Plan Administrator
The Urology Center of Colorado, P.C.
401(k) Profit Sharing Plan
Denver, Colorado

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Urology Center of Colorado, P.C. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Urology Center of Colorado, P.C. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of The Urology Center of Colorado, P.C. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Urology Center of Colorado, P.C. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Urology Center of Colorado, P.C. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Urology Center of Colorado, P.C. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE UROLOGY CENTER OF COLORADO, P.C.
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 And 2022

1. Description Of Plan

The Urology Center of Colorado, P.C. 401(k) Profit Sharing Plan (the Plan) is sponsored by The Urology Center of Colorado, P.C. (the Company or the Plan Administrator).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following description of the Plan provides only general information. Participants and all others should refer to the Plan Agreement for a more complete description of the Plan's provisions.

The Plan grants credit for service with the predecessor employers such as Colorado Urology Associates, P.C.; Rocky Mountain Urology, P.C.; Mountain Urology Associates, P.C.; Western Urologic Associates, P.C. and Sargent & Heppe Urology, P.C. The Plan's assets were held by Principal Trust Company (the Trustee) as of December 31, 2023 and 2022.

General

The Plan is a qualified defined contribution retirement plan covering all employees of the Company. Employees are eligible to participate in the Plan if they are at least 21 years of age or older. Employees are eligible to make elective deferral contributions immediately upon hire. Employees are eligible for other contribution types once they have completed 1 year of service, defined as any consecutive period in which the employee has completed at least 1,000 hours of service. Once the eligibility requirements for other contribution types are satisfied, participants may become active on any entry date. The entry dates are the first day of the Plan year and the first day of the seventh month of the Plan year.

Contributions

Each year, participants eligible for the Plan may contribute up to 100% of pre-tax annual compensation as defined by the Plan, or the maximum allowable per the Internal Revenue Code (the IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may contribute Roth deferrals in addition to pre-tax deferrals.

401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

The Company makes safe harbor contributions equal to 3% of eligible compensation for the Plan year. The Company's required safe harbor contributions for the year ended December 31, 2023 were \$325,525. The contribution of \$316,181 was made on September 15, 2024 and the corrective contribution of \$9,344 was made on November 1, 2024.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

The Plan has an automatic deferral provision at the rate of 3% applicable to new hires on or after October 1, 2010 and existing employees that do not participate in the Plan. Participants of the Plan can affirmatively choose not to contribute or choose a different percentage to be contributed to the Plan. Effective January 1, 2023, the Plan adopted an automatic deferral provision at the rate of 5% applicable to new hires on or after January 1, 2023 and existing employees that do not participate in the Plan. The rate will automatically increase 1% annually until a maximum of 10% is reached. Participants of the Plan can affirmatively choose not to contribute or choose a different percentage to be contributed to the Plan.

The Plan also allows for a discretionary matching contribution. There was no matching contribution made for the year ended December 31, 2023. Employees are eligible to receive the discretionary match on the date on which they complete 1 year of service without incurring a break in service, defined as fewer than 501 hours of service in a computation period, and must be employed on the last day of the Plan year. The Plan excludes employees who have not attained age 21. No restrictions on accruing the right to Company contributions are placed on participants upon death, disability, normal retirement age of 65 or early retirement age of 59½.

Participant Accounts

Each participant's account is credited with the participant's contributions, participant rollover contributions, Company contributions and allocations of the Plan earnings (losses). Allocations are based on participant earnings (losses) or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions made to the Plan are held in a custodial trust. The trust assets do not belong to the Company, but are held for the exclusive benefit of Plan participants.

Vesting

Participants eligible for the Plan are always 100% vested in their contributions, Company contributions and earnings thereon.

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are for a period not exceeding five years and bear interest at the Prime Rate plus 1% at the time the note receivable originated. Participants may have one loan outstanding at any time. Loans are secured by the balance in the participant's account, and are due in regular installment payments through payroll deduction, including principal and interest.

