INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

1. Description of Plan

The following description of the Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan (the "Plan") provides only general information. The Plan was originally established January 1, 1977 and was amended and restated effective April 1, 2022. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees, except for union employees, nonresident aliens, leased employees, and employees resulting from dispositions or acquisitions described in Internal Revenue Code ("IRC") Section 410(b)(6)(C), of Patriot Buick Pontiac GMC, Inc. (the "Plan Sponsor"), who have attained the age of eighteen and have completed three months of service. Eligible participants may enter the Plan on the first day of each month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Ascensus Trust Company is the trustee of the Plan.

Contributions

Each year, participants may contribute a portion of their compensation, as defined in the Plan document, subject to certain IRC limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions may be designated as Roth 401(k) contributions.

The Plan provides for an automatic enrollment of salary deferral contributions of 3% of eligible compensation, increasing by 1% annually on the first day of the Plan year up to a maximum of 15%, unless otherwise elected by the participant. The Plan Sponsor designates the age-appropriate target fund as a default investment for participants who do not make an affirmative election of an investment fund.

The Plan provides for a safe harbor employer matching contribution at 100% of the first 3% of an active participant's eligible compensation contributed to the Plan and 50% of the next 2% of an active participant's eligible compensation contributed to the Plan.

The Plan also allows for discretionary employer profit sharing contributions allocated under an integrated formula in accordance with the Plan document. Participants must complete at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year to be eligible for the discretionary employer profit sharing contributions, except for those participants who die, become disabled or retire during the Plan year. For the year ended December 31, 2023, no employer profit sharing contributions were made.

The Plan, at the sole discretion of the Plan Sponsor, may contribute an amount defined as qualified matching contribution. Qualified matching contributions may include such amounts equal to the percentage of elective deferrals of each contributing participant, who is a non-highly compensated employee, entitled thereto that would be sufficient to cause the Plan to satisfy annual compliance testing. For the year ended December 31, 2023, no qualified matching contributions were made.

Participant Accounts

Individual accounts are maintained for each participant. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, safe harbor matching contributions and qualified matching contributions, if any, as well as allocations of employer profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of certain administration expenses that are paid by the Plan, except for participant directed fees, which are charged directly to the respective participant's account. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Patriot Buick Pontiac GMC Salary Deferral 401(k) & Profit Sharing Plan
Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Vesting

Participants are vested immediately in their contributions, including their elective pre-tax deferral contributions, Roth 401(k) contributions, rollover contributions and safe harbor employer matching contributions, plus actual earnings thereon.

Qualified matching contributions and discretionary employer profit sharing contributions vest according to the following schedule:

<u>Years of Vesting Service</u>	<u>Percentage</u>
Less than 3 years	0%
3 or more years	100%

Notwithstanding the above vesting for the Plan Sponsor's qualified matching contributions and discretionary employer profit sharing contributions, a participant will become 100% vested in these accounts upon their attainment of normal retirement age (65), death or disability while an employee, as defined in the Plan document.

Forfeited Amounts

As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$1 and \$0, respectively. These accounts may be used to pay expenses or to reduce amounts otherwise required to be contributed to the Plan. During the year ended December 31, 2023, \$92 was used to pay expenses. No forfeitures were used to reduce employer contributions.

Benefit Payments

On termination of service, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants may also elect partial withdrawals. If a distribution is not requested and the balance is below \$5,000, the account balance will be distributed to the participant or his/her beneficiary in a lump-sum payment, or (in the event of a mandatory distribution) to an individual retirement account established on behalf of the participant. In-service withdrawals of all or a portion of a participant's vested account balance may be made by participants who have attained the age of 59-1/2. Participants are also permitted to make hardship withdrawals from certain contribution accounts, as defined in the Plan document, in certain cases of immediate and heavy financial need.

Notes Receivable from Participants

Effective September 1, 2019, participants are not permitted to take new participant loans. Prior to September 1, 2019, loans to participants were permitted under the Plan. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator at the time the loan was issued. Principal and interest are paid ratably through payroll deductions. Loan terms shall not extend beyond five years from the date of the loan.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the trustee, custodian and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions

Contributions from Plan participants, 401(k) safe harbor matching contributions and qualified matching contributions, if any from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation. Employer profit sharing contributions, if any, are recorded in the year earned.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including trustee, custodial and third-party administration fees necessary to operate and administer the Plan, are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses of maintaining the Plan that are paid directly by the Plan Sponsor are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant, and are included in administrative expenses. Management fees and operating expenses associated with investments in the mutual funds are deducted from income earned by these funds on a daily basis and are not separately reflected. Consequently, management fees and operating expenses associated with investments are included in the net appreciation in fair value of investments.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Ascensus, LLC, as agent for Ascensus Trust Company, a qualified institution, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Investment activity, including net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

- The information for all mutual funds (registered investment companies) and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2023 as shown in the ERISA-required supplemental schedules.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future returns. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Total	<u>\$ 4,607,259</u>	<u>\$ 4,607,259</u>	<u>\$ -</u>	<u>\$ -</u>

5. Risks and Uncertainties

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their accounts including any employer contributions, and all remaining assets in the Plan are to be distributed to the participants in accordance with the accrued benefits of such participants as of the date of termination.

7. Tax Status

Effective April 1, 2022, through the adoption of a non-standardized defined contribution pre-approved plan, the Plan was amended and restated. The IRS issued an opinion letter dated June 30, 2020, stating that the non-standardized defined contribution pre-approved plan document as then designed was in accordance with applicable Internal Revenue Code ("IRC") requirements. Although the Plan has been amended since receiving the opinion letter, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when a position is more likely than not to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

8. Related-Party and Party-in-Interest Transactions

Vanguard provides, through an outsourcing agreement with Ascensus, LLC, recordkeeping services and the Plan invests in registered investment companies managed by Vanguard. Ascensus Trust Company is the trustee of the Plan. For the year ended December 31, 2023, the Plan paid fees to the Ascensus, LLC of \$4,239. Additionally, for participants who have outstanding participant loans, the loans are secured by the respective participant's account balance. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

Notes to Financial Statements
As of December 31, 2023 and 2022 and for the Year Ended December 31, 2023

During 2021, the Plan Sponsor failed to remit to the Plan's trustee certain employee contributions and loan repayments totaling \$4,330 within the period prescribed by the Department of Labor regulations. The Plan Sponsor believes that these transactions do not affect the tax status of the Plan and is taking action prescribed by the regulations to remedy such errors.

9. Subsequent Events

The Plan has evaluated subsequent events through November 20, 2024, the date the financial statements were available to be issued.

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year
