Independent Auditor's Report

The Plan Administrator and Participants
Gerresheimer Peachtree City, Inc. 401(k) Plan
Peachtree City, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gerresheimer Peachtree City, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gerresheimer Peachtree City, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Gerresheimer Peachtree City, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and is sponsored by Gerresheimer Peachtree City, Inc. (the Company) effective January 1, 1996, and restated June 1, 2023, to provide deferred tax benefits, savings, and Company discretionary contributions to eligible employees. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees, excluding leased employees and employees under the age of 21, are eligible for participation. Enrollment is allowed on the first day of the month subsequent to the above conditions being met.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 100% of their eligible compensation to the Plan, not to exceed the limit under the Internal Revenue Code (IRC). In addition, eligible Participants are permitted to make catch-up contributions, which are eligible for matching contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect a different percentage. Automatically enrolled Participants have their deferral rate set at 4% with annual increases of 1% up to the maximum of 8%.

The Company provides a safe harbor matching contribution equal to 100% of deferrals up to 4.5% of the Participant's annual compensation contributed to the Plan. The Company may also make an annual discretionary non-elective contribution to the Plan. Participants employed on the last day of the Plan year and have 1,000 hours of service will share in this contribution. No such discretionary non-elective contribution was made by the Company during the year ended December 31, 2023.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on Participant earnings (losses), account balances, or specific Participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested in the Company safe harbor matching contributions after 2 years of service. Alternatively, any discretionary Company contribution become 20% vested after one year, 40% after two years, 60% after three years, 80% after four years, and 100% vested after five years of credited service.

Gerresheimer Peachtree City, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Account balances less than \$1,000 can be directly paid to the Participants in cash. For account balances in excess of \$1,000, but below \$5,000, the Participant's vested balance will be distributed from the Plan. The Participant may either elect to receive this distribution in cash or to roll over the distribution to an individual retirement account (IRA) or to the qualified plan of the Participant's new employer, if permitted in that plan. All other distributions will be made in lump-sum payments and are either paid directly to the Participant or rolled over to another qualified retirement plan. The Plan also allows for in-service withdrawals at age 59½, along with withdrawals in the event of a financial hardship.

Notes Receivable from Participants

A Participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. Loans are repayable through payroll deductions and are secured by the Participant's account balance. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the note. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$100,014 and \$9,133, respectively. Forfeited balances of terminated Participants' non-vested accounts are used to either reduce future employer contributions and/or to offset Plan expenses. During the year ended December 31, 2023, \$16,547 was used to offset employer contributions.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan Participants.

The Plan participates in a revenue sharing program and income from the program can be used to pay Plan administrative expenses. The revenue sharing program account balance was \$138 and \$136 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, total revenue sharing income was \$16,757 and Plan expenses of \$16,757 were paid using those revenue credits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Gerresheimer Peachtree City, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value with the exception of the fully benefit-responsive investment contract, which is recorded at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits because contract value is the amount Participants normally would receive if they initiate permitted transactions under the terms of the Plan.

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market Participants at the measurement date (the exit price). The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan Participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a Participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to Participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower), has certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Gerresheimer Peachtree City, Inc. 401(k) Plan

Notes to Financial Statements

4. Group Annuity Contract

The guaranteed portfolio fund is a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (Empower Annuity). Empower Annuity maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest crediting rate is reset quarterly.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower Annuity, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Company or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, b) a material amendment to the contract without the issuer's consent, c) a violation of a material obligation under the contract, or d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Participants are probable of occurring.

5. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

5. Fair Value Measurement (cont.)

Basis of Fair Value Measurement (cont.)

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trusts was based on information reported by the Empower using the audited financial statements of the collective trust at year-end. The investment income (loss) was allocated to Participants based on their proportionate share of the net assets of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>2,426,411</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>2,426,411</u>
Common collective trusts measured at NAV*				<u>3,822,697</u>
Total investments at fair value			\$ <u>6,249,108</u>	
<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>1,842,212</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>1,842,212</u>
Common collective trusts measured at NAV*				<u>3,181,888</u>
Total investments at fair value			\$ <u>5,024,100</u>	

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate net asset value per share (or its equivalent) follows:

Investment	Fair value at December 31, 2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts**	\$ <u>3,822,697</u>	<u>None</u>	<u>Daily</u>	<u>None</u>

Investment	Fair value at December 31, 2022	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts**	\$ 3,181,888	None	Daily	None

** The common collective trusts invest in single, open-ended mutual funds which are generally identified in the name of the common collective trust fund. The investment strategies of these common collective trusts are consistent with each of the mutual funds identified in the name of the fund.

6. Tax Status

One June 1, 2023, the Plan that operated under the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by My Benefits LLC, moved to a Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with CODA (Pre-Approved Plan) sponsored by Empower Retirement LLC, which received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the Pre-Approved Plan was designed in accordance with the provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any part rendering service to the Plan, the Company, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses are paid directly by the Company. Certain investments are managed by the by Empower Annuity, Empower Investments, and Putnam Investments. Putnam Investments is a related party to Great-West Life Co., the parent company of Empower Investments. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from Participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Plan's financial statements.

9. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in their accounts.

Gerresheimer Peachtree City, Inc. 401(k) Plan

Notes to Financial Statements

10. Operational Error

Plan management identified certain operational issues whereby certain employees were not properly auto enrolled and certain employee deferral elections were not appropriately updated in the payroll system during 2022. Corrective contributions receivable of \$55,033 are included in the statement of net assets as of December 31, 2022. The Company took the necessary corrective action to make the Participants whole and the correction of \$55,033 was funded to the Plan during 2023.

