New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Allied Digestive Health 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditor's Report on the 2020 Financial Statements

Predecessor auditors performed the audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed them not to perform and they did not perform any auditing procedures with respect to the information certified by a qualified institution. In their report dated October 4, 2021, they indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ALLIED DIGESTIVE HEALTH 401(k) PLAN

Notes to Financial Statements

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Allied Digestive Health 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, established on January 1, 2015, is a participant-directed defined contribution plan covering all eligible employees of Allied Digestive Health, LLC (collectively referred to as the “Company,” “Employer,” or “Plan Sponsor”) who have completed one year of employment and have reached 21 years of age, except for members of a collective bargaining agreement, non-resident aliens and leased employees. The Plan provides certain benefits in the event of death, disability, or other termination of employment. Assets of the Plan are held by a trust established under the Plan with Massachusetts Mutual Life Insurance Company by Great-West Life & Annuity Insurance Company (“Mass Mutual”), which was acquired by Empower Retirement LLC (“Empower”) (collectively, the “Trustees”). The Plan’s self-directed brokerage accounts are held by Ameriprise Financial Services, Inc., BestVest Investments, Ltd., Charles Schwab, Citigroup Global Markets, Inc., Hoopoe Advisors, Janney Montgomery Scott LLC, Lereah Advisors, Merrill Lynch, Morgan Stanley, Shore Point Advisors, ShoreHaven Wealth Partners, UBS and Wells Fargo Advisors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute to the Plan up to 92% of compensation on a pre-tax and after-tax basis, with dollar limits established by the Internal Revenue Code (“IRC”). Such contributions are excluded from the participant’s Federal taxable income until received as a withdrawal or distribution from the Plan. Participants may contribute amounts representing distributions from other qualified plans (rollovers). Participants may also elect to make Roth contributions, on an “after tax” basis to the Plan. Contributions are subject to certain limitations.

The Plan provides for an employer match contribution for all eligible participants with a minimum of 1 year of service and a minimum of 1,000 hours of service. For the year ended December 31, 2021, the Company made a safe harbor match that matched 3% of an eligible employee’s compensation for a total safe harbor contribution of \$955,902. Additionally, for the year ended December 31, 2021, the Company established a discretionary employer profit share match for a total discretionary contribution of \$2,234,879. The Plan’s total of all employer contributions was \$3,190,781 for the year ended December 31, 2021.

Participant Accounts

Each participant’s account is credited with the participant’s elective deferral contributions, rollover contributions, the Company’s safe harbor nonelective contribution, as well as allocations of the Company’s discretionary matching and nonelective profit sharing contributions, the Plan’s investments earnings/(losses), net of investment expenses, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, rollovers, and the Company's safe harbor contributions plus actual earnings thereon.

Vesting in matching and profit sharing contributions plus actual earnings thereon is based on years of continuous service. A participant is 100% vested in matching and profit sharing contributions and earnings thereon after six years of credited service.

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0
2	20
3	40
4	60
5	80
6	100

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their contribution investment options daily and may transfer part or all of past investments to other investment options daily. Participants may also elect to change their percentage on a daily basis.

Self-directed Brokerage Accounts

Participants can choose to invest a portion of their accounts in investments not included in the Plan's fund lineup with Mass Mutual. Self-directed brokerage accounts are segregated accounts within the trust fund and are treated for investment purposes as an investment of the account of the participant who has the self-directed brokerage account.

Notes Receivable from Participants

Participants may borrow from their vested fund account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested interest of the participant in the Plan. A participant may have no more than one loan outstanding at any time. All loans are required to be repaid within five (5) years from the date of the loan or up to thirty (30) years for the purchase of a principal residence. The loans are secured by the balance in the participant's account and, unless otherwise determined by the Plan Administrator, bear interest at a fixed rate using the prevailing prime rate (3.25% at December 31, 2021 and 2020) plus 1% that is set at the date of the loan. Principal and interest is paid ratably through bi-weekly payroll deductions. Loans mature at various dates through March 2026 with interest rates ranging from 3.25% to 7.50%.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements as defined by the Plan, the participant's account will be reinstated. Unused forfeitures may be used to reduce administrative costs of the Plan. Any remaining amounts may then be used to reduce future employer profit-sharing contributions. During 2021, there were no forfeitures used to reduce the employer contributions.

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Hardship and In-Service Withdrawals

The Plan Administrator may authorize a lump-sum distribution of up to 100% of the participant's vested account balance (excluding any investment earnings) but not to exceed the amount necessary to meet the financial need created by the hardship provided the participant submits positive evidence of an immediate and heavy financial need as defined in the Plan. In-service distributions of the participant's vested interest are available for any reason upon attaining age 59½.

Deemed Distributions

When a participant fails to make loan repayments under the terms of the loan agreement, the loan is considered to be in default. Deemed distributions on defaulted loans are recorded in the calendar quarter following the calendar quarter during which the loan was defaulted. There were deemed distributions of \$10,807 during the year ended December 31, 2021.