Payment Of Benefits

Upon termination of service, death, disability, attainment of normal retirement age or early retirement age and required years of service, a participant may elect distribution of their account as a single lump sum.

Active participants who experience a qualifying financial hardship may apply for a hardship withdrawal. Hardship withdrawals are subject to certain Plan provisions and established Internal Revenue Service (the IRS) safe harbor rules.

2. Summary Of Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities at the date of the financial statements and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

THE UROLOGY CENTER OF COLORADO, P.C.
401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at the unpaid principal balance, plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Agreement.

Contributions Receivable And Credit Loss Policy

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments - Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's Company contributions receivable. The adoption did not have a material impact on these financial statements.

The Company has concluded that no allowance for current expected credit losses was necessary at December 31, 2023 and no allowance for doubtful accounts was necessary at December 31, 2022.

Payment Of Benefits

Benefits are recorded when paid.

Administrative Expenses

Salaries and related benefits of employees who administer the Plan and other significant expenses are provided by the Company. Other administrative expenses, primarily transaction and account fees, are paid by the Plan. Expenses incurred on the purchase or sale of investments are added to the cost or deducted from the proceeds of respective investments. Administrative expenses paid by the Plan were \$36,625 for the year ended December 31, 2023.

Subsequent Events

The Plan was terminated on August 2, 2024. Upon plan termination, there were no amendments to the Plan or changes in the Plan Sponsor; however, employee and employer contributions to the Plan ceased outside of the annual safe harbor contribution remitted by the Plan sponsor.

3. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule of assets held at end of year that was prepared by or derived from information certified by the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2023</u>	<u>2022</u>
Investments - at fair value:		
Mutual funds	\$ 26,458,817	\$ 22,793,659
Common/collective trust fund	194,034	364,064
Notes receivable from participants	43,156	63,027

The Trustee also certified to the completeness and accuracy related the following investment income and interest income on notes receivable from participants for the year ended December 31, 2023:

Net change in fair value of investments	\$ 3,119,850
Dividends	849,786
Interest income on notes receivable from participants	2,497

4. Fair Value Measurements

The Plan utilizes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

401(k) PROFIT SHARING PLAN

Notes To Financial Statements (*Continued*)

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund

The common/collective trust fund is valued at NAV of units of a bank collective trust. NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (a) Certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Fair Value Of Investments In Entities That Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022:

Investment	Fair Value 2023	Fair Value 2022	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common/Collective Trust Fund					
Galliard Stable Return PN	\$ 194,034	\$ 364,064	n/a	daily	12 months

There have been no changes in valuation methodologies used at December 31, 2023 or 2022.

5. Income Tax Status

Effective June 22, 2022, the Plan was restated with a nonstandardized pre-approved profit sharing plan document sponsored by Principal Life Insurance Company. Principal Life Insurance Company received an opinion letter from the IRS dated June 30, 2020 as to the pre-approved plan's qualified status. The Company has determined that it is eligible to, and has chosen to, rely on the current IRS pre-approved plan opinion letter. The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress.

6. Plan Termination

As mentioned in Note 2, the Plan was terminated effective on August 2, 2024, and all employee and employer contributions to the Plan ceased, outside of the annual safe harbor allocation remitted by the Plan Sponsor. All participants immediately became 100% vested in their accounts, and all Plan assets are to be distributed as soon as administratively feasible.

7. Party In Interest And Related Party Transactions

The Plan invests in a common/collective trust fund managed by an affiliate of the Trustee. Therefore, these transactions qualify as party in interest transactions. The Plan incurs expenses related to general administration and recordkeeping. These expenses and certain accounting and auditing fees related to the Plan are paid by the Company. In addition, certain participants of the Plan have outstanding loans with the Plan as of December 31, 2023 and 2022. These transactions qualify as party in interest transactions allowable under ERISA.

Notes To Financial Statements *(Continued)*

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
