INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the InMoment 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the InMoment 401(k) Retirement Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITORS' REPORT – CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT – CONTINUED

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, as defined in the Table of Contents, as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by (See Note 3) and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INMOMENT 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan

The following description of the InMoment 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan’s provisions, which are available from the Plan Administrator.

- A. **General** – The Plan, which commenced on October 1, 2005, is a defined contribution plan covering all eligible employees of InMoment, Inc. (the “Company” or “Plan sponsor”), as defined in the Plan document. The Plan is designed to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code (the “IRC”) as amended and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was amended effective January 1, 2017 to a Qualified Automatic Contribution Arrangement Safe Harbor (“QACA Amendment”) plan.

The Administrative Committee is responsible for oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan has arranged for Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company to serve as trustee and custodian (“Principal” or “Trustee” and “Custodian”), and Principal Life Insurance Company (the “Recordkeeper”), to provide record keeping services for the Plan.

Effective February 18, 2022, the Plan document was restated to utilize a prototype 401(k) profit sharing plan which was designed in accordance with applicable sections of the IRC for which the Trustee was informed of such in a letter dated June 30, 2020. The restatement did not result in substantive changes to the Plan’s provisions. The Plan Administrative Committee believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Effective July 1, 2022, the Plan Sponsor acquired Review Trackers, Inc. which became a participating employer under the Plan. Former Review Trackers employees desiring to rollover funds or a loan into the Plan were allowed that option based upon proper election. Former Review Trackers employees were also given credit for prior service with Review Tracker for vesting purposes in the Plan.

- B. **Participant contributions** – Employees may participate in the Plan on the first day of the month upon reaching age 18 and after completing 30 days of eligible service. All eligible employees will be automatically enrolled in the Plan with an elective deferral rate of 3%. Upon initial adoption of the QACA Amendment, all eligible participants without a deferral election on file who did not opt-out were automatically enrolled. Automatically enrolled participants will have their elective deferral rate increased 1% per year up to a maximum of 6%. Participants may elect to contribute up to 100% of their annual eligible earnings on a pre-tax or Roth basis, subject to the maximum amount allowable by the Internal Revenue Service (“IRS”) (\$22,500 for participants to age 50 and \$30,000 for participants over 50 years of age for the year ended December 31, 2023). Participants may also contribute amounts representing distributions from other tax qualified retirement plans. In-plan ROTH rollovers of otherwise non-distributable amounts are allowed.
- C. **Employer contributions** – The Company makes safe harbor employer QACA matching contributions on a pay period basis, with an annual true up made after year end. The amount contributed is 100% of the participant’s elective deferral up to 2%, plus 50% of the participant’s elective deferral from 2% to 6% of the participant’s eligible earnings. The Company may also make discretionary contributions to the Plan each year in amounts determined by the Company. Discretionary contributions require participants to have served at least 1,000 hours during the Plan year. There were no discretionary contributions made during the year ended December 31, 2023.
- D. **Participant investment account options** – The Plan currently offers various collective investment trusts, mutual funds, and pooled separate accounts as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund. Participants may change their investment options at any time.

INMOMENT 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan (continued)

- E. **Participant accounts** – Each participant's account is credited with the participant's contributions, an allocation of the Company's safe harbor QACA matching contribution, discretionary contributions, and the Plan's earnings and losses, which include administrative expenses. Allocations are based on participants' earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. **Vesting** – Participants are immediately vested in their participant contributions, including earnings thereon, discretionary contributions, if any, and rollover contributions. Participants vest 100% in the employer safe harbor QACA matching contributions after two years of service. Participants also become 100% vested when the participant reaches normal retirement age (65), incurs a disability as defined by the Plan, upon death, or if a partial plan termination is deemed to have occurred. During the year ended December 31, 2023, a partial plan termination was deemed to have occurred and affected participants were treated as being 100% vested.
- G. **Notes receivable from participants** – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance with terms from 1 year up to 5 years unless for the purpose of purchasing the participant's principal residence. The loans are secured by the balance in the participant's account and bear interest at the Prime rate, as published by the Wall Street Journal, plus 2%. Interest rates on notes receivable as of December 31, 2023, range from a minimum of 5.25% to a maximum of 10.50%. Principal and interest are paid ratably through semi-monthly payroll deductions.
- H. **Payment of benefits** – Participants may receive the vested interest of their Plan account through a distribution of benefits upon retirement, death, termination of employment, or a qualifying withdrawal. Benefit payments are made in a lump sum distribution or rollover contributions to another plan. Participants who terminate employment with an account balance of less than \$1,000 may receive an automatic lump sum distribution of their balance. Participants who terminate employment with an account balance between \$1,000 and \$5,000 may have their account balance rolled by the Plan into an Individual Retirement Account.
- I. **Forfeited accounts** – As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$27,710 and \$0. Forfeited amounts may be used to offset future employer matching contributions or pay administrative expenses. During the year ended December 31, 2023, \$227,377 forfeited amounts were used to offset safe harbor QACA matching contributions.

