INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
GSL Electric 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of GSL Electric 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of GSL Electric 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GSL Electric 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GSL Electric 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GSL Electric 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GSL Electric 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of

Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of GSL Electric 401(k) Profit Sharing Plan were audited by predecessor auditors whose report dated December 15, 2022, expressed an ERISA Section 103(a)(3)(C) audit opinion on those financial statements and included a supplemental information paragraph that provided an opinion that the information in the 2021 supplemental schedules were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

GSL ELECTRIC 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

September 30, 2022

NOTE A - DESCRIPTION OF PLAN

The following description of the GSL Electric 401(k) Profit Sharing Plan provides only general information. Participants should refer to the Plan's Summary Plan Description for a more complete description of the Plan's provisions.

1) *General* – The Plan is a defined contribution plan, covering all full-time employees of the company who have completed one year of service and are twenty-one years of age or older for employee contributions and employer contributions. They are then eligible to enter on the first day of the plan year or the first day of the seventh month of the plan year once the eligibility requirements are met. In addition, the Plan was amended to allow employees subject to a certain collectively bargained contracts - Davis-Bacon contracts - to enter the Plan immediately upon working on a Davis-Bacon contract. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

2) *Contributions* – Each year, participants may contribute up to the lessor of 100% of pretax annual compensation or up to the statutory maximum. In addition, any participant age 50 or older can contribute an additional amount as prescribed by law of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Also, additional matching and profit sharing contributions may be contributed at the option of the Company's board of directors. The Company's board of directors has authorized an employer matching contribution in the amount of 50% employee deferrals up to 6% of compensation. The employer matching contribution is calculated and paid annually. In addition, the Company is required to contribute amounts as negotiated by collectively bargained contracts, referred to as Davis-Bacon contributions. All participant and Davis-Bacon contributions are computed and paid every payroll period. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain statutory limitations.

3) *Participant Accounts* – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings (losses) and, (c) Plan expenses. Allocations are based on

participant compensation or account balances as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4) *Payment of Benefits* – On termination of service, death, retirement or disability, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account on the distribution date. Participants can also request a hardship distribution of their contributions.

5) *Vesting* – Participants are vested in their accounts based on years of continuing service depending on the source of contributions. A participant is 100% vested after six years of credited service. Participants are immediately vested in their contributions, contributions from other plans and the Davis-Bacon contributions, plus actual earnings thereon.

6) *Investment Options* – Investments of the Plan were held by Ascensus Trust Company at September 30, 2021 and 2020, respectively. Plan assets were invested in various mutual funds and common/collective trusts, based solely upon instructions received from participants.

7) *Forfeited Accounts* – At September 30, 2022 and 2021 the value of forfeited non-vested accounts totaled \$14,040 and \$10,832, respectively. For the plan year ending September 30, 2021, the Company used \$10,745 of the forfeiture account to pay administrative fees or to offset employer contributions.

8) *Notes Receivable from Participants* – Participants may borrow up to the lesser of \$50,000 or 50% of his or her account balance, with a minimum loan amount of \$1,000. In any 12 month period, a participant may take one loan. Principal and interest is paid ratably through payroll deductions over periods ranging up to 60 months, except in the case of the purchase of a principal residence which loans may be repaid over a reasonable period as determined by the Plan Administrator. The Plan Administrator also determines the interest rate based upon prevailing market conditions and is fixed over the life of the loan. The interest rates on the outstanding loans as of September 30, 2022 were set at 6.50% for all participant loans.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Date of Management's Review – Subsequent events were evaluated through September 9, 2024, which is the date the financial statements were available to be issued.

Basis of Accounting – The financial statements are prepared on the accrual basis of accounting.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of September 30, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment committee determines the Plan's valuation policies. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimated.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – Operating expenses of the Plan are paid by the Plan and the Company. The expenses paid by the Company are excluded from these financial statements.

NOTE C – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs

would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements.

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The fair values of the common/collective trusts are generally based on one of the following: a) security prices obtained from a pricing service b) publicly quoted pricing for the underlying securities or c) quoted prices for similar assets in active or non-active markets.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment at fair value as of September 30, 2022 and 2021.

Fair Value Measurements at Reporting Date Using			
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
September 30, 2022	Fair Value		
Guaranteed Investment Contract Mutual Funds	\$ 1,480,934 <u>13,087,641</u>	\$ - 0 - <u>13,087,641</u>	\$ 1,480,934 <u>- 0 -</u>
Total Mutual Funds	<u>\$14,568,575</u>	<u>\$13,087,641</u>	<u>\$ 1,480,934</u>

Fair Value Measurements at Reporting Date Using:			
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
September 30, 2021	Fair Value		
Guaranteed Investment Contract Mutual Funds	\$ 1,199,730 <u>17,309,040</u>	\$ - 0 - <u>17,309,040</u>	\$ 1,199,730 <u>- 0 -</u>
Total Mutual Funds	<u>\$18,508,770</u>	<u>\$17,309,040</u>	<u>\$ 1,199,730</u>

Gains and losses included in changes in net assets available for benefits for the years ended September 30, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended September 30, 2022, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE D - PLAN TERMINATION

Although it has not expressed any interest to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE E – TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE G – EXCESS CONTRIBUTIONS PAYABLE

As of September 30, 2022, there were amounts payable to participants totaling \$12,314 for contributions in excess of amounts allowed by the Internal Revenue Service. These are recorded as corrective distributions payable, with a corresponding addition to benefits paid to participants during the plan year. The Plan distributed the 2022 excess contributions prior to December 15, 2022. There were no excess contributions payable as of September 30, 2021.
