Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the BAMSI 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, (1) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and (2) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAMSI 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the BAMSI 403(b) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a 403(b) retirement plan established on July 1, 2017 and restated in its entirety effective January 1, 2023 by Brockton Area Multi-Services, Inc. (the “Employer”). The Plan covers all eligible employees, as defined. The Plan was comprised of investments formerly held by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal”) through November 1, 2023. Effective November 2, 2023, the Plan is comprised of retirement savings assets held by Voya Retirement Insurance and Annuity Company (“Voya”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant directed.

Participant Contributions

Participants may elect to defer a portion of their annual compensation to the Plan, subject to dollar limits set by Federal law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (“Participant Rollovers”).

Employer Contributions

In order to participate in Employer contributions, a participant must have attained age 21 and have completed one year of service. Effective July 1, 2023, in order to participate in Employer contributions, a participant must have attained age 21 and have completed 500 hours of service in a 6 month period. Due to administrative errors, the Employer made a QNEC contribution of \$21,019 during the Plan year ended December 31, 2023.

Discretionary Matching Contributions

The Employer, at its discretion, may make a matching contribution to the Plan, subject to certain limitations. To be eligible for the matching contribution, a participant must be an eligible employee who is actively participating in the Plan on the last day of the Plan year. Highly compensated employees and executive management are not eligible to receive Employer contributions. Effective July 1, 2023, the Employer matching contribution is based on years of service. For the year ended December 31, 2023, the Employer did not elect to make a discretionary matching contribution.

Discretionary Contributions

The Employer, at its discretion, may contribute a discretionary contribution. Allocations are based on the ratio of a participant’s compensation to total compensation of all eligible participants. For the year ended December 31, 2023, the Employer did not make a discretionary contribution.

BAMSI 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the Participant's contribution and allocations of the Employer's contributions and Plan earnings and reduced by direct loan fees and benefit disbursement processing fees. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their voluntary deferral contributions, including rollovers, and the earnings thereon. Participants start vesting in Employer contributions based on years of service and become fully vested after five years of vested service or upon death, disability or by reaching normal retirement age, as defined by the Plan.

Payment of Benefits

In-service withdrawals are permitted from all vested accounts upon the attainment of age 59½. In-service withdrawals are also permitted from a participant's elective deferral accounts due to financial hardship. Participants are entitled to their total vested account balance upon death, disability, retirement or termination of employment. Upon termination of service, a participant will receive a lump-sum amount equal to the value of his or her account. If the account balance is less than \$1,000, after notification, the entire amount will be paid in a lump sum as soon as possible. If the account balance is \$1,000 or greater, but not more than \$5,000, the Plan administrator, without consent, may distribute his or her entire non-forfeited account balance to an IRA rollover account for the benefit of the former participant.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance, reduced by the highest outstanding loan balance in the prior twelve-month period. Participants may not have more than one loan outstanding at any one time. Loan terms range up to five years (up to ten years for the purchase of a primary residence). The loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate of interest determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

BAMSI 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Forfeitures

Upon termination of service, any non-vested portion of the account will be forfeited as of the date on which the participant has five consecutive one-year breaks in service. Any forfeited amounts will be restored to a participant's account if re-employed by the Employer before incurring five consecutive one-year breaks in service or after the participant received a distribution of the vested account. Such forfeitures are used to pay the Plan's administrative expenses, if any, and reduce future Employer contributions. Forfeitures that have not been used to pay administrative expenses or used to reduce Employer contributions shall be allocated to participants as of the last day of the Plan year in accordance with the Plan document. As of December 31, 2023 and 2022, there was \$12,354 and \$10,908 in unused forfeited balances, respectively. For the year ended December 31, 2023, \$11,437 was applied to pay a portion of the administrative expenses.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint a person(s) or entities to carry out the operation of the Plan. Expenses incurred in the administration of the Plan are paid by the Employer unless the Employer directs such expenses to be paid by the Plan or the participants.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting which is in conformity with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments other than fully benefit-responsive investment contracts (valued at contract value) are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

BAMSI 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used

Subsequent Events

The Employer has evaluated subsequent events through November 22, 2024, the date that the financial statements were available to be issued.

