INDEPENDENT AUDITOR'S REPORT

To the Procter & Gamble U.S. Business Services Company:

Opinion

We have audited the financial statements of The Procter & Gamble Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE PROCTER & GAMBLE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED JUNE 30, 2024 AND 2023

1. DESCRIPTION OF THE PLAN

The following brief description of The Procter & Gamble Savings Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan document for more complete information.

General — The Plan is a voluntary defined contribution plan that covers substantially all domestic employees of The Procter & Gamble Company (the “Company”) and certain of its subsidiaries. The Plan is the Company’s active 401(k) plan with ongoing contributions funded by employee contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participants are able to choose either a traditional 401(k) or a Roth 401(k).

The Gillette Company Employee Stock Ownership Plan (the “Gillette ESOP”), another qualified plan sponsored by the Company, transferred balances for terminated employees who were not eligible for retiree medical coverage under the Company’s health care plan(s) to the Plan, as allowed under both the Gillette ESOP and the Plan. Balances are also transferred to the Gillette ESOP when certain employees retire and are eligible to pay the same rate as P&G retirees. Transfers between the Plan and the Gillette ESOP are shown in Transfers (to) from Other Qualified Plans - Net.

Zenlen, Inc. was acquired by the Company in 2017 and the Zenlen, Inc. 401(k) plan assets amounting to \$730,706 merged into the Plan in September 2022. The merged amount is included as transfers (to) from other qualified plans – net on the Statement of Changes in Net Assets Available for Benefits, for the year ended June 30, 2023.

The recordkeeper for the Plan is Alight Solutions, LLC. The Custodian and Trustee for the Plan is Northern Trust.

Contributions — The Plan allows contributions by eligible employees. Participants can elect to contribute a portion of their compensation, as defined by the Plan, up to Plan and Internal Revenue Service (IRS) limits. Participants can rollover balances from conduit individual retirement accounts and qualified plans of former employers. In accordance with IRS regulations, participants aged 50 or older are eligible to contribute an additional \$7,500 as a “catch-up” contribution in excess of the maximum 401(k) contributions of \$23,000 and \$22,500, respectively, for the calendar years ended December 31, 2024 and 2023.

Qualified Non-Elective Contributions (QNEC) — QNEC are recorded to provide for certain participants who were not given the opportunity to contribute their elected amounts due to certain administrative errors. There were no QNEC for the years ended June 30, 2024 and 2023. When recorded, the QNEC are immediately 100% vested to the employees. The contributions are made in accordance with IRS regulations and do not affect the tax status of the Plan and are reflected as employer contributions on the statements of changes in net assets available for benefits.

Participant Accounts — Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, an allocation of the Plan's earnings or losses, administrative expenses, and participant withdrawals. The benefit to which a participant is

entitled is limited to the benefit that can be provided from their account. Participants can allocate their account to one or all investment options offered by the Plan.

Investments — Participants may direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers common stocks, common collective trust funds, short-term investment funds and separately managed accounts as investment options for participants.

Vesting — Participants are 100% vested in the assets in their Plan accounts.

Notes Receivable from Participants — The Plan has a loan feature under which active participants may borrow up to 50% of the current value of their vested account balances exclusive of amounts attributable to previous Company contributions (up to a maximum of \$50,000) and at an interest rate equal to the prime rate plus 1%. Loans are repaid via payroll deduction over a period of up to 54 months, except for loans used to purchase a primary residence, which are repaid via payroll deduction over a period of up to 114 months. Principal and interest paid is credited to applicable funds in the borrower's account. Participants who are former employees are not allowed to borrow against their account balances. Upon participant termination or retirement, the outstanding loan balance is treated as a distribution to the participant if repayment is not made by the participant within 90 days of separation, or if an on-going repayment arrangement has not been made with the Plan. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document. As of June 30, 2024, participant loans have maturities through December 2033 with the interest rates ranging from 4.25 percent to 10.5 percent.

Payment of Benefits — The Plan provides for benefits to be paid upon retirement, disability, death, or separation other than retirement as defined by the Plan document. Plan benefits may be made in a lump sum of cash and/or shares of Company common stock in monthly installments, or variable amounts paid monthly. Retired or terminated employees shall commence required minimum benefit payments after the attainment of age 70 ½ (if age 70 ½ prior to January 1, 2020), age 72 (if not age 70 ½ and reach age 72 between January 1, 2020 and December 31, 2022) or age 73 (if not yet age 72 and reach age 73 by January 1, 2023 or later).

A participant may withdraw any portion of after-tax contributions, which were derived from previously merged plans, once in any three-month period. Participants who have attained age 59 1/2 or have demonstrated financial hardship may withdraw all or any portion of their before-tax contributions once in any six month period. Account balances attributable to non-active employees are \$2,012,229,429 and \$1,956,168,816 as of June 30, 2024 and 2023, respectively.

Plan Amendment — The Company has the right to amend the Plan at any time. However, no amendment can reduce the amount of any participant's account or the participant's vested percentage of that account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties — The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Concentrations of Investments — Included in investments at June 30, 2024 and 2023, are shares of P&G common stock of \$1,347,714,746 and \$1,332,057,550, respectively. This investment represents 26.8 percent and 29.5 percent of total investments at June 30, 2024 and 2023, respectively. A significant decline in the market value of P&G common stock would significantly affect the net assets available for benefits.

