Independent Auditor's Report

Plan Administrator and Participants
Palfinger USA Retirement Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Palfinger USA Retirement Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of schedule H, part IV, line 4i—schedule of assets (held at end of year) as of December 31, 2023, and schedule H, part IV, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Palfinger USA Retirement Profit Sharing Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Palfinger USA Retirement Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Omaha Standard, LLC, Palfinger North America, Inc., Palfinger US Holdings, Inc., Palfinger USA, LLC, Palfinger Liftgates LLC, and Equipment Technology, LCC (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the applicable current Internal Revenue Code (IRC) provisions. The Plan is a safe harbor 401(k) plan.

When participants of the Plan are no longer eligible for the Plan due to a change in their collective bargaining status, their balances are transferred from the Plan to other plans sponsored by the Company. The Plan had net transfers in from the Omaha Standard, LLC Bargaining Unit Salary Savings Plan of approximately \$17,100 and \$0 for the years ended December 31, 2023 and 2022.

Eligibility: To be eligible to participate in the elective deferrals of the Plan, employees must have been employed by the Company for a one-month period and have attained the age of 18. An employee is admitted to the Plan on the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. Employees must not be union employees or nonresident aliens.

Contributions and investment options: Each year, participants may elect to defer up to 80% of their pretax annual compensation as defined in the Plan. Contributions are subject to certain limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan following the participant's completion of one month of service unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Unless a contrary election is made, employees' deferral rates will be increased by 1% annually up to 10%. The Company safe harbor matching contribution is equal to 100% of employee deferrals not exceeding 1% plus 50% of the employee deferrals up to 6% for a maximum match of 3.5%. The safe harbor matching contribution totaled approximately \$1,895,600 for the year ended December 31, 2023. Additional amounts may be contributed at the discretion of the Company. No such amounts were contributed during 2023. A participant may direct their contributions and amounts contributed by the Company into various mutual fund accounts and common/collective trust funds. Participants may change their investment options at any time.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's safe harbor matching contribution and allocations of: (a) Plan earnings and (b) forfeitures of terminated participants' nonvested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Vesting: Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's employer safe harbor matching and discretionary contributions plus actual earnings thereon is based on years of service (minimum of 1,000 hours of service per year). A two-year graded vesting schedule is utilized.

	<u>Percentage</u>
Years of service:	
Less than 1	0%
1	50%
2	100%

A participant who terminates service due to death, disability or attainment of the normal retirement age will also become 100% vested in the Company's discretionary matching contributions and earnings thereon.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or the greater of 50% of their vested account balance or \$10,000 of their vested account balance. The notes are secured by the balance in the participant's account. Interest rates are determined at the time the participants apply for the loan and are commensurate with local prevailing rates. The loans as of December 31, 2023, bear interest ranging from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions over a period to not exceed five years from the date of the loan.

Payment of benefits: Upon the earlier of termination of service due to death, disability or retirement, a participant may, if the value of the participant's vested balance exceeds \$5,000, elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semi-annual or annual installments over a period not to exceed assumed life expectancy. For vested balances of \$5,000 and less, the participant receives the value of the vested interest in his or her account to an IRA in a direct rollover if the participant does not elect to have their vested account paid to them as a lump-sum distribution. For vested account balances of \$1,000 and less, the participant receives the value of the vested interest in his or her account as a lump-sum distribution. Participants are allowed to take an in-service withdrawal from their accounts upon attainment of age 59½. Hardship withdrawals are allowed to satisfy specific and heavy financial needs, as defined.

Forfeited accounts: Forfeited accounts are used to pay administrative expenses or reduce Company contributions. Forfeitures totaling approximately \$58,200 and \$79,000 were used to reduce Company contributions during the years ended December 31, 2023 and 2022. There were approximately \$1,200 and \$2,000, of forfeitures available at December 31, 2023 and 2022, respectively.

Note 2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the presentation of the accompanying financial statements is set forth below.

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching safe harbor contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit payments: Benefit payments are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent loans and accrued interest are treated as distributions based upon the terms of the Plan document.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2023) through October 21, 2024, which is the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, a qualified institution:

	2023	2022
Investments, at fair value:		
Mutual funds	\$ 35,770,392	\$ 31,330,933
Common/collective trusts	2,394,945	2,379,087
	<u>\$ 38,165,337</u>	<u>\$ 33,710,020</u>
Notes receivable from participants	<u>\$ 1,170,248</u>	<u>\$ 884,584</u>

The trustee also certified to the completeness and accuracy of \$3,965,610 of net appreciation in the fair value of investments, \$966,706 of interest, dividends and other income and \$64,050 of interest income on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Palfinger USA Retirement Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2023 and 2022.

Mutual funds: Valued based on quoted prices in the active markets on which the funds are traded.

Common/collective trusts: The common/collective trusts are valued at the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 35,770,392	\$ -	\$ -	\$ 35,770,392
Investments measured at fair value	\$ 35,770,392	\$ -	\$ -	35,770,392
Investments measured at NAV (a)				2,394,945
Total investments				\$ 38,165,337
Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds, at fair value	\$ 31,330,933	\$ -	\$ -	\$ 31,330,933
Investments measured at fair value	\$ 31,330,933	\$ -	\$ -	31,330,933
Investments measured at NAV (a)				2,379,087
Total investments				\$ 33,710,020

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

Palfinger USA Retirement Profit Sharing Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables summarize investments with NAV as a practical expedient as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2023	2022			
Common/collective trusts	<u>\$ 2,394,945</u>	<u>\$ 2,379,087</u>	\$ -	Immediate	None

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, the Plan did not make any transfers between Level 1, 2 or 3 assets.

Note 5. Related-Party Transactions and Party-in-Interest Transactions

The Plan has investments in participant loans managed by the Plan Administrator; therefore, these transactions qualify as party-in-interest transactions. The Plan incurred approximately \$174,000 and \$162,000 for the years ended December 31, 2023 and 2022, respectively, to Principal Trust Company, the Plan's custodian. The Plan Sponsor pays certain accounting and auditing fees relating to the Plan and provides certain administrative services at no cost to the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Income Tax Status

The Plan was most recently amended July 31, 2022. The Plan is a pre-approved profit sharing plan of Principal Life Insurance Co. The Internal Revenue Service (IRS) has determined and informed the trustee by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Code. The Plan has been amended since receiving the letter. However, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Palfinger USA Retirement Profit Sharing Plan

Notes to Financial Statements

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Prohibited Transactions

During 2021, 2022 and 2023, the Company failed to deposit \$301,596 of participant deferrals and loan repayments within the required time frame according to the Department of Labor's Rules and Regulations. The Company deposited lost earnings to partially correct \$280,659 of this failure during 2023 for \$294. The remaining \$20,937 were remitted to the Plan; however, lost earnings have not been corrected as of October 21, 2024, the date the financial statements were available to be issued. The Company intends to reimburse the Plan for lost earnings in 2024. The Company will file Form 5330 and pay the applicable excise tax to the IRS. The correction and excise tax payments will be made from the Company's assets and not from the assets of the Plan.

Note 10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2023 and 2022, to net assets available for benefits per the Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$ 39,335,585	\$ 34,815,070

Net assets available for benefits per the Form 5500	<u>\$ 39,335,585</u>	<u>\$ 34,594,604</u>

The following is a reconciliation of the net increase per the statement of changes in net assets available for benefits to the Form 5500 for the year ended December 31, 2023:
