INDEPENDENT AUDITOR'S REPORT

To the Participants and Investment Committee of
Bronco Lube, LLC 401(k) Plan
Florence, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Bronco Lube, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bronco Lube, LLC 401(k) Employee Benefit Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Bronco Lube, LLC 401(k) Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronco Lube, LLC 401(k) Employee Benefit Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures

include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bronco Lube, LLC 401(k) Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bronco Lube, LLC 401(k) Employee Benefit Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets Held at Year End is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. General

The 401(k) Plan of Bronco Lube, LLC is a defined contribution plan established for all employees of Bronco Lube, LLC (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers employees with immediate service as of September 24, 2015 and is age eighteen or older. Employees are eligible for elective deferrals upon completion of three months of service.

B. Contributions

Each year, participants may contribute the lesser of up to 100% of pretax annual compensation or the annual limit defined in the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes 100% of employee contributions up to 1%, plus 50% of employee contributions between 2% and 6%.

C. Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions, Plan earnings / (losses), and forfeitures of terminated participants’ nonvested accounts and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

D. Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company discretionary contributions portion of their accounts plus earnings thereon is based on years of service. A participant is 100% vested after six years of credited service. Safe harbor contributions made by the Company are 100% vested upon contribution, including the earnings thereon.

E. Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at the prime interest rate. Principal and interest is paid ratably through payroll deductions.

F. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or in installments.

G. Forfeited Accounts

At December 31, 2023, and 2022, the balance of forfeited non-vested accounts totaled \$26,595 and \$7,678, respectively. The balance in the unallocated forfeiture accounts at the end of the year will be allocated to active participants in the following plan year in the same manner as the current year's employer contributions based on the effective Plan document in place.

Note 2. Summary of Significant Accounting Policies

A. Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

C. Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

D. Investment Valuation

The Plan's investments are stated at fair value. The Plan's investments consist of pooled separate accounts with unit value calculated based on the observable net asset value of the underlying investment.

For the Year Ended December 31, 2023

Note 2. Summary of Significant Accounting Policies (Continued)

D. Investment Valuation (continued)

The Plan presents in the statements of changes in net assets available for plan benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and unrealized appreciation or depreciation on the underlying investments.

Note 3. Information Prepared and Certified by Trustee

All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest, and dividends for 2023, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee.

The following presents investments held by the Plan:

	<u>2023</u>	<u>2022</u>
Investments at Estimated Fair Value:		
Variable Annuities	\$ 716,609	\$ 595,074
Investment contract with insurance company	<u>35,161</u>	<u>24,439</u>
Total Investments	<u>\$ 751,770</u>	<u>\$ 619,513</u>

During the plan year 2023, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value as follows:

	<u>2023</u>
Investments - Net Appreciation	<u>\$ 65,701</u>

Note 4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair

Note 4. Fair Value Measurements (Continued)

value. That framework provides a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 – Inputs other than quoted prices that are observable to the market participant for the asset or quoted prices in a market that is not active.

Guaranteed Investment Contract – The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract is determined using the market approach. The use of quoted prices for identical assets and matrix pricing or other similar techniques are examples of market approaches.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023, and 2022:

Investment Contract with Insurance Company	24,439	-	24,439
Total Assets at Fair Value	<u>\$ 619,513</u>	<u>\$ -</u>	<u>\$ 619,513</u>

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2023 and 2022, are reported in net appreciation (depreciation) in fair value of investments.

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive investment contract with Great-West Life and Annuity Insurance Company (the "Insurance Company"). The Insurance Company maintains the contributions to this investment in a general account and the account balances were \$8,566 at December 31, 2023.

The general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value as reported to the Plan by Massachusetts Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the

contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

Average Yields:	2023	2022
Average Yield Earned by Fund*	1.50%	1.00%
Actual Average Yield Earned by the Plan**	1.50%	1.00%

*- The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year.

** - The actual average yield earned by the plan for the benefit responsive fund can be derived by averaging the plan's quarterly interest rates.

Note 6. Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in all the amounts credited to their individual accounts.

Note 7. Tax Status

The Internal Revenue Service (the "IRS") issued a determination letter dated June 30, 2020, which stated that the Plan and its underlying trust qualify under the applicable provisions of the Internal Revenue Code and, therefore, are exempt from federal income taxes. The Plan document and its underlying trust were amended in subsequent years. In the opinion of the Plan administrator, the Plan and its underlying trust have operated within the terms of the Plan document, and remains in qualified plan status, fully compliant under applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8. Party-in-Interest Transactions

The Company, as plan sponsor, paid certain plan administrative expenses for the years ended December 31, 2023, and 2022, including accounting and audit fees and certain other administrative expenditures. Total fees paid by the plan sponsor during 2023 and 2022 were approximately \$9,000, respectively.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10. Subsequent Events

Subsequent events have been evaluated through November 25, 2024, which is the date the financial statements were available to be issued.
