## Independent Auditors' Report

### To the Plan Administrator of Wasatch Academy Pension Plan

#### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Wasatch Academy Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Wasatch Academy Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

#### Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Wasatch Academy Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

---

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

---

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at year end) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Notes to Financial Statements**

---

### **1. Description of the Plan**

The following description of the Wasatch Academy Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution 403(b) plan covering employees of Wasatch Academy (the Plan Sponsor or the Employer). In general, employees, excluding employees who have not yet reached 18 years of age or who normally work less than twenty hours per week, are eligible to make pre-tax and post-tax salary reduction contributions to the Plan. The Plan, established January 1, 2001, and last amended as of April 1, 2022, is intended to be a qualified retirement plan under the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### **Recent Pronouncements**

On December 29, 2023, the Setting Every Community Up for Retirement Enhancement Act 2.0 (the SECURE Act 2.0) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Key provisions that may affect plan participants in the future include increasing the age for Required Minimum Distributions (RMDs). Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required. Plan amendments for these changes are not yet required.

#### **Contributions**

Participants may contribute up to 100% of their pretax or post-tax compensation as defined in the Plan, subject to the maximum amount allowable under the IRC. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). Participants who attain age 50 before the end of 2024 are eligible to make additional catch-up contributions. The Employer has provided a 100% discretionary matching contribution up to 8% of the participants' eligible compensation. Participants direct the investment of contributions into various investment options offered by the Plan.

#### **Participant Accounts**

Each participant's account is adjusted for the participant's contributions, the Employer's contributions (if applicable), and an allocation of the Plan's actual earnings or losses and administrative expenses specifically identified with the participant's investment account. The benefit to which a participant is entitled is the participant's vested account balance.

#### **Vesting**

Participants are always fully vested in amounts (including earnings) attributable to any salary reduction contributions and rollover contributions. Employer contributions are 100% vested upon completion of two years of service. Forfeitures may be used to pay plan expenses and to reduce any required employer matching contributions.

#### **Payment of Benefits**

Upon a participant's death, attainment of age 59½, retirement, or termination of employment, a participant or his or her beneficiaries may receive a distribution equal to the vested balance in his or her account as follows: (1) in a single, lump-sum cash payment, (2) through various annuity options, or (3) through installment payments, subject to the Plan's provisions. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to the occurrence of these events. The Plan also allows in-service distributions of rollover contributions at any time.

#### **Forfeitures**

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. The Plan document permits the use of forfeitures to pay plan expenses or reduce future Employer contributions. As of June 30, 2024 and 2023, forfeited nonvested accounts totaled \$141 and \$497, respectively. During the 2024 plan year, forfeitures of \$1,655 were used to reduce Employer contributions.

---

**Administrative Expenses**

Audit related fees for the Plan are paid by the Plan Sponsor. All other Plan administrative expenses are paid for with Plan assets.

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts.

**2. Summary of Significant Accounting Policies****Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

**Use of Estimates**

The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

Mutual funds are reported at fair value based on the daily quoted net asset value (NAV) closing price as reported by the mutual fund on the last day of the Plan year. Equities funds generally compute a daily unit price that is published on an exchange. However, equities funds are not actively traded. Per unit values are determined from the values of the underlying investments. Values of the underlying investments are determined primarily using market quotations or prices from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. Variable annuity contracts are recorded at fair value using NAV as a practical expedient and have no quoted market prices. In general, NAV has been estimated based on market quotations or prices obtained from independent pricing services for the underlying assets. NAV is calculated daily. The value of the real estate fund is principally derived from the market value of the underlying real estate holdings, which are valued using independent appraisals. The non-fully benefit-responsive investment contract is recorded at fair value, which approximates contract value as of June 30, 2024 and 2023. The fully benefit-responsive investment contract is recorded at contract value. Contract value equals the accumulated cash contributions, interest credited, less any withdrawals and transfers.

In general, these investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments and is recognized in income currently. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest are reinvested when received.

**Payments of Benefits**

Benefits are recorded when paid by the Plan.

**Subsequent Events**

Plan management has evaluated events occurring subsequent to year-end through December 6, 2024, the date the financial statements were available to be issued.

### **3. Plan Investments**

#### Mutual Funds

Quoted market prices are used to determine the fair value of shares of registered investment companies, which represent the net asset value of shares held by the Plan at year end.

#### Equities Funds

Quoted market prices of the underlying investments are used to determine the fair value per unit, which represents the net asset value of units held by the Plan at year end.

