INDEPENDENT AUDITOR'S REPORT

Those Charged with Governance
Nansemond Suffolk Academy Section 403(b) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Nansemond Suffolk Academy Section 403(b) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of March 31, 2024 and December 31, 2023, the related statement of changes in net assets available for benefits for the period ended March 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of March 31, 2024 and December 31, 2023, and for the period ended March 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

NANSEMOND SUFFOLK ACADEMY SECTION
403(b) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the Nansemond Suffolk Academy Section 403(b) Retirement Savings Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, established on May 13, 1986, is a defined contribution 403(b) plan covering substantially all employees of Nansemond Suffolk Academy (the Organization). The Board of Directors of the Organization controls and manages the operation and administration of the Plan. Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA-CREF) and Massachusetts Mutual Life Insurance Company (MassMutual) serve as custodians of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Plan merger and transfer out: Effective April 1, 2024 (close of business on March 31, 2024), the Plan was merged into the Virginia Association of Independent Schools Multiple Employer Plan that is sponsored by Virginia Association of Independent Schools.

Contributions: Each year, participants may contribute up to 100% of their annual compensation, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts.

Employer matching contributions may be made each year on a discretionary basis, as defined in the Plan document. To qualify for the contributions, participants must be credited with a 1,000 hours of service during the plan year. In the year of a participant's severance of employment, the hour's requirement is waived. Contributions are subject to certain limitations.

Investment options: Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers variable annuities, a pooled separate accounts and insurance investment contracts as investment options for participants.

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of the Organization's contribution and plan earnings, and charged with benefit payments and an allocation of administrative expenses, if any. Allocations are based on participant earnings, participant contributions and account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. All employer contributions to the Plan made prior to January 1, 2014 are immediately vested. Vesting in the employer's contributions made after 2013 is based on years of service. A participant is 100% vested after six years of credited service.

Payment of benefits: On termination of service, retirement, death, disability, or attainment of age 59 ½, a participant or their beneficiary, may elect to receive an amount equal to the value of the participant's vested interest in his or her account as an annuity, installment payments, partial payments or a lump sum distribution. Hardship distributions are permitted upon demonstration of financial hardship, with limitations defined in the Plan.

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At March 31, 2024, outstanding loans bore interest ranging from 4.25% to 8.50%. Additionally, certain borrowing arrangements directly between participants and the custodians, for which participant balances are used to secure the loans, were outstanding at March 31, 2024 (see Note 9).

Forfeitures: At March 31, 2024 and December 31, 2023, forfeited nonvested accounts totaled $0 and $38, respectively. Forfeited nonvested accounts will be used to reduce future employer contributions or pay plan expenses.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates: The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Contributions: Participant salary deferrals and employer matching contributions are recorded in the period the salary deferrals are withheld from compensation.

Investment valuation and income recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the custodians. See Note 3 for discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies (Continued)

Excluded contracts and accounts: The plan administrator has elected to exclude certain contracts and accounts from plan assets in accordance with Department of Labor (DOL) Field Assistance Bulletin No. 2009-02 due to the fact that:

- The contract or account was issued to a current or former employee before January 1, 2009;
- The Organization ceased to have any obligation to make contributions, and in fact stopped making contributions to the contract or account before January 1, 2009;
- All the rights under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the Organization;
- The individual owner of the contract is fully vested in the contract or account.

Payment of benefits: Benefits are recorded upon distribution.

Administrative expenses: The Plan's administrative expenses are paid by either the Plan or the Organization, as provided by the Plan document. Certain administrative functions are performed by employees of the Organization. No such employee receives compensation from the Plan.

Note 3. Fair Value Measurements

Fair value, as defined under U.S. GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 Observable inputs such as quoted prices in active markets.

Level 2 Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3 Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at March 31, 2024 and December 31, 2023.

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

Variable annuities: The Plan invests in variable annuities for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value (NAV) of units, as determined by custodians as the estimated fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

Pooled separate accounts: The Plan invests in pooled separate accounts for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the NAV of units, as determined by custodian, TIAA-CREF, as the estimated fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported NAV.

Non benefit-responsive investment contracts: The fair value of the non benefit-responsive insurance contracts is estimated by the custodians based on contract value. Disclosure of unobservable inputs to fair value measurement has not been included for the non benefit-responsive investment contracts because quantitative unobservable inputs are not developed by the Plan when measuring fair value and have not been made available to the Plan by the custodians.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2023.

