Part I	Service Provider Information (see instructions)
--------	---

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

- a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions).. ☒ Yes ☐ No
- b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)		189439
j Total expenses. Add all expense amounts in column (b) and enter total	2j		5599675

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		19058892
l Transfers of assets:			
(1) To this plan	2l(1)		0
(2) From this plan	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	☒	☐	49256
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	☐	☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	☐	☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	☐	☒	
e Was this plan covered by a fidelity bond?	☒	☐	5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	☐	☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	☐	☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	☐	☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒	☐	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☐	☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	☐	☒	
l Has the plan failed to provide any benefit when due under the plan?	☐	☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	☐	☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	☐	☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ▶ File as an attachment to Form 5500.	OMB No. 1210-0110 2023 This Form is Open to Public Inspection.
For calendar plan year 2023 or fiscal plan year beginning 01/01/2023 and ending 12/31/2023		
A Name of plan DAVID YURMAN ENTERPRISES, LLC RETIREMENT PLAN		B Three-digit plan number (PN) ▶ 001
C Plan sponsor's name as shown on line 2a of Form 5500 DAVID YURMAN ENTERPRISES, LLC		D Employer Identification Number (EIN) 45-4614722
Part I	Distributions	
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 04-6568107		
Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year		3
Part II	Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)	
4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ☐ Yes ☐ No ☐ N/A If the plan is a defined benefit plan, go to line 8.		
5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____ If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.		
6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived)		6a
b Enter the amount contributed by the employer to the plan for this plan year		6b
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount)		6c
If you completed line 6c, skip lines 8 and 9.		
7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ☐ Yes ☐ No ☐ N/A		
8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ☐ Yes ☐ No ☐ N/A		
Part III	Amendments	
9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box. ☐ Increase ☐ Decrease ☐ Both ☐ No		
Part IV	ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.

(1) Contribution rate (in dollars and cents) _____

(2) Base unit measure: ☐ Hourly ☐ Weekly ☐ Unit of production ☐ Other (specify): _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:		
a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: ☐ last contributing employer ☐ alternative ☐ reasonable approximation (see instructions for required attachment)	14a	
b The plan year immediately preceding the current plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	14b	
c The second preceding plan year. ☐ Check the box if the number reported is a change from what was previously reported (see instructions for required attachment)	14c	

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:		
a The corresponding number for the plan year immediately preceding the current plan year	15a	
b The corresponding number for the second preceding plan year	15b	

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:		
a Enter the number of employers who withdrew during the preceding plan year	16a	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers	16b	

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

Part VI	Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans
----------------	---

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment..... ☐

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:

Public Equity: _____% Private Equity: _____% Investment-Grade Debt and Interest Rate Hedging Assets: _____%

High-Yield Debt: _____% Real Assets: _____% Cash or Cash Equivalents: _____% Other: _____%

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:

☐ 0-5 years ☐ 5-10 years ☐ 10-15 years ☐ 15 years or more

20 PBGC missed contribution reporting requirements. If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☐ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation. _____

Part VII	IRS Compliance Questions
-----------------	---------------------------------

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? ☐ Yes ☒ No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).

☐ Design-based safe harbor method

☐ "Prior year" ADP test

☒ "Current year" ADP test

☐ N/A

Independent Auditor's Report

The Plan Administrator
David Yurman Enterprises, LLC
Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of David Yurman Enterprises, LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the David Yurman Enterprises, LLC Retirement Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on November 1, 1985. The Plan covers all eligible domestic employees of David Yurman Enterprises, LLC and its affiliates, David Yurman Retail, LLC and Double Y Loft, LLC (collectively, the Company or Employer). The Company is the sponsor of the Plan (Plan Sponsor). The Plan document was restated January 1, 2017 and several Plan features were amended during 2018.

Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper.

Eligibility

All employees that are not excluded employees, as defined by the Plan document, are eligible to participate in the Plan the first day of the month coinciding with or following the date of hire and age 21 is attained.

Temporary employees and interns must complete a year of service for eligibility (1,000 hours of service during the applicable eligibility computation period).

Contributions

Participants may elect to defer up to 75% of eligible compensation to the Plan. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts from other qualified retirement plans (rollover), as defined in the Plan document. Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC).

The Employer may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferrals. Effective January 1, 2023, the Employer elected to match 100% of each participant's contributions, up to a maximum of 5% of the employee's compensation. For the Plan year 2023, the Employer made \$3,693,943 discretionary matching contributions to the Plan.

