Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed the audit of the financial statements of the 401(k) Profit-Sharing Plan for Employees of FCP, Inc. ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, (1) Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 and (2) Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated August 23, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the 401(k) Profit-Sharing Plan for Employees of FCP, Inc. (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan, with a cash deferred arrangement established by FCP, Inc. ("Employer"). The Plan covers substantially all employees of the Employer, as defined, except highly compensated employees, leased employees, PRN employees, and nonresident aliens. Employees become eligible upon the first day of the month following the date of hire ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Substantially all investments are participant directed.

Participant Contributions

Each year, participants may elect to defer up to 100% of their compensation, as defined by the Plan, subject to dollar limits set by Federal law. Eligible employees are automatically enrolled into the Plan with a 1% deferral unless the employee affirmatively elects otherwise. Subsequent year contributions are increased by 1% per year to a maximum of 3%. Participants who have reached the age of 50 by the end of the Plan year are eligible to make additional catch-up contributions. Subject to approval by the Plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("Participant Rollovers").

Employer Discretionary Matching and Non-Elective Contributions

The Employer, at its sole discretion, determines the amount of matching contributions which it will contribute to the Plan. Participants must be credited with twelve months of service in order to be eligible for Employer matching contributions. For the year ended December 31, 2023, the Employer did not make a discretionary matching contribution.

The Employer may also elect to make an additional non-elective contribution. In order to receive the non-elective Employer contribution, a participant must be credited with twelve months of service and be employed on the last day of the Plan year. For the Plan year ended December 31, 2023, the Employer did not make a non-elective contribution.

In order to receive an Employer contribution, a participant must complete a year of service, defined as 1,000 hours.

Participant Accounts

Each participant's account is credited with the Participant's contribution and allocations of the Employer's contributions plus earnings/losses thereon, less administrative fees. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant's vested account.

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Vesting

Participant Contributions

Participants are immediately vested in their deferral and rollover contributions plus earnings thereon.

Employer Discretionary Matching and Non-Elective Contributions

Participants' vested interests are based on years of continuous service. Participants become vested in the Employer's contributions and related earnings, at a rate of 25% vested for each year of service, becoming fully vested after four years. A participant also becomes fully vested upon reaching early retirement age, as defined by the Plan, or due to death or disability.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or substantially equal installment payments of such amounts, frequency and duration as the Participant or beneficiary may elect. Upon termination, if a participant's vested account is less than \$1,000, the Plan administrator, after notification, may distribute the entire non-forfeited account balance to the participant. In-service withdrawals from a participant's vested account are available upon incurring a disability or attaining age 59½. Hardship withdrawals (minimum of \$500) may be taken from a participant's total vested account.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their accounts plus earnings thereon. Loan terms range up to five years (or up to 10 years for the purchase of a principal residence). Participants may have two loans outstanding at a time. Loans bear interest at 1% over the prime interest rate. A loan is secured by the vested balance in the Participant's account. Principal and interest are paid ratably through payroll deductions or direct payments.

Forfeitures

A participant who leaves the employ of the Employer forfeits any non-vested balance. The Plan may use the forfeitures to pay Plan expenses or to reduce future Employer contributions. The unused forfeiture balance at December 31, 2023 and 2022 was \$2,118 and \$2,085, respectively.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operations of the Plan. Mutual of America Life Insurance Company ("Mutual of America") is the Plan's custodian and trustee. The Employer, at its discretion, pays substantially all operating expenses incurred in the administration of the Plan.

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Unit Values

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units which are valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and participant accounts are charged or credited with the number of units properly attributable to each participant.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from the estimates that were used.

Reclassifications

Certain reclassifications have been made to the 2022 financial statements to conform to the presentation used in 2023. There is no effect on previously reported net assets available for benefits.

401(k) PROFIT-SHARING PLAN FOR EMPLOYEES OF FCP, INC.

Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events

Plan management has evaluated subsequent events through December 3, 2024, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during the evaluation.

Note 3 - Information Certified by Trustee and Insurance Company

Plan investments are held in a group annuity contract, primarily in pooled separate investment accounts and a guaranteed interest account, by the Plan's trustee and insurance company, Mutual of America Life Insurance Company ("Mutual of America"). The fair value of investments and notes receivable from participant transactions, including interest income and net appreciation in fair values are certified as complete and accurate as reported to the Plan by Mutual of America. Information contained in the supplemental Schedule of Assets (Held at End of Year) and notes receivable from participants have also been certified by Mutual of America.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III).

Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

401(k) PROFIT-SHARING PLAN FOR EMPLOYEES OF FCP, INC.

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Pooled Separate Investment Accounts

Pooled separate investment accounts are valued at the net asset value (“NAV”) of units of the separate accounts. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of a separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual of America Interest Accumulation Account

The Mutual of America Interest Accumulation Account is valued at cost plus accrued interest. Amounts placed in the Mutual of America Interest Accumulation Account are credited with interest at a rate determined by Mutual of America from time to time, and Mutual of America reserves the right to change the interest rates applicable to amounts held in the Interest Accumulation Account at their discretion, but not below the minimum guaranteed interest rate in place at that time.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2023 and 2022:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual of America Interest Accumulation Account	\$ <u>-</u>	\$ <u>172,755</u>	\$ <u>-</u>	\$ <u>172,755</u>
Total assets in the fair value hierarchy	\$ <u>-</u>	\$ <u>172,755</u>	\$ <u>-</u>	\$ 172,755
Investments measured at NAV practical expedient (a)				<u>4,485,891</u>
Total investments at fair value				\$ <u>4,658,646</u>

401(k) PROFIT-SHARING PLAN FOR EMPLOYEES OF FCP, INC.

Notes to Financial Statements

Note 4 - Fair Value Measurements (Continued)

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual of America Interest Accumulation Account	\$ <u>-</u>	\$ <u>170,946</u>	\$ <u>-</u>	\$ <u>170,946</u>
Total assets in the fair value hierarchy	\$ <u>-</u>	\$ <u>170,946</u>	\$ <u>-</u>	\$ <u>170,946</u>
Investments measured at NAV practical expedient (a)				<u>3,924,833</u>
Total investments at fair value				\$ <u>4,095,779</u>

(a) In accordance with ASC Subtopic 820-10, *Fair Value Measurements*, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to the amounts presented in the Statements of Net Assets Available for Benefits.

The fair value of the investments in the pooled separate accounts has been estimated using the NAV of the funds. The pooled separate accounts are redeemable on a daily basis and do not have any redemption restrictions. Additionally, there are no unfunded commitments.

Note 5 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events such as an international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 6 - Related Parties and Party-in-Interest Transactions

Certain Plan investments include pooled separate accounts and a guaranteed interest account, which are managed by Mutual of America. Mutual of America is the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid to Mutual of America and other service providers were \$537 for the year ended December 31, 2023. Notes receivable from participants also qualify as party-in-interest transactions.

401(k) PROFIT-SHARING PLAN FOR EMPLOYEES OF FCP, INC.

Notes to Financial Statements

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan adopted the Mutual of America Financial Group Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan that received a favorable opinion letter on November 30, 2020. The Plan has been amended since that date, however, the Employer believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Delinquent Contributions

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the Employer's general assets. During the year ended December 31, 2022, \$6,520 in participant contributions and participant loan repayments were remitted late to the Plan resulting in delinquent contributions. The delinquent contributions were funded into the Plan in 2023. The earnings on such contributions will be calculated and funded into the Plan during 2023.