Benefit Payments

Upon termination of service due to death, disability or retirement, as defined in the Plan, participants are entitled to a fully vested lump sum payment of their account balance. For termination of service due to other reasons, participants are entitled to the value of the vested interest in their account as a lump-sum distribution. As of December 31, 2021 and 2020, all employees who elected to withdraw from the Plan had been paid.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Total expenses for the year ended December 31, 2021, amounted to \$245,643. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

All Plan investments with the exception of the self-directed investments are held by the Trustee. The Plan's investments are reported at fair value except for the guaranteed investment contract ("GIC"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

ALLIED DIGESTIVE HEALTH 401(k) PLAN

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are reflected on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of its investments, which consists of the realized gains and the unrealized appreciation on those investments. Management fees and operating expenses charged to the Plan for investments in the self-directed brokerage accounts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as components of net appreciation or decline in fair market value of investments for such investments.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through the date these financial statements were available for issuance, November 15, 2023. After the issuance of the report the Plan was subject to an examination from the Department of Labor.

NOTE 3 – INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan maintains one GIC named the fixed account investment option. The contract underlying this investment options is considered to be fully benefit responsive in accordance with Accounting Standards Codification ("ASC") Topic 962. As of December 31, 2021 and 2020, the contract value of the investment was \$421,192 and \$305,021, respectively, which approximates fair value.

ALLIED DIGESTIVE HEALTH 401(k) PLAN

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 3 – INVESTMENT CONTRACTS WITH INSURANCE COMPANY (Continued)

The trustees' determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. The declared interest rate was 1.65% as of December 31, 2021, and 1.55% as of December 31, 2020. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

The underlying contracts have no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to both investments. Contract value as reported by the trustees represent participant contributions made under the contract, plus credited interest earnings, less participant withdrawals and administrative expenses. Contract value also includes the effects of market value adjustments required in the event of a full or partial plan or contract termination.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 4 – INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mass Mutual, the Trustee of the Plan, has certified to the completeness and accuracy of the:

- Investments (excluding self-directed brokerage accounts) and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in the fair value of the investments, interest and dividends and interest income on notes receivable from participants (excluding all from the self-directed brokerage accounts) reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Investments (excluding self-directed brokerage accounts) reflected on the schedule of assets (held at end of year) as of December 31, 2021.

NOTE 5 – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

ALLIED DIGESTIVE HEALTH 401(k) PLAN

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: The Plan's mutual funds are traded in active markets. The Plan's principal markets for these investments are the NYSE and the NASDAQ Stock Exchange. Accordingly, the mutual funds are considered Level 1 assets and are carried at their quoted market values, or net asset value ("NAV") of shares held by the Plan at year-end.

Pooled separate accounts: Valued at quoted market prices which represent the net asset value NAV of shares or unites held by the Plan.

Self-directed brokerage accounts: Valued at the daily closing price as reported by the fund. All of the mutual funds are open-ended and are registered with the Securities and Exchange Commission. These mutual funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and categorized as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

As of December 31, 2021:	<u>Level 1</u>	<u>Total</u>
Self-directed brokerage accounts	\$ 31,924,813	\$ 31,924,813
Total assets in the fair value hierarchy	<u>\$ 31,924,813</u>

- (1) In accordance with FASB ASC Subtopic 820-10 "Fair Value Measurements," certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table sets forth additional disclosures for the fair value measurements of investments in certain entities that calculate NAV per share (or its equivalent):

NOTE 6 – EXEMPT PARTY-IN-INTEREST

Certain Plan investments are a group annuity contract managed by MassMutual, and various self-directed brokerage accounts managed by Ameriprise Financial Services, Inc., BestVest Investments, Ltd., Charles Schwab, Citigroup Global Markets, Inc., Hoopoe Advisors, Janney Montgomery Scott LLC, Lereah Advisors, Merrill Lynch, Morgan Stanley, Shore Point Advisors, ShoreHaven Wealth Partners, UBS and Wells Fargo Advisors, the custodians as defined by the Plan, and therefore, transactions related to these investments qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through the Plan, rather than direct payments.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account.

Notes to Financial Statements (Continued)

As of December 31, 2021 and 2020 and for the Year Ended December 31, 2021

NOTE 8 – TAX STATUS

The Company adopted a Non-Standardized Pre-Approved Profit-Sharing Plan with a Cash or Deferred Arrangement (“CODA”) sponsored by Ascensus LLP, which received an opinion letter from the Internal Revenue Service (“IRS”), dated June 30, 2020, as to the Plan’s qualified status. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC, and accordingly no provision for income taxes has been included in the Plan’s financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator does not believe there are any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions. The Plan is currently under examination by the DOL.

NOTE 9 – PROHIBITED TRANSACTIONS

The DOL considers late deposits to be prohibited transactions. Plan Management determined that during the year ended December 31, 2021, the Plan Sponsor failed to remit certain employee deferrals to the Plan in a timely manner according to DOL regulations. These late remittances totaled \$191,710. The Employer has undertaken the necessary procedures in accordance with DOL guidance to calculate and reimburse the affected participants for lost earnings due to these late contributions. For the year ended December 31, 2021, lost earnings were calculated to be \$196. During November 2024, corrections for lost earnings and interest thereon, have been fully restored to the participants’ accounts for the late contributions made in the year ended December 31, 2021.