#### Variable Annuity Contracts

Variable annuity contracts are TIAA Access Annuities. These annuities are variable annuities registered with the Securities and Exchange Commission as an investment company under the Investment Company Act of 1940. They operate as a unit investment trust. As such, they invest in shares of underlying mutual funds. Contributions to TIAA Access Annuities buy accumulation units whose value is calculated daily based on NAV as a practical expedient. The value of a participant's investment rises and falls with the return on the underlying assets.

#### Fully and Non-Fully Benefit-Responsive Investment Contracts

These investment contracts are invested in the TIAA Traditional Benefit-Responsive and TIAA Traditional Non-Benefit-Responsive funds, which are fixed-rate group annuity contracts offered by TIAA. Contributions to these annuities purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns are backed by TIAA's claims-paying ability.

The TIAA Traditional Benefit-Responsive annuity contract holds the Supplemental Retirement Annuity, Group Supplemental Retirement Annuity, and Retirement Choice Plus contracts. These contracts have no liquidity restrictions.

Liquidity restrictions apply to the TIAA Traditional Non-Benefit-Responsive contracts under three types of annuity contracts – Retirement Annuity (RA), Group Retirement Annuity (GRA), and Retirement Choice (RC) – held by the TIAA Traditional Annuity. GRA contracts permit lump-sum withdrawals within 120 days following termination of employment, which are subject to a 2.5% surrender charge. RA contracts restrict lump-sum withdrawals and limit participant-initiated transfers to 10 annual installments and participant-initiated withdrawals are limited to 5 annual installments following termination of employment. RC contracts permit participant-initiated lump-sum withdrawals within 120 days following termination of employment, which are subject to a 2.5% surrender charge. Participant-initiated transfers may only be made in 84 monthly installments, and participant-initiated withdrawals other than lump-sum withdrawals made in the 120-day period following termination of employment may only be made in 84 monthly installments.

#### Real Estate Fund

This fund invests in real estate properties and real estate-related investments. This fund's value is principally derived from the market value of the underlying real estate holdings which are valued using independent appraisals, which are estimates of property values based on a professional's opinion. This fund sometimes holds securities which are generally priced using values obtained from independent pricing sources.

#### Guaranteed Investment Contract

The guaranteed investment contract (GIC) is a stable value investment with a guaranteed rate of return and a guarantee of principal. The GIC is provided through a group annuity contract issued to the retirement Plan. Under the contract, a crediting rate is established for a six-month period of time (rate period) and all assets invested in the GIC are credited with that rate. At the expiration of each rate period, a new crediting rate is declared.

#### 4. Fair Value Measurements

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels. These levels, in order of highest priority to lowest priority, are described as follows:

Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities.

Level 2 – Observable prices other than Level 1 that are based on inputs quoted in less active markets or other observable inputs that can be corroborated by observable market data.

Level 3 – Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of June 30:

Fair Value Measurement and Disclosure (Topic 820): *Investments in Certain Entities that Calculate Net Asset Value Per Share (or its equivalent)* requires disclosures of certain attributes in entities that calculate a NAV per share (or its equivalent) and do not have a readily determinable fair value. The following table sets forth the disclosure of the attributes as of June 30, 2024 and 2023:

<b>June 30, 2024</b>	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Variable annuity contracts	\$ 444,092	-	Daily	Weekly

  

<b>June 30, 2023</b>	<b>Fair Value</b>	<b>Unfunded Commitments</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Variable annuity contracts	\$ 408,834	-	Daily	Weekly

Variable annuity contract investment strategy focuses on seeking high total return over time through a combination of capital appreciation and income. Portfolio investments include equity, fixed income, and real estate funds with a focus on equity funds to take advantage of market conditions and outlook.

The following table sets forth information summarizing the changes in fair value of the Plan's Level 3 investments in the non-fully benefit-responsive investment contract for the year ended June 30, 2024:

## 5. Income Tax Status

The Plan uses a prototype plan document sponsored by Admin Partners LLC. Admin Partners LLC received an opinion letter from the IRS, dated March 31, 2017, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the Internal Revenue Service. However, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. Plan management has concluded that as of June 30, 2024 and 2023, there are no uncertain tax positions that require either recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities for tax years for which the applicable statutes of limitations have not expired. There are no audits of any tax periods currently in progress.

## **6. Exempt Party-In-Interest Transactions**

Certain Plan investments are managed by TIAA and CREF and Empower, trustees of the Plan. These transactions qualify as exempt party-in-interest transactions.

## **7. Trustees Certifications**

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by TIAA and CREF, Reliance Trust Company and Empower, the trustees of the Plan, except for comparing such certified information to information included in the Plan's financial statements and supplemental schedule:

- The investment assets of the Plan
- Plan investment transactions and related income and losses