Each year, the Employer may make discretionary non-elective contributions to the Plan. To share in the allocations, participants must complete at least 1,000 hours of service during the Plan year and must be employed at the last day of the Plan year. For the Plan year 2023, the Employer did not elect to make non-elective contributions.

Participant Accounts/Vesting

Each participant's account is credited with employee deferrals, Employer matching contributions, and non-elective contributions, if any, as well as an allocation of Plan earnings and losses.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Participant accounts are charged for withdrawals and certain administrative expenses. Allocations are based on Plan earnings, account balances, or specific-participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employees are immediately vested in their voluntary contributions plus actual earnings thereon. Participants become vested in their Employer matching and non-elective contributions plus earnings thereon, as follows:

Years of Service	Vesting (%)
1	25
2	50
3	75
4	100

Participants also become 100% vested in Employer matching and non-elective contributions plus earnings thereon upon reaching normal retirement age, as defined in the Plan document, and upon death or disability prior to termination of employment.

Investment Options

Participants may direct their contributions into various investment options offered with the trustee consisting of mutual funds and a stable value fund.

Forfeitures

The unvested portion of accounts of participants at the time of separation of service from the Company will generally be forfeited upon the earlier of the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or the distribution of the entire vested portion of the participant's account.

Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Forfeitures of amounts attributable to Employer contributions other than Employer matching contributions will be added to any Employer discretionary contribution (e.g., matching or non-elective) and allocated in the same manner. At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$39,859 and \$95,477, respectively. For the year ended December 31, 2023, forfeitures in the amounts of \$259,646 were used to reduce Employer contributions and to pay Plan expenses.

Payment of Benefits

Employees may receive the value of their vested account upon attaining normal retirement age, death, disability, separation of service from the Company, or in case of hardship withdrawals for eligible reasons defined by the Plan document. A participant may elect to receive either a lump-sum distribution in the amount of the participant's account or installment payments.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Notes Receivable from Participants

Pursuant to the Plan agreement, participants may borrow from the Plan at reasonable rates of interest, provided the loan does not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Principal and interest are paid ratably through payroll deductions over a five-year period, unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. At December 31, 2023, all loans had interest rates ranging from 4.25% to 9.50% per annum.

Administrative Expenses

The Plan's administrative expenses are paid from the Plan assets or by the Employer, as provided by the Plan's provisions. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Benefits Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

5. Fair Value Measurements

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at the unadjusted quoted price, which represents the net asset value (NAV) of shares held by the Plan at year-end.

Stable Value Fund - The stable value fund is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value. There are no restrictions on the redemption of this investment and no unfunded commitments.

The following tables provide information, by level, for assets that are measured at fair value (see Note 2):

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$84,993,473</u>	\$ -	\$ -	\$ 84,993,473
Stable value fund*				<u>5,230,356</u>
Total Investments, at fair value				\$ 90,223,829

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 66,332,825</u>	\$ -	\$ -	\$ 66,332,825
Stable value fund*				<u>5,102,962</u>
Total Investments, at fair value				\$ 71,435,787

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts prescribed in these tables are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments may exist.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2023 and 2022.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions and all accounts would be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

7. Party-in-Interest Transactions

Certain Plan investments are managed by the trustee and recordkeeper for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rule under ERISA. Notes receivable from participant loans also qualify as party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The Plan reports certain information differently for financial statement and Form 5500 reporting purposes. The following reconciles the differences between the amounts reported on an accrual basis for financial reporting purposes and the amounts reported on a cash basis for Form 5500 purposes:

<i>December 31,</i>	2023	2022
Net Assets Available for Benefits , per financial statements	\$ 91,736,895	\$ 72,570,880
Less: employer contributions receivable	(334,644)	(201,392)
Less: participants' contributions receivable	(11,115)	(37,244)
Net Assets Available for Benefits , per Form 5500	\$ 91,391,136	\$ 72,332,244

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500:

Year ended December 31, 2023

Changes in Net Assets Available for Benefits , per financial statements	\$ 19,166,015
Less: increase in Employer contributions receivable	(133,252)
Add: decrease in participants' contributions receivable	26,129
Changes in Net Assets Available for Benefits , per Form 5500	\$ 19,058,892

9. Tax Status

The Company adopted Fidelity Management & Research Co.'s pre-approved plan document which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the pre-approved plan document, as then designed, satisfies the applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Late Remittance

For the year ended December 31, 2022, certain employee deferrals were not remitted within the appropriate time period by the Employer. These transactions constitute prohibited transactions, as defined by ERISA. The Employer has taken the appropriate steps to correct the affected participant accounts. The principal amount of \$49,256 related to employee and employer contributions, and lost earnings and interest of \$3,483, have been remitted to the Plan in October 2023.

