complete description of the Plan's provisions.

General – The Plan is a multiemployer defined contribution profit sharing plan established January 1, 1982, pursuant to an agreement between Plumbers and Pipefitters Local 205 (the predecessor to Plumbers and Pipe Fitters Local Union 430) and the Associated Mechanical Contractors of Tulsa. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration – The Plan is administered by a Board of Trustees, comprised of Union and Employer Trustees, each having equal voting rights. John Hancock Retirement Plan Services, LLC provides recordkeeping and custodial services.

Eligibility – An individual is eligible to participate in the Plan on the date of hire by an employer required to participate in the Plan pursuant to the terms of the collective bargaining agreement.

Contributions – The Plan is funded by contributions from participants and employers signatory to a collective bargaining agreement. Contributions are based on the numbers of hours worked at the applicable hourly contribution rate. The current hourly participant and employer contribution rates are \$1.75 and \$1.05, respectively. Participants may contribute an additional amount on a voluntary basis. Participants may also contribute amounts (rollovers) representing distribution from other qualified plans, subject to applicable laws and regulations. Additionally, participants who are age 50 or older (or will attain age 50 before the end of the calendar year) may elect to defer additional amounts to the Plan, known as catch-up contributions. For 2023, the maximum catch-up contribution is \$7,500. This limit may be subject to increase in subsequent years based on cost-of-living adjustments.

Reciprocal Contributions – The Plan is signatory to reciprocity agreements with various other multiemployer annuity plans outside its territorial jurisdiction that are affiliated with the Plumbers and Pipefitters trade. Employees who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union (reciprocating local). When an employee of the home local works in the territory of a reciprocating local, the latter is to make contributions to the former's fringe benefit funds on the employee's behalf. Contributions received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local fringe benefit trust funds. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements, as for all other employer contribution revenue.

OKLAHOMA STATE PIPE TRADES ANNUITY FUND

Notes to Financial Statements Years Ended December 31, 2023 and 2022

Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of nonparticipants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan.

Employer contributions include reciprocal contributions of \$1,319,434 and \$1,202,465 for the years ended December 31, 2023 and 2022 respectively, from various other annuity plans under the terms of reciprocity agreements.

The Plan remitted a total of \$208,714 and \$76,399 in reciprocal contributions to various other annuity plans under the terms of reciprocity agreements for the years ended December 31, 2023 and 2022, respectively.

Participant Accounts – Each participant’s account is credited with the participant’s and employer’s contributions, and allocations of Plan net earnings depending on the investment options selected by the participant. Participant accounts are also charged with distributions and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. Participants may direct the investment of employee and employer contributions to any of the Plan’s fund options. Participants may also redirect their contributions or exchange their existing account balances among the investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their contributions, employer contributions, and rollover contributions, plus actual earnings thereon.

Payment of Benefits – A participant is entitled to receive, upon the earlier of normal retirement, attainment of age 55, disability, death or permanent withdrawal from the industry, the amount in their account as of the valuation date immediately preceding or coinciding with the event giving rise to the distribution, plus the amount of any contributions made on their behalf subsequent to the said valuation date. Normal retirement is on or after the attainment of age 62. Participants are also permitted to take hardship distributions in the event of immediate and heavy financial need in accordance with the Plan’s hardship withdrawal provisions. Hardship distributions cannot exceed the amount of the hardship. If a participant dies, the entire vested amount in the participant’s account is distributed to a designated beneficiary in the form of an annuity or lump sum payment.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America (U.S. GAAP). Under this basis, revenue is recognized when earned and expenses when incurred.

OKLAHOMA STATE PIPE TRADES ANNUITY FUND

Notes to Financial Statements Years Ended December 31, 2023 and 2022

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the pooled separate account, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participants' and Employers' Contributions Receivable – The Plan derives a portion of its revenue from participants' and employers' contributions, which are recognized when earned. Participants' and employers' receivables represent contributions that relate to days worked on or before December 31, but not received by year end. Plan management believes that no provision for uncollectible accounts is necessary.