(2) Summary of significant accounting policies

Basis of accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the Trustee and Custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

INMOMENT 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(2) Summary of significant accounting policies (continued)

Contributions – Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Employer safe harbor QACA matching contributions are recorded in the year in which the associated participant compensation is earned.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Expenses related to investment advisory services, management fees, maintenance of participant accounts, and plan administration are paid by the Plan. Fees paid to Principal, including those related to participant requested services and the administration of notes receivable from participants and charged directly to the participant's account, are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

(3) Information prepared and certified by the Trustee and Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Interest income from notes receivable from participants
- Interest and dividend income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

(4) Fair value measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

INMOMENT 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Collective investment trusts, except for Principal Stable Value Fund Z, and pooled separate accounts: Valued at the Net Asset Value ("NAV") of units of the collective investment trust or pooled separate account. The NAV, as provided by the Trustee and Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective investment trust or pooled separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Collective investment trust, Principal Stable Value Fund Z: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the mutual funds. These funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

Investments at Fair Value as of December 31, 2023

INMOMENT 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(4) Fair value measurements (continued)

* In accordance with Subtopic 820-10, certain investments that were measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investments measured at fair value using the NAV per share practical expedient – The following table summarizes investments for which fair value is based on NAV per share (or its equivalent) practical expedient as of December 31, 2023 and 2022:

Investments	Fair Value December 31, 2023	Fair Value December 31, 2022
Collective investment trusts, excluding Principal Stable Value Fund Z	\$ 47,364,996	\$ 41,355,413
Principal Stable Value Fund Z	782,995	709,645
Total collective investment trusts	48,147,991	42,065,058
Pooled separate accounts	642,091	663,856
Total	<u>\$ 48,790,082</u>	<u>\$ 42,728,914</u>

The investments listed in the above table are generally redeemed on a daily basis and do not have any redemption restrictions, except for the Pooled separate accounts, which allow for only one transfer out of the investment in a 30-day period. Additionally, there are no unfunded commitments.

(5) Related party transactions and party-in-interest transactions

Certain investments of the Plan are managed by Principal. Principal serves as the Plan's Trustee, Custodian, and Recordkeeper, and therefore, the transactions are considered exempt party-in-interest transactions. Direct administrative expenses paid to the Trustee, Custodian, and Recordkeeper qualify as party-in-interest transactions and totaled \$144,723 for the year ended December 31, 2023.

(6) Plan termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, or partial plan termination, participants would become 100% vested in their safe harbor QACA matching contribution and employer discretionary contributions.

(7) Tax status

The IRS has determined that the prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the Trustee and Custodian of such in a letter dated June 30, 2020. Although the prototype plan has been amended since receiving the opinion letter, the Plan's Administrative Committee believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

(8) Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(9) Delinquent participant contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the year ended December 31, 2023, employee contributions totaling \$864,851 were not remitted to the Plan until after the required time period. Lost earnings and missed contributions were remitted to the Plan in October 2024. During the year ended December 31, 2022, employee contributions totaling \$3,884 were not remitted to the Plan until after the required time period. Lost earnings and missed contributions were remitted to the Plan in December 2023. During the year ended December 31, 2021, employee contributions totaling \$6,767 were not remitted to the Plan until after the required time period. Lost earnings and missed contributions were remitted to the Plan in February 2023.

(10) Subsequent events

The Plan has evaluated subsequent events through November 25, 2024, which is the date the financial statements were available to be issued.

Effective March 1, 2024, the Plan was amended to change employer contribution provision. The Company now makes an employer matching contribution on a pay period basis of 100% of the participant's elective deferral up to 1%, plus 50% of the participant's elective deferral from 1% to 6% of the participant's eligible earnings. No annual true up is made after year end. Due to this change, the Company is no longer making safe harbor employer QACA matching contributions for the remainder of the year ended December 31, 2024.