11. Subsequent Events

Subsequent events were evaluated through December 3, 2024, the date the financial statements were available to be issued. There were no subsequent events requiring adjustments or disclosures to the financial statements.

Independent Auditor's Report

The Plan Administrator
David Yurman Enterprises, LLC
Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of David Yurman Enterprises, LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the David Yurman Enterprises, LLC Retirement Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on November 1, 1985. The Plan covers all eligible domestic employees of David Yurman Enterprises, LLC and its affiliates, David Yurman Retail, LLC and Double Y Loft, LLC (collectively, the Company or Employer). The Company is the sponsor of the Plan (Plan Sponsor). The Plan document was restated January 1, 2017 and several Plan features were amended during 2018.

Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper.

Eligibility

All employees that are not excluded employees, as defined by the Plan document, are eligible to participate in the Plan the first day of the month coinciding with or following the date of hire and age 21 is attained.

Temporary employees and interns must complete a year of service for eligibility (1,000 hours of service during the applicable eligibility computation period).

Contributions

Participants may elect to defer up to 75% of eligible compensation to the Plan. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts from other qualified retirement plans (rollover), as defined in the Plan document. Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC).

The Employer may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferrals. Effective January 1, 2023, the Employer elected to match 100% of each participant's contributions, up to a maximum of 5% of the employee's compensation. For the Plan year 2023, the Employer made \$3,693,943 discretionary matching contributions to the Plan.

Each year, the Employer may make discretionary non-elective contributions to the Plan. To share in the allocations, participants must complete at least 1,000 hours of service during the Plan year and must be employed at the last day of the Plan year. For the Plan year 2023, the Employer did not elect to make non-elective contributions.

Participant Accounts/Vesting

Each participant's account is credited with employee deferrals, Employer matching contributions, and non-elective contributions, if any, as well as an allocation of Plan earnings and losses.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Participant accounts are charged for withdrawals and certain administrative expenses. Allocations are based on Plan earnings, account balances, or specific-participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employees are immediately vested in their voluntary contributions plus actual earnings thereon. Participants become vested in their Employer matching and non-elective contributions plus earnings thereon, as follows:

Years of Service	Vesting (%)
1	25
2	50
3	75
4	100

Participants also become 100% vested in Employer matching and non-elective contributions plus earnings thereon upon reaching normal retirement age, as defined in the Plan document, and upon death or disability prior to termination of employment.

Investment Options

Participants may direct their contributions into various investment options offered with the trustee consisting of mutual funds and a stable value fund.

Forfeitures

The unvested portion of accounts of participants at the time of separation of service from the Company will generally be forfeited upon the earlier of the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or the distribution of the entire vested portion of the participant's account.

Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Forfeitures of amounts attributable to Employer contributions other than Employer matching contributions will be added to any Employer discretionary contribution (e.g., matching or non-elective) and allocated in the same manner. At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$39,859 and \$95,477, respectively. For the year ended December 31, 2023, forfeitures in the amounts of \$259,646 were used to reduce Employer contributions and to pay Plan expenses.

Payment of Benefits

Employees may receive the value of their vested account upon attaining normal retirement age, death, disability, separation of service from the Company, or in case of hardship withdrawals for eligible reasons defined by the Plan document. A participant may elect to receive either a lump-sum distribution in the amount of the participant's account or installment payments.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Notes Receivable from Participants

Pursuant to the Plan agreement, participants may borrow from the Plan at reasonable rates of interest, provided the loan does not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Principal and interest are paid ratably through payroll deductions over a five-year period, unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. At December 31, 2023, all loans had interest rates ranging from 4.25% to 9.50% per annum.

Administrative Expenses

The Plan's administrative expenses are paid from the Plan assets or by the Employer, as provided by the Plan's provisions. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Benefits Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

5. Fair Value Measurements

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at the unadjusted quoted price, which represents the net asset value (NAV) of shares held by the Plan at year-end.

Stable Value Fund - The stable value fund is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value. There are no restrictions on the redemption of this investment and no unfunded commitments.