Investment Valuation and Income Recognition — The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. Quoted market prices, when available, are used to value investments. The cost of securities sold, transferred, or distributed is determined by the weighted-average cost of securities allocated to the participant's account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains (losses) on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned daily and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Administrative Expenses — Investment management expenses are paid by the Plan and are netted against investment income. Loan processing fees are paid by the participants through reduction in their investment balances. Recordkeeping fees of the Plan are paid by the Plan and/or participants through a reduction in their investment balances. In addition, fees paid to other vendors are paid by the Plan.

Payment of Benefits — Benefit payments to participants are recorded upon distribution. There were 15 and 7 participants who elected to withdrawal a total of \$146,862 and \$160,334 from the Plan but had not yet been paid at June 30, 2024 and 2023, respectively.

3. FAIR VALUE MEASUREMENT

ASC 820, *Fair Value Measurement*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. There are no Level 2 or Level 3 investments in this plan. Assets are valued in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Methodologies — Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Common Stocks — Valued at the closing price reported on the active market on which the individual securities are traded.

Common Collective Trust Funds — The Plan uses net asset values as a practical expedient to determine the fair value of the common collective trust funds. Net asset value (NAV) is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Redemption for common collective trust funds is permitted daily with no other restrictions or notice periods and there are no unfunded commitments. In accordance with GAAP, the common collective trust funds measured at net asset value have not been classified in the fair value hierarchy. The fair value amounts presented in the table below are intended to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

Separately Managed Accounts — The Plan's portfolio of individual securities is managed on the participant's behalf. Unlike a mutual fund or exchanged-traded fund, the Plan directly owns the individual securities instead of pooling participant assets with other investors. The individual assets of a separately managed account (SMA) are held in the name of the Plan (the Plan owns the underlying securities) and are considered separately as individual investments for accounting, auditing and financial statement reporting purposes. The Plan's separately managed accounts that are available as investment options for the Plan participants are Procter & Gamble Savings Plan – Russell 2000 Index Separately Managed Account and P&G Savings Short-Term Invested Unitized Account.

Transfers between Levels — The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. The Plan's policy is to recognize transfers between levels at the actual date of the event or change in circumstances that caused the transfer.

The significance of transfers were evaluated between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended, June 30, 2024 and 2023, there were no transfers between levels.

Securities Lending — The Procter & Gamble Savings Plan – Russell 2000 Index Separately Managed Account (also referred to as the Small Cap Equity SL Fund) has a securities lending (SL) program. An agreement was established between BlackRock, Inc. (BlackRock), the Fund Manager, and the Company to lend securities held in the Plan account to third-parties. The fair value of the securities loaned by the Plan is \$84,202,823 and \$147,479,795 at June 30, 2024 and 2023, respectively. The collateral and the securities loaned are marked-to-market on a daily basis so that all loaned securities are fully collateralized at all times.

The SL program for the Small Cap Equity SL Fund has been designed by BlackRock to largely mitigate SL financial risks. SL could result in a loss, if either a) the borrower fails to timely return the on-loan securities or does not return the on-loan securities at all, or b) the collateral for the security on loan is reinvested and declines in value. These two risks have been in principle mitigated as the Fund Manager (BlackRock) of the Small Cap Equity SL Fund provides a full indemnification to replace on loan securities if borrowers default, and the SL agreement requires BlackRock to hold received collateral, thereby eliminating the reinvestment risk. The remaining financial risk is estimated to be very small as is requires simultaneously that a) the borrower of the securities defaults, b) the posted collateral is

insufficient to purchase replacement securities and c) the Fund Manager (BlackRock) defaults at the same time, and hence would be unable to honor its indemnification and other contractual requirements. This already small risk is further mitigated as BlackRock requires collaterals to be marked-to-market daily. If the value of the collateral declines, the borrower is required to provide additional collateral until the collateral covers 102% to 105% of the value of the loaned securities.

The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at June 30, 2024 and 2023.

	2024	2023
Investments Measured at Fair Value:		
Common Stock - Level 1	\$ 1,348,690,763	\$ 1,333,514,746
Separately Managed Accounts:

Investments measured at NAV:		
Common Collective Trust Funds	<u>3,122,963,871</u>	<u>2,633,710,581</u>
Total Investments	<u>\$ 5,029,449,043</u>	<u>\$ 4,515,383,180</u>

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of P&G common stock and funds managed by Northern Trust, as well as asset managers BlackRock and State Street Global Advisors. Transactions with the recordkeeper, trustee, custodian, and investment manager qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

At June 30, 2024 and 2023, the Plan held 8,171,763 and 8,782,276 shares, respectively, of common stock of the Company, the sponsoring employer, with a cost basis of \$657,057,166 and \$665,252,358, respectively. During the years ended June 30, 2024 and 2023, the Plan recorded dividend income on Company common stock of \$32,781,372 and \$32,787,373, respectively.

During the years ended June 30, 2024 and 2023, the Plan's investment in Company common stock, including gains and losses on investments bought and sold as well as held during the year, appreciated in value by \$111,207,500 and \$70,729,342, respectively.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the net assets of the Plan will be distributed to the participants in an order of priority determined in accordance with ERISA and its applicable regulations and the Plan document.

6. FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 20, 2017, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan has been amended since receiving the determination letter from the IRS. The Plan is subject to routine audits by taxing jurisdictions at any time. The Plan has been amended since receiving the determination letter. However, the Company and Plan management have concluded that the Plan, as designed and operated, complies with the applicable requirements of the Internal Revenue Code and the Plan and related trust remain tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
