Independent Auditor's Report

Retirement Plan Committee and Plan Participants of
Arlington Coal & Lumber Co. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Arlington Coal & Lumber Co. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2022, and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Arlington Coal & Lumber Co. 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Arlington Coal & Lumber Co. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all eligible employees of Arlington Coal & Lumber Company (the Company) who are age 21 or older and have performed one year of service with the Company. The Plan was last amended effective December 13, 2021, to merge the Friend Lumber Company 401(k) Profit Sharing Plan into the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to defer and contribute to the Plan an amount from 1% to 100% of their pretax and post-tax gross compensation for 401(k) deferrals and Roth 401(k) deferrals, respectively, not to exceed statutory limits. Effective August 13, 2021, the Plan includes an automatic salary deferral provision for eligible employees at 3% of eligible compensation. Each year, a profit sharing contribution is made at the discretion of the Company. Participants are eligible to receive the profit sharing contribution if they are employed by the Company on the last day of the Plan year, or worked a minimum of 500 hours during the Plan year and have met the eligibility requirements of the Plan to defer. A participant does not have to be deferring into the Plan to receive the profit sharing contribution. For the year ended December 31, 2022, the amount allocated to participant accounts was 5.50% of the employee's eligible compensation for employees of the Company.

Rollovers: With the approval of the Plan Administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Participant accounts: Each participant's account is credited with the participant's contribution, the Company's profit sharing contribution and an allocation of plan earnings. Plan earnings are allocated based on the underlying investments in a participant's account. In addition, each participant's account is charged with investment management fees on a pro rata ratio based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants vest in the Company's profit sharing contributions based on the years of continuous service (with at least 1,000 hours of service each year) and become fully vested after six years of credited service.

Investment elections: Participants may direct the investments of their account. Participants may choose from a selection of mutual funds, a money market fund and common/collective trusts. Each participant has the ability to change his or her investment allocation at any time.

Notes receivable from participants: In accordance with the terms of the Plan, the Plan does not permit notes receivable from participants. However, the Friend Lumber Company 401(k) Profit Sharing Plan did permit notes receivable. The notes receivable were merged into the Plan. No additional notes receivable will be permitted.

Benefit payments: Upon termination, a participant may elect to receive either a lump-sum amount equal to the value of his or her vested account, substantially equal installments, or partial withdrawals. Participants may withdraw, at any time, upon substantial financial hardship as defined in the Plan documents, any portion of the balance in their account, which is attributable to their voluntary tax-deferred contributions and earnings. Participants are limited to one hardship distribution per Plan year.

Note 1. Description of Plan (Continued)

In-service distributions may also be made to a participant who has not separated from service, provided he or she has attained age 59 ½. All distributions are subject to the applicable provisions of the Plan agreement.

Forfeitures: If a participant terminates employment with the Company, the participant shall be entitled to the full value of his or her pretax 401(k) and post-tax Roth 401(k) contributions and the value of the vested portion of his or her Company profit sharing contributions. If the employee is rehired following a break in service, as defined in the Plan documents, any forfeited amount is restored to his or her account if the employee has less than five consecutive one-year breaks in service. Any profit sharing contributions that are forfeited due to participant withdrawal prior to vesting are used to reduce the Company's future profit sharing contributions. For the year ended December 31, 2022, forfeitures generated and used were \$4,868 and \$12,478, respectively. Dividends on forfeited balances amounted to \$67 for the year ended December 31, 2022. At December 31, 2022 and 2021, forfeitures available were \$37 and \$7,580, respectively, and were used to reduce the final 2022 employer profit sharing contribution paid in 2023.

Administrative expenses: Certain administrative expenses, such as audit and recordkeeping fees, are paid for by the Company, while other fees, such as investment fees, are charged to and paid by the Plan directly. Any settlor expenses, which are fees that relate to the design, establishment or termination of the Plan, are paid by the Company. Administrative expenses paid by the Plan were \$54,789 for the year ended December 31, 2022.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (U.S. GAAP) to ensure that net assets available for benefits and changes in net assets available for benefits are consistently reported. References to U.S. GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification (ASC). The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for benefits, the Plan presents the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan documents.

Note 2. Summary of Significant Accounting Policies (Continued)

Fair value measurements: The Plan follows guidance within FASB ASC 820, Fair Value Measurements and Disclosures, which defines fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1: Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2: Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

As of December 31, 2022 and 2021, the Plan does not have any nonfinancial assets or liabilities.

Valuation techniques: There have been no changes in the valuation techniques used during the current period.

Mutual funds and interest-bearing cash fund: Mutual funds and interest-bearing cash funds are valued at quoted market prices. These securities are categorized as Level 1 as they are actively traded and no valuation adjustments have been applied.

Common/collective trust: The fair value of the common/collective trust is estimated using the net asset value (NAV) per unit based on the underlying investments and audited financial statements.

Income taxes: U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities for years before 2019.

Note 4. Information Prepared and Certified by the Plan's Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedules, that were prepared by or derived from information provided by Newport Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Mutual funds	\$ 954,948	\$ 388,926
Common/collective trust	13,329,035	15,759,768
Interest-bearing cash fund	3,445	8,290
	<u>\$ 14,287,428</u>	<u>\$ 16,156,984</u>
Notes receivable from participants	<u>\$ 96,324</u>	<u>\$ 128,465</u>

Newport Trust Company also certified to the completeness and accuracy of \$3,010,070 of net depreciation in fair value of investments, \$560,056 of interest and dividends and \$6,652 of interest on notes receivable from participants related to the aforementioned plan assets for the year ended December 31, 2022.

Note 5. Notes Receivables from Participants

The former Friend Lumber Company 401(k) Profit Sharing Plan permitted its participants to obtain loans against their respective account balances. As of December 31, 2022 and 2021, total loans outstanding were \$96,324 and \$128,465, respectively. During the year ended December 31, 2022, interest earned on such loans totaled \$6,652. Loans to participants are collateralized by the respective participant's remaining account balance. Also, certain restrictions apply to participant loans, as defined in the plan documents.

Note 6. Tax Status

Effective June 30, 2020, the Plan adopted a non-standardized form of a profit-sharing plan sponsored by Newport Group Inc. The non-standardized plan has received a favorable opinion letter from the Internal Revenue Service (IRS) as to the non-standardized plan's qualified status. The pre-approval plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Arlington Coal & Lumber Co. 401(k) Retirement Plan

Notes to Financial Statements

Note 8. Party-in-Interest Transactions

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA.

Note 9. Risks and Uncertainties

The Plan provides for various investment options in any combination of common/collective trusts, mutual funds and other investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 10. Late Remittances

During 2022 and 2021, the plan sponsor inadvertently failed to deposit approximately \$246,992 and \$101,466, respectively, of participant contributions and loan repayments, within the required timeframe as stated by the United States Department of Labor regulations. The plan sponsor intends to deposit lost earnings in the amount totaling approximately \$450 to correct this failure in 2024. The plan sponsor intends to file Form 5330 and intends to pay applicable excise tax to the IRS. The correction and any excise taxes, if applicable will be made from the plan sponsor's assets and not from assets of the Plan.