The following tables provide information, by level, for assets that are measured at fair value (see Note 2):

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$84,993,473</u>	\$ -	\$ -	\$ 84,993,473
Stable value fund*				<u>5,230,356</u>
Total Investments, at fair value				\$ 90,223,829

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 66,332,825</u>	\$ -	\$ -	\$ 66,332,825
Stable value fund*				<u>5,102,962</u>
Total Investments, at fair value				\$ 71,435,787

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts prescribed in these tables are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments may exist.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2023 and 2022.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions and all accounts would be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

7. Party-in-Interest Transactions

Certain Plan investments are managed by the trustee and recordkeeper for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rule under ERISA. Notes receivable from participant loans also qualify as party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The Plan reports certain information differently for financial statement and Form 5500 reporting purposes. The following reconciles the differences between the amounts reported on an accrual basis for financial reporting purposes and the amounts reported on a cash basis for Form 5500 purposes:

<i>December 31,</i>	2023	2022
Net Assets Available for Benefits, per financial statements	\$ 91,736,895	\$ 72,570,880
Less: employer contributions receivable	(334,644)	(201,392)
Less: participants' contributions receivable	(11,115)	(37,244)
Net Assets Available for Benefits, per Form 5500	\$ 91,391,136	\$ 72,332,244

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500:

Year ended December 31, 2023

Changes in Net Assets Available for Benefits, per financial statements	\$ 19,166,015
Less: increase in Employer contributions receivable	(133,252)
Add: decrease in participants' contributions receivable	26,129
Changes in Net Assets Available for Benefits, per Form 5500	\$ 19,058,892

9. Tax Status

The Company adopted Fidelity Management & Research Co.'s pre-approved plan document which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the pre-approved plan document, as then designed, satisfies the applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Late Remittance

For the year ended December 31, 2022, certain employee deferrals were not remitted within the appropriate time period by the Employer. These transactions constitute prohibited transactions, as defined by ERISA. The Employer has taken the appropriate steps to correct the affected participant accounts. The principal amount of \$49,256 related to employee and employer contributions, and lost earnings and interest of \$3,483, have been remitted to the Plan in October 2023.

11. Subsequent Events

Subsequent events were evaluated through December 3, 2024, the date the financial statements were available to be issued. There were no subsequent events requiring adjustments or disclosures to the financial statements.

Independent Auditor's Report

The Plan Administrator
David Yurman Enterprises, LLC
Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of David Yurman Enterprises, LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H (Form 5500), Line 4a - Schedule of Delinquent Participant Contributions and Schedule H (Form 5500), Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the David Yurman Enterprises, LLC Retirement Plan (the Plan) provides only general information about the Plan's provisions. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on November 1, 1985. The Plan covers all eligible domestic employees of David Yurman Enterprises, LLC and its affiliates, David Yurman Retail, LLC and Double Y Loft, LLC (collectively, the Company or Employer). The Company is the sponsor of the Plan (Plan Sponsor). The Plan document was restated January 1, 2017 and several Plan features were amended during 2018.

Fidelity Management Trust Company (Fidelity) is the trustee and recordkeeper.

Eligibility

All employees that are not excluded employees, as defined by the Plan document, are eligible to participate in the Plan the first day of the month coinciding with or following the date of hire and age 21 is attained.

Temporary employees and interns must complete a year of service for eligibility (1,000 hours of service during the applicable eligibility computation period).

Contributions

Participants may elect to defer up to 75% of eligible compensation to the Plan. Contributions may be made to the Plan on a pre-tax and/or after-tax Roth salary deferral. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts from other qualified retirement plans (rollover), as defined in the Plan document. Contributions are subject to certain annual limitations, as imposed by the Internal Revenue Code (IRC).

The Employer may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferrals. Effective January 1, 2023, the Employer elected to match 100% of each participant's contributions, up to a maximum of 5% of the employee's compensation. For the Plan year 2023, the Employer made \$3,693,943 discretionary matching contributions to the Plan.

Each year, the Employer may make discretionary non-elective contributions to the Plan. To share in the allocations, participants must complete at least 1,000 hours of service during the Plan year and must be employed at the last day of the Plan year. For the Plan year 2023, the Employer did not elect to make non-elective contributions.

Participant Accounts/Vesting

Each participant's account is credited with employee deferrals, Employer matching contributions, and non-elective contributions, if any, as well as an allocation of Plan earnings and losses.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Participant accounts are charged for withdrawals and certain administrative expenses. Allocations are based on Plan earnings, account balances, or specific-participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Employees are immediately vested in their voluntary contributions plus actual earnings thereon. Participants become vested in their Employer matching and non-elective contributions plus earnings thereon, as follows:

Years of Service	Vesting (%)
1	25
2	50
3	75
4	100

Participants also become 100% vested in Employer matching and non-elective contributions plus earnings thereon upon reaching normal retirement age, as defined in the Plan document, and upon death or disability prior to termination of employment.

