INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Valiant Integrated Services 401(k) Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Valiant Integrated Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Valiant Integrated Services 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Valiant Integrated Services 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Valiant Integrated Services 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Valiant Integrated Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Valiant Integrated Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules consisting of the schedule of assets (held at end of year) as of December 31, 2023 and the schedule of delinquent participant contributions for the year ended December 31, 2023 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VALIANT INTEGRATED SERVICES 401(k) PLAN

Notes to Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN

The following description of the Valiant Integrated Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by ABM Government Services, LLC (the Former Plan Sponsor) effective April 1, 1996.

Effective May 31, 2017, Valiant Integrated Services, LLC (formerly known as Valiant Government Services, Inc. and Nova Global Supply and Services, LLC) (the Plan Sponsor) (the Company) acquired 100% of the ownership interest in ABM Government Services, LLC. All employees in the ABM Governmental Services 401(k) Plan were not included in the acquisition by the Plan Sponsor. As a result, such employees were transferred out of the Plan into an unrelated ABM 401(k) Employee Savings Plan in July 2017.

The Plan was most recently amended and restated effective May 1, 2022 to comply with tax law changes and to merge the Alliance Technical Services, Inc. 401(k) Profit Sharing Plan into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Company are covered by the Plan, with the exception of union employees (unless participation is stipulated by an individual collective bargaining agreement), non-resident aliens with no U.S. source income, leased employees or independent contractors. For purposes of contributions other than participant contributions, part-time, temporary or seasonal employees who are regularly scheduled to work less than 1,000 hours of service are also excluded from the Plan. Other than those who are excluded from the Plan, employees are eligible to participate in the Plan on the first day of the month following their date of hire. McNamara O'Hare Service Contract Act (SCA) or prevailing wage employees are allowed to receive contributions immediately upon hire.

Participant Contributions

Participants may contribute up to the lesser of 90% of the participant's eligible compensation or the maximum allowable contribution under the Internal Revenue Code (the Code), which totaled \$22,500 for the year ended December 31, 2023. The Plan allows Roth elective contributions. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions.

Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$7,500 for the year ended December 31, 2023. Participants are permitted to make rollover contributions to the Plan.

VALIANT INTEGRATED SERVICES 401(k) PLAN

Notes to Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN – cont'd.

Company Contributions

The Company contributes to the Plan on behalf of eligible employees. The Company will make a contribution for each employee's SCA or prevailing wage service based on the hourly contribution rate for the employee's employment classification, net of the amount utilized for health care benefit payments.

The Company may also make discretionary matching contributions to the Plan. Discretionary matching contributions will be made based upon the following groups/divisions of employees:

Group	Company
1	Valiant Global Defense Service Employees not listed in Groups 2, 3, 4 or 5 below
2	Abraxas Employees
3	Technical Services Rate Center Employees
4	NEK Employees
5	CWTS Employees
6	Valiant Integrated Services LLC Employees
7	Valiant Government Service, LLC Employees

The discretionary matching contributions are calculated on a per payroll basis and invested in the same manner as those directed by the participant. Participant catch-up contributions are not eligible for a discretionary match. During the year ended December 31, 2023, the Company made discretionary matching contributions to all employees except for collective bargaining employees unless their collective bargaining agreement specified that the participating employees would receive the match. The discretionary matching contribution was equal to 100% of the first 3% of participants' elective deferrals and 50% of the amount of the participants' elective deferrals of compensation that exceeded 3% but did not exceed 5% of the participants' deferrals of compensation.

The Company may also make discretionary profit sharing contributions to employees. A discretionary profit sharing contribution may be made to eligible employees at a ratio of the participant's eligible compensation to the total compensation of all eligible participants. There were no profit sharing contributions during the year ended December 31, 2023.

Participant Accounts

Each participant's account is participant-directed and is credited with the participant's contributions and Company contributions in accordance with the investment options selected by each participant. Plan earnings, losses, and administrative expenses are allocated to each participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VALIANT INTEGRATED SERVICES 401(k) PLAN

Notes to Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

1. DESCRIPTION OF THE PLAN – cont'd.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and only one note may be outstanding at any given time. The notes are collateralized by the participant's vested account balance.

Note repayments are to be made on a direct salary deduction or on a direct payment basis with such payments being made at least quarterly with interest at a fixed rate based on the prevailing rate for similar loans at the time of loan issuance. Notes must be repaid within five years.

Vesting

Participants are immediately vested in participant and Company contributions plus earnings thereon.

Payment of Benefits

Upon termination of service due to death, disability, or normal retirement (age 65), or age 59 ½, a participant or their beneficiary, in the event of death, is entitled to a distribution of his or her vested account balance. Distributions from the Plan are payable in the form of a lump sum payment prior to retirement. Upon termination, if a participant's account balance is less than \$5,000, the Plan administrator may elect to automatically distribute the participant's account balance. Participants may withdraw deferral or rollover account balances from the Plan at any time. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts may be withdrawn for a hardship purpose. Hardship withdrawals may be taken from all allowable account balances.

Certain benefit payments are protected for Plan participants who were former participants in certain predecessor plans in accordance with the Plan Document.

Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. Distributions are subject to the applicable provisions of the Plan agreement. As of December 31, 2023 and 2022, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan that had not received such distributions.

Plan Expenses

Expenses incurred in the administration of the Plan are required to be paid by the Custodian and Trustee with assets of the Plan unless the Company, at its discretion, elects to pay them. During the year ended December 31, 2023, the Plan paid direct expenses of \$207,274.

