INDEPENDENT AUDITORS' REPORT

To the 401(k) Advisory Board and Plan Administrator of
National Design Mart 401(k) & Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audits of the accompanying financial statements of National Design Mart 401(k) & Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of National Design Mart 401(k) & Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about National Design Mart 401(k) & Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of National Design Mart 401(k) & Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about National Design Mart 401(k) & Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of December 31, 2022 are presented for purposes of additional analysis and are not required parts of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NATIONAL DESIGN MART 401(K) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of National Design Mart 401(k) & Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan was adopted by National Carpet Mill Outlet dba National Design Mart effective January 1, 2019. The Plan is a defined contribution plan covering all eligible employees of National Carpet Mill Outlet Inc. and National Granite Luxuries, LLP (collectively the "Companies"). Union employees, non-resident aliens, and leased employees are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's assets consist of a group annuity contract (the "Contract") issued through John Hancock Life Insurance Company (U.S.A.) ("John Hancock"), custodian of the Plan's assets. Through the Contract, contributions made into the Plan are invested in pooled separate accounts with sub accounts which invest solely in underlying mutual funds. Amounts allocated to the pooled separate accounts are credited to a participant's account in the form of accumulation units.

Eligibility: To be eligible, employees must attain the age of 21 and have completed one year of service, as defined in the Plan. Leased employees, non-resident aliens and Union employees are excluded from eligibility. The Plan allows employees to enter the Plan the first day of January or July following the date on which the employee completes the eligibility requirements.

Contributions: Participants may make voluntary pre-tax and after-tax (Roth) contributions not to exceed the lower of 100% of their compensation, as defined, or the limit as determined by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the Plan year are eligible to make pre-tax and Roth catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollover). The Plan requires the Plan Sponsor to make a safe-harbor matching contribution. The safe-harbor matching contribution is calculated using 100% of the first 3% that the participant elects to defer, and 50% of the next 2% that the participant elects to defer. In addition, the Companies may make profit sharing contributions to the Plan solely at the discretion of the Plan Committee. There were no discretionary profit-sharing contributions made for 2022. Contributions are subject to limitations. Participants may change their investment options daily, and have the option to invest all or part of their contributions into the various investment options offered under the Plan.

Participant accounts: Each participant's account is credited with the participant's contributions, rollover contributions, the Companies' safe-harbor matching contributions, an allocation of the Companies' discretionary profit-sharing contributions, if any, and Plan earnings or losses as defined by the Plan agreement. Participants who were employed as of the last day of the Plan year and who have completed at least 1,000 hours of service during the Plan year, are eligible for Companies' discretionary profit-sharing contributions. Plan earnings or losses are allocated daily based on each participant's balance. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the number of participants in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account, as defined.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings or losses thereon. Participants are also immediately vested in the safe harbor matching contributions plus actual earnings or losses thereon. Vesting in the Companies' discretionary profit-sharing contribution portion of their accounts is based on years of continuous service. A participant's employer discretionary profit-sharing contributions are on a six-year graded vesting with 100% vesting after six years of credited service. Participants will become fully vested upon attainment of normal retirement age of 65 years old as defined by the Plan.

Payment of benefits: Upon separation of service a participant may elect to receive a lump-sum amount equal to the vested portion of his or her account. The Plan permits in-service withdrawals for participants who have attained age 59½. Involuntary distributions of amounts less than \$5,000 are permitted under the Plan. In the event of the death of a participant, the value of the participant's account is payable to the participant's beneficiary in a lump sum distribution.

In-service hardship withdrawals of the vested balance of all participant contributions are permitted upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need.

Notes receivable from participants: The Plan does not allow for loans to participants.

Forfeited accounts: Forfeited nonvested accounts are to be used to reduce future employer contributions or may be used to pay administrative expenses of the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$8,138 and \$6,199, respectively, and no forfeited nonvested accounts were used during the year ended December 31, 2022.

Administrative expenses: The Plan's administrative expenses are paid either by the Plan or the Companies as provided by the Plan agreement. Expenses that are paid by the Companies are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value using methodologies described in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments, including gains and losses, are recorded on a trade-date basis. Interest income is recorded when earned, dividends are recorded on the ex-dividend date and capital gain distributions are included in dividend income. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, Plan management has evaluated events and transactions for potential recognition or disclosure through October 21, 2024, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

In accordance with 28 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditors' examination with regards to statements or information prepared and certified by John Hancock. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by John Hancock, the custodian:

	2022	2021
Investments, at fair value	\$ 1,136,784	\$ 1,072,929
Deductions from net assets:		
Net depreciation in fair value of investments	\$ 196,242	

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none"> • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
---------	---