Note 3 - Information Certified by the Insurance Companies

As of December 31, 2023, Plan investments are held by the Plan's insurance Company, Voya. The fair values of investments as of December 31, 2023, and all investment transactions for the period November 2, 2023 to December 31, 2023, including interest and dividends, and net appreciation in fair values, are reported to the Plan and certified as complete and accurate by Voya. The fair values of investments as of December 31, 2022, and all investment transactions for the period January 1, 2023 to November 2, 2023, including interest and dividends, and net appreciation in fair values, were reported to the Plan and certified as complete and accurate by Principal, also an insurance company. Information included in the supplemental schedule of assets (held at end of year) and notes receivable from participants have also been derived from information certified by Voya.

BAMSI 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The categorization of an investment within the fair value hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to Plan management's perceived risk of that investment.

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Total investments in the fair value hierarchy	\$ 9,645,890	\$ -	\$ -	\$ 9,645,890

Note 5 - Fully Benefit-Responsive Investment Contract

Following is a description of the investments and valuation methodologies for the fully benefit-responsive investment contract:

Guaranteed Interest Account

The Principal Fixed Income Guaranteed Option Fund with a contract value of \$255,756 for the year ended December 31, 2022 was a guaranteed group annuity contract backed by the general account of Principal Life Insurance Company ("Principal Life"). The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers were contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

There were no reserves against contract value for credit risk of Principal Life or otherwise. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed semiannually for resetting. The guaranteed minimum interest rate under the contract was 1%. The crediting interest rate was 1.60% for the year ended December 31, 2022.

BAMSI 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 5 - Fully Benefit-Responsive Investment Contract (Continued)

Fixed Account

The Plan has a fully benefit-responsive group annuity contract with Voya. Voya maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. A crediting interest rate is established for amounts invested in the fixed account. The crediting interest rate for December 31, 2023 was 1.00%. Participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawal and fees. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The contract value of the Plan's fully benefit-responsive fixed account contracts at December 31, 2023 was \$3,103.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participant account balances become fully vested and any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

BAMSI 403(b) RETIREMENT PLAN

Notes to Financial Statements

Note 8 - Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments including shares of mutual funds and the guaranteed interest account are managed by VOYA, the Insurance Company for the Plan, and Principal (through November 1, 2023) and, therefore, these transactions qualify as party-in-interest. For the year ended December 31, 2023, fees paid to Principal, Voya and other service providers amounted to \$58,451. In addition, notes receivable from participants also qualify as exempt party-in-interest transactions, as defined by ERISA.

Note 9 -Tax Status

The Plan adopted The Angel Pension Group, Inc. volume submitter 403(b) plan and that prototype plan has received an advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2017 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code ("Code"), and therefore, the related trust is tax exempt. The Plan administrator and the Plan's tax counsel believe the Plan is currently being operated in compliance with the applicable provisions of the Code, and therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10 - Delinquent Participant Contributions

Under U.S. Department of Labor Regulation Section 2510.3-102, 403(b) Plan related salary deferrals and loan repayments withheld from employees' paychecks must be deposited into the Plan as soon as reasonably possible. When this regulation is not satisfied, the Plan Sponsor has engaged in a prohibited transaction. During the year ended December 31, 2023, \$510,920 of participant contributions were not remitted to the Plan within the required time period. Additionally, for the year ended December 31, 2019, \$381 of participant contributions were not remitted to the Plan. The Employer has made corrections for the prohibited transactions from 2019 during the year ended December 31, 2024 and the Employer will fund the lost earnings on the 2019 and 2023 prohibited transactions during the year ended December 31, 2024.