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts	$ -	$ -	$ 557,400	$ 557,400
Total assets in the fair value hierarchy	$ -	$ -	$ 557,400	557,400
Investments measured at NAV (a)				10,222,306
Investments at fair value				$ 10,779,706

(a) In accordance with U.S. GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(a) The primary objective of this category is a favorable long-term rate of return from a diversified portfolio selected to track the overall market for common stocks publicly traded in the United States, as represented by a broad stock market index.

(b) The primary objective of this category is a favorable long-term rate of return through capital appreciation and income from a broadly diversified portfolio that consists primarily of foreign and domestic common stocks.

(c) The primary objective of this category is a favorable long-term rate of return, primarily through high current income consistent with preserving capital.

(d) The account's objective is to maintain liquidity and preserve capital.

(e) The primary objective of this category is a favorable long-term rate of return through capital appreciation and investment income by investing primarily in a broadly diversified portfolio of common stocks.

(f) The primary objective of this category is a favorable long-term total return, mainly through capital appreciation, primarily from equity securities of small to medium-sized domestic companies.

(g) The account seeks high total return over time through a combination of capital appreciation and income.

NOTES TO FINANCIAL STATEMENTS

Note 3. Fair Value Measurements (Continued)

(h) This account seeks favorable long-term returns primarily through rental income and appreciation of real estate investments owned by the account.

(i) The account's objective is to obtain a favorable long-term rate of return that reflects the investment performance of the financial markets while giving special consideration to certain social criteria, to include environmental, social and governance considerations.

The following table illustrates the activity of Level 3 assets measured at fair value on a recurring basis from December 31, 2023 to March 31, 2024:

	Guaranteed Investment Contracts
Fair value at December 31, 2023	$ 557,400
Interest credited	6,499
Purchases and issuances	2,725
Sales and settlements	(7,730)
Transfer to other plan	(558,894)
Fair value at March 31, 2024	$ -

Note 4. Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive guaranteed investment contract with TIAA-CREF. The contract meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit–responsive contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed upon formula, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTES TO FINANCIAL STATEMENTS

Note 4. Fully Benefit-Responsive Investment Contract (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The merger and transfer of the Plan did not affect the Plan's ability to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreements without the consent of the issuer.

Note 5. Unaudited Information Certified by the Custodians

The accompanying financial statements include the following unaudited information as of March 31, 2024 and December 31, 2023 and for the period ended March 31, 2024 that was obtained from data prepared and certified to be complete and accurate by TIAA-CREF and MassMutual, the Plan's custodians:

	March 31, 2024	December 31, 2023
Investments at fair value	**$ -**	$ 10,779,706
Investments at contract value	**-**	540,735
Notes receivable from participants	**-**	19,716
Net appreciation in fair value of investments	**835,875**	n/a
Interest and dividends	**12,205**	n/a
Interest income on notes receivable from participants	**247**	n/a

Note 6. Exempt Party-In-Interest Transactions

Certain plan assets are invested in funds managed by TIAA-CREF and MassMutual. TIAA-CREF and MassMutual are the custodians as defined in the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for investment management services were included as a reduction of the return on each fund.

NOTES TO FINANCIAL STATEMENTS

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts.

Note 8. Tax Status

The Plan was completely restated in 2019 with an effective date of January 1, 2013 utilizing a volume submitter plan document. The Plan is relying on the Internal Revenue Service (the IRS) approval of the volume submitter plan. The IRS has determined and informed the document sponsor by a letter dated August 7, 2017 that the volume submitter plan document was designed in accordance with the applicable sections of the IRC. Therefore, the plan administrator believes that the Plan was qualified and tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Commitments

Certain contracts included in plan assets contain borrowing arrangements allowing participants to obtain a loan directly from the custodians. These amounts are not included in plan assets, however, the loans are secured by the participant's account balance. The outstanding balance on these loans at December 31, 2023 was $764.

Note 10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11. Subsequent Events

Plan management has evaluated subsequent events through December 4, 2024, the date these financial statements were available to be issued. Plan management has determined that there were no subsequent events that required disclosure pursuant to the Financial Accounting Standards Board Accounting Standards Codification.