Loan and distribution fees are paid by the Plan and its participants. Investment related expenses are included in net appreciation in fair value of investments.

VALIANT INTEGRATED SERVICES 401(k) PLAN

Notes to Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investment securities may occur in the near term that materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments, with the exception of fully benefit-responsive investment contracts (Note 5), are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification 820, *Fair Value Measurement* (ASC 820), defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

VALIANT INTEGRATED SERVICES 401(k) PLAN

Notes to Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont'd.

Fair Value Measurement – cont'd.

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement levels within the fair value hierarchy are based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price of shares held by the Plan at year end. Funds are traded in an active market.

Interest in common/collective trust: Valued using the net asset value (NAV) of units held by the Plan at year end practical expedient.

Interest in separate account: Valued using the net asset value (NAV) of shares held by the Plan at year end practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Fair Value Measurement – cont'd.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 148,612,201	\$ -	\$ -	\$ 148,612,201
Total investments in the fair value hierarchy	148,612,201	-	-	148,612,201
Interest in separate account (a)	n/a	n/a	n/a	21,670,146
Interest in common/collective trust (a)	n/a	n/a	n/a	19,765,728
Total investments, at fair value	\$ 148,612,201	\$ -	\$ -	\$ 190,048,075

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 133,819,424	\$ -	\$ -	\$ 133,819,424
Total investments in the fair value hierarchy	133,819,424	-	-	133,819,424
Interest in separate account (a)	n/a	n/a	n/a	20,487,071
Interest in common/collective trust (a)	n/a	n/a	n/a	15,552,774
Total investments, at fair value	\$ 133,819,424	\$ -	\$ -	\$ 169,859,269

(a) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table presents investments measured at fair value using the NAV per share practical expedient as of December 31, :

	2023	2022	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Interest in common/collective trust (b)	\$ 19,765,728	\$ 15,552,774	Daily	None	None
Interest in separate account (c)	21,670,146	20,487,071	Daily	None	None

(b) The fund in this category invest in primarily large-cap US stocks.

(c) The fund in this category invests in a diversified portfolio of investment grade credit, high yield and bank loans, emerging market debt, and securitized debt to achieve a long-term rate of return.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent loans are reclassified as distributions in accordance with the terms of the Plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - cont'd.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through November 25, 2024, the date the financial statements were available to be issued and determined that there were no material subsequent events that required disclosure.

3. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedules, including assets held as of December 31, 2023 and 2022 and interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2023, was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal), the Custodian and Trustee of the Plan.

4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Principal as of December 31, 2023 and 2022. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services to the Plan for which no fees are charged. All such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in the Principal Fixed Income Guaranteed Option, which is a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value, which approximates fair value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

With traditional investment contracts, the Plan owns only the contract itself. Traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

VALIANT INTEGRATED SERVICES 401(k) PLAN

Notes to Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT – cont'd.

The traditional investment contract held by the Plan is a group annuity contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero. The crediting rate is reviewed on a periodic basis for resetting. The contract cannot be terminated by the issuer before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer or that would limit the ability of the Plan to transact at contract value with the participants.

VALIANT INTEGRATED SERVICES 401(k) PLAN

Notes to Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

6. INCOME TAX STATUS

The Plan adopted a pre-approved plan document, which received a favorable opinion from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the Plan is qualified under Section 401(a) of the Code and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the favorable opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. The Plan administrator does not believe that the operational failures, as described in Note 8, would cause the Plan to lose its qualified tax status. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. Given the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2023 and 2022.

The Plan is subject to routine audits by the Internal Revenue Service and Department of Labor; however, there are currently no audits for any periods in progress.

7. PLAN TERMINATION

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue, modify, amend or terminate the Plan in total, or in part, subject to the provisions of ERISA.

8. OPERATIONAL FAILURES

In the course of the audits of the Plan for the 2018-2020 Plan years, the Company became aware of certain operational failures that occurred during those years. The Company made changes to their operational processes during 2021 and 2020 to address the operational failures. Additionally, the Company intends to correct the operational failures noted in those years through the IRS Employee Plans Compliance Resolution System described most recently in Revenue Procedure 2021-30. Specifically, the Company, as advised by legal counsel, filed an application for a compliance statement under the IRS Voluntary Compliance Program. As of the date of the financial statements, the corrections were pending IRS approval. The Company does not expect that the correction of such operational failures will result in any material adjustments to the Plan's financial statements.

Notes to Financial Statements As of December 31, 2023 and 2022 and For the Year Ended December 31, 2023

9. PROHIBITED TRANSACTIONS

During the years ended December 31, 2018 through December 31, 2023, the Plan Sponsor determined that certain participant deferrals and loan payments were remitted to the Plan outside the required timeframe by the Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions. During the year ended December 31, 2023, the Company had delinquent participant deferrals and loan repayments totaling \$3,607. Those contributions that have been contributed to the Plan as of December 31, 2023 have been reported in the supplemental schedule either as corrected if lost earnings have been submitted or as uncorrected if lost earnings still need to be calculated and submitted.

10. EXCESS CONTRIBUTIONS PAYABLE

During the years ended December 31, 2023 and 2022, the Plan failed to comply with certain non-discrimination rules. As a result, the Plan is required to refund certain excess contributions to affected participants. As of December 31, 2023 and 2022, corrective distributions totaling \$93,861 and \$98,927, respectively, are required to be made and are included in excess contributions payable in the accompanying statements of net assets available for benefits. The corrective contributions as of December 31, 2022 were made in 2023. The corrective contributions as of December 31, 2023 will be made in 2024.