Investment Options

Participants may direct their contributions into various investment options offered with the trustee consisting of mutual funds and a stable value fund.

Forfeitures

The unvested portion of accounts of participants at the time of separation of service from the Company will generally be forfeited upon the earlier of the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or the distribution of the entire vested portion of the participant's account.

Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. Forfeitures of amounts attributable to Employer contributions other than Employer matching contributions will be added to any Employer discretionary contribution (e.g., matching or non-elective) and allocated in the same manner. At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$39,859 and \$95,477, respectively. For the year ended December 31, 2023, forfeitures in the amounts of \$259,646 were used to reduce Employer contributions and to pay Plan expenses.

Payment of Benefits

Employees may receive the value of their vested account upon attaining normal retirement age, death, disability, separation of service from the Company, or in case of hardship withdrawals for eligible reasons defined by the Plan document. A participant may elect to receive either a lump-sum distribution in the amount of the participant's account or installment payments.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Notes Receivable from Participants

Pursuant to the Plan agreement, participants may borrow from the Plan at reasonable rates of interest, provided the loan does not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Principal and interest are paid ratably through payroll deductions over a five-year period, unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan. At December 31, 2023, all loans had interest rates ranging from 4.25% to 9.50% per annum.

Administrative Expenses

The Plan's administrative expenses are paid from the Plan assets or by the Employer, as provided by the Plan's provisions. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded as earned. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the period.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Benefits Payments

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity, a qualified institution.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

5. Fair Value Measurements

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at the unadjusted quoted price, which represents the net asset value (NAV) of shares held by the Plan at year-end.

Stable Value Fund - The stable value fund is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means. The NAV is used as a practical expedient to estimate fair value. There are no restrictions on the redemption of this investment and no unfunded commitments.

The following tables provide information, by level, for assets that are measured at fair value (see Note 2):

December 31, 2023

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$84,993,473</u>	\$ -	\$ -	\$ 84,993,473
Stable value fund*				<u>5,230,356</u>
Total Investments, at fair value				\$ 90,223,829

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 66,332,825</u>	\$ -	\$ -	\$ 66,332,825
Stable value fund*				<u>5,102,962</u>
Total Investments, at fair value				\$ 71,435,787

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts prescribed in these tables are intended and permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments may exist.

The Plan had no financial assets that were measured at fair value on a nonrecurring basis during the years ended December 31, 2023 and 2022.

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions and all accounts would be available for distribution at the same time and in the same manner as would have been permissible had the Plan not been terminated.

7. Party-in-Interest Transactions

Certain Plan investments are managed by the trustee and recordkeeper for the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rule under ERISA. Notes receivable from participant loans also qualify as party-in-interest transactions.

8. Reconciliation of Financial Statements to Form 5500

The Plan reports certain information differently for financial statement and Form 5500 reporting purposes. The following reconciles the differences between the amounts reported on an accrual basis for financial reporting purposes and the amounts reported on a cash basis for Form 5500 purposes:

<i>December 31,</i>	2023	2022
Net Assets Available for Benefits, per financial statements	\$ 91,736,895	\$ 72,570,880
Less: employer contributions receivable	(334,644)	(201,392)
Less: participants' contributions receivable	(11,115)	(37,244)
Net Assets Available for Benefits, per Form 5500	\$ 91,391,136	\$ 72,332,244

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to Form 5500:

Year ended December 31, 2023

Changes in Net Assets Available for Benefits, per financial statements	\$ 19,166,015
Less: increase in Employer contributions receivable	(133,252)
Add: decrease in participants' contributions receivable	26,129
Changes in Net Assets Available for Benefits, per Form 5500	\$ 19,058,892

9. Tax Status

The Company adopted Fidelity Management & Research Co.'s pre-approved plan document which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which stated that the pre-approved plan document, as then designed, satisfies the applicable sections of the IRC. Although the Plan has been amended since the date of the letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained

David Yurman Enterprises, LLC Retirement Plan

Notes to Financial Statements

upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Late Remittance

For the year ended December 31, 2022, certain employee deferrals were not remitted within the appropriate time period by the Employer. These transactions constitute prohibited transactions, as defined by ERISA. The Employer has taken the appropriate steps to correct the affected participant accounts. The principal amount of \$49,256 related to employee and employer contributions, and lost earnings and interest of \$3,483, have been remitted to the Plan in October 2023.

11. Subsequent Events

Subsequent events were evaluated through December 3, 2024, the date the financial statements were available to be issued. There were no subsequent events requiring adjustments or disclosures to the financial statements.