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value ("NAV") of the underlying investments held by each account, minus its liabilities, and then divided by the number of units outstanding. The NAV, as reported to the Plan, is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The pooled separate accounts offer a variety of different investment strategies, including asset preservation, income generation, growth, target date asset accumulation and sector specialization. Purchases and sales may occur daily within these accounts and the redemption period is immediate. As of December 31, 2022 and 2021, there were no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Investments measured at net asset value:	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a)	\$ -	\$ -	\$ -	\$ 1,136,784
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,136,784</u>
Investments measured at net asset value:	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a)	\$ -	\$ -	\$ -	\$ 1,072,929
Investments at fair value	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,072,929</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 5 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all employer contributions.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Plan investments as of December 31, 2022 and 2021 are units of participation in pooled separate accounts that are managed by affiliates of John Hancock, the Plan's custodian. Therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 – PROHIBITED TRANSACTIONS

During 2022, 2021, 2020 and 2019, the Companies failed to remit certain participant contributions to the Plan on a timely basis, as defined by the Department of Labor's Rules and Regulations under ERISA. Such contributions totaled \$200,588, \$222,830, \$174,708 and \$131,876 during 2022, 2021, 2020, and 2019, respectively. The late remittances in 2022, 2021, 2020, and 2019 were remitted to the Plan by the end of each of the respective years. Accordingly, there is no participant contribution receivable related to these contributions. Lost earnings related to the 2019 and 2020 late remittances, which totaled \$2,297 were credited to participant accounts in August 2021, and thus the delinquent deposits have been fully corrected as of that date. Lost earnings related to the 2021 late remittances, which totaled \$263 were credited to participant accounts in February 2022, and thus the delinquent deposits have been fully corrected as of that date. Lost earnings related to \$87,775 of the 2022 late remittances determined through July 8, 2022, which totaled \$114, were credited to participant accounts in July 2022, and thus these delinquent deposits were fully corrected as of that date. The Plan sponsor is working with its third party administrator to quantify related lost earnings in connection with the uncorrected portion of 2022 participant contributions totaling \$112,813.

During 2022, we noted the Plan failed to remit required employer safe harbor matching true-up contributions for the years 2021 and 2020 totaling \$8,643 and \$7,362, respectively, which are shown as employer contribution receivables on the 2022 statement of net assets available for benefits. The Plan sponsor remitted these amounts to the Plan during February 2024 and March 2024, and is working with the Plan's third-party administrator to quantify related lost earnings in connection with the late 2020 and 2021 employer safe harbor matching true-up contributions.

NOTE 9 – INCOME TAX STATUS

Effective January 1, 2022, the Plan is placing reliance on an opinion letter dated June 30, 2020 received from the IRS on the pre-approved plan indicating that the pre-approve plan is qualified under section 401 of the IRC and is not subject to tax under current income tax law. The preapproved plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. The Plan has not individually sought its own determination letter.

In April 2020, the Plan received a notice of pending review from the U.S. Department of Labor (“DOL”) and, the Plan subsequently was notified by the DOL of certain operational violations occurring during 2022, 2021, 2020, and 2019. Such violations, which related primarily to timely remittance of contributions and failure to properly satisfy the plan’s fidelity bonding requirements were corrected in August 2021. The DOL’s investigation concluded in August 2022. As such, the plan’s fidelity bond was increased to the appropriate level and lost earnings on late contributions during 2022, 2021, 2020, and 2019 were calculated and remitted to the plan during 2021 and 2022. (see Note 8).

NOTE 10 – SUBSEQUENT EVENTS

Effective January 1, 2023, the Plan was amended and restated to change trustees, permit qualified birth & adoption distributions, and change the permissible frequency of participant deferral elections changes from monthly to each pay period. Effective April 6, 2023, the Plan changed custodians from John Hancock to Voya Retirement Insurance and Annuity Company.

The late contributions listed on Schedule H, line 4a represent the total participant contributions that were not remitted to the plan as soon as administratively feasible, as required by the Department of Labor. The Plan sponsor remitted the 2020 and 2019 late participant contributions by each of the respective plan year ends and the related lost earnings were calculated and remitted in August 2021. The Plan sponsor remitted the 2021 late participant contributions by year end and the related lost earnings were calculated and remitted in February 2022. The Plan sponsor remitted the 2022 late participant contributions by year end. Lost earnings related to 2022 pay periods prior to July 2022 were remitted calculated and remitted to the Plan in July 2023. The Plan is working with its third party administrator to calculate and remit lost earnings relate to the 2022 delinquent contributions from pay periods after July 2022. The DOL views "full correction" as the payment of late contributions and reimbursement to the Plan for lost earnings or profits.