Benefits – Benefits are recorded upon distribution.

Administrative Expenses – The Plan's expenses are paid by the Plan and are reflected in the statements of changes in net assets available for benefits as administrative expenses of the Plan.

Reclassifications – Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no impact on net assets available for benefits.

Note 3. Information Prepared and Certified by Custodian

The Board of Trustees has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the US Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Board of Trustees instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the John Hancock Retirement Plan Services, LLC, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements Years Ended December 31, 2023 and 2022

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Interest Bearing Cash: Valued at cost, which approximates fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2023 and 2022, assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

2023				
	Total	Level 1	Level 2	Level 3
Interest Bearing Cash	\$ 1,133,117	\$ 1,133,117	\$ -	\$ -
Mutual Funds	74,822,035	74,822,035	-	-
Total Investments, at Fair Value	<u>\$ 75,955,152</u>	<u>\$ 75,955,152</u>	<u>\$ -</u>	<u>\$ -</u>

2022				
	Total	Level 1	Level 2	Level 3
Interest Bearing Cash	\$ 1,165,618	\$ 1,165,618	\$ -	\$ -
Mutual Funds	64,689,705	64,689,705	-	-
Total Investments, at Fair Value	<u>\$ 65,855,323</u>	<u>\$ 65,855,323</u>	<u>\$ -</u>	<u>\$ -</u>

Note 5. Pooled Separate Account

The Plan is invested in the Pooled Separate Account, a fully benefit-responsive investment contract issued by New York Life Insurance Company. This traditional investment contract meets the fully benefit-responsive investment contract criteria and therefore is reported a contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The crediting interest rate may not be reset more frequently than semi-annually, subject to minimum rate provisions. The contract value of the investment contract as of December 31, 2023 and 2022 was \$6,332,860 and \$7,077,451, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Net Assets Available for Benefits	<u>\$ 82,969,688</u>	<u>\$ 73,474,246</u>

Note 9. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10. Concentration of Contributions

Four signatory employers each contributes more than five percent of total contributions. The withdrawal of one or more of these employers may impact the funding of the Plan.

Note 11. Plan Termination

Although the Trustees have not expressed any intention to do so, in the event of termination of the Plan, the interest of each participant in his or her account after payment of expenses and appropriate adjustment of the accounts of all participants for expenses, charges, and gains and losses shall be nonforfeitable as of the termination date. Upon the receipt by the Trustees of the Internal Revenue Service approval of such termination, the full current value of such amount may be paid.

Note 12. Tax Status

The IRS has determined and informed the Plan by a letter dated January 22, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

OKLAHOMA STATE PIPE TRADES ANNUITY FUND

Notes to Financial Statements Years Ended December 31, 2023 and 2022

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has evaluated the tax positions taken and concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 13. Related Party and Party-in-Interest Transactions

Plan investments are managed by John Hancock Retirement Plan Services, LLC, the custodian for the Plan; therefore, transactions involving these investments qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

The Plan shares office supplies, equipment and staff with Plumbers and Pipefitters Local Union 430 (Local 430). Shared operating and administrative expenses are paid initially by the Local 430 and later reimbursed by the Plan on a timely basis. For the years ended December 31, 2023 and 2022, the Plan reimbursed Local 430 \$77,827 and \$74,912 respectively. Amounts due to or from related organizations represent operating expenses owed at year end. As of December 31, 2023 and 2022, the Plan owed Local 430 \$6,356 and \$0, respectively.

The Plan leases office space from Local 430 on a month-to-month basis. Terms of the lease require monthly payments of \$198. Lease payments received for the years ended December 31, 2023 and 2022 were \$2,376 and \$2,376, respectively.

Note 14. Subsequent Events

Plan management has evaluated events and transactions that occurred after December 31, 2023, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 14, 2024, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