11. Subsequent Events

The Plan has evaluated subsequent events through October 02, 2024, the date the financial statements were available to be issued, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2023, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.

The Plan was subsequently amended, effective January 1, 2024, which increased the Company safe harbor matching contribution to 100% of the first 6% of employee deferrals. Additionally, the Plan was amended, effective May 1, 2024, to reduce the eligible age to 18.

Independent Auditor's Report

The Plan Administrator and Participants
Gerresheimer Peachtree City, Inc. 401(k) Plan
Peachtree City, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gerresheimer Peachtree City, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gerresheimer Peachtree City, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Gerresheimer Peachtree City, Inc. 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and is sponsored by Gerresheimer Peachtree City, Inc. (the Company) effective January 1, 1996, and restated June 1, 2023, to provide deferred tax benefits, savings, and Company discretionary contributions to eligible employees. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

All employees, excluding leased employees and employees under the age of 21, are eligible for participation. Enrollment is allowed on the first day of the month subsequent to the above conditions being met.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 100% of their eligible compensation to the Plan, not to exceed the limit under the Internal Revenue Code (IRC). In addition, eligible Participants are permitted to make catch-up contributions, which are eligible for matching contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect a different percentage. Automatically enrolled Participants have their deferral rate set at 4% with annual increases of 1% up to the maximum of 8%.

The Company provides a safe harbor matching contribution equal to 100% of deferrals up to 4.5% of the Participant's annual compensation contributed to the Plan. The Company may also make an annual discretionary non-elective contribution to the Plan. Participants employed on the last day of the Plan year and have 1,000 hours of service will share in this contribution. No such discretionary non-elective contribution was made by the Company during the year ended December 31, 2023.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on Participant earnings (losses), account balances, or specific Participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is fully vested in the Company safe harbor matching contributions after 2 years of service. Alternatively, any discretionary Company contribution become 20% vested after one year, 40% after two years, 60% after three years, 80% after four years, and 100% vested after five years of credited service.

Gerresheimer Peachtree City, Inc. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, disability, or termination of employment. Account balances less than \$1,000 can be directly paid to the Participants in cash. For account balances in excess of \$1,000, but below \$5,000, the Participant's vested balance will be distributed from the Plan. The Participant may either elect to receive this distribution in cash or to roll over the distribution to an individual retirement account (IRA) or to the qualified plan of the Participant's new employer, if permitted in that plan. All other distributions will be made in lump-sum payments and are either paid directly to the Participant or rolled over to another qualified retirement plan. The Plan also allows for in-service withdrawals at age 59½, along with withdrawals in the event of a financial hardship.

Notes Receivable from Participants

A Participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. Loans are repayable through payroll deductions and are secured by the Participant's account balance. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the note. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$100,014 and \$9,133, respectively. Forfeited balances of terminated Participants' non-vested accounts are used to either reduce future employer contributions and/or to offset Plan expenses. During the year ended December 31, 2023, \$16,547 was used to offset employer contributions.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan as provided in the Plan document. Certain other administrative expenses of the Plan are paid by the Company. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan Participants.

The Plan participates in a revenue sharing program and income from the program can be used to pay Plan administrative expenses. The revenue sharing program account balance was \$138 and \$136 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, total revenue sharing income was \$16,757 and Plan expenses of \$16,757 were paid using those revenue credits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Gerresheimer Peachtree City, Inc. 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value with the exception of the fully benefit-responsive investment contract, which is recorded at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits because contract value is the amount Participants normally would receive if they initiate permitted transactions under the terms of the Plan.

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market Participants at the measurement date (the exit price). The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan Participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a Participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to Participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower), has certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, is covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Group Annuity Contract

The guaranteed portfolio fund is a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (Empower Annuity). Empower Annuity maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The interest crediting rate is reset quarterly.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower Annuity, represents contributions made under the contract, plus earnings (losses), less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Company or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, b) a material amendment to the contract without the issuer's consent, c) a violation of a material obligation under the contract, or d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Participants are probable of occurring.

5. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Basis of Fair Value Measurement (cont.)

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trusts was based on information reported by the Empower using the audited financial statements of the collective trust at year-end. The investment income (loss) was allocated to Participants based on their proportionate share of the net assets of the fund.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>2,426,411</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>2,426,411</u>
Common collective trusts measured at NAV*				<u>3,822,697</u>
Total investments at fair value			\$ <u>6,249,108</u>	
<i>December 31, 2022</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>1,842,212</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>1,842,212</u>
Common collective trusts measured at NAV*				<u>3,181,888</u>
Total investments at fair value			\$ <u>5,024,100</u>	

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate net asset value per share (or its equivalent) follows:

Investment	Fair value at December 31, 2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trusts**	\$ <u>3,822,697</u>	<u>None</u>	<u>Daily</u>	<u>None</u>

Common collective trusts**	\$ 3,181,888	None	Daily	None

** The common collective trusts invest in single, open-ended mutual funds which are generally identified in the name of the common collective trust fund. The investment strategies of these common collective trusts are consistent with each of the mutual funds identified in the name of the fund.

6. Tax Status

One June 1, 2023, the Plan that operated under the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by My Benefits LLC, moved to a Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with CODA (Pre-Approved Plan) sponsored by Empower Retirement LLC, which received an opinion letter from the Internal Revenue Service (IRS) dated November 14, 2022, stating that the Pre-Approved Plan was designed in accordance with the provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any part rendering service to the Plan, the Company, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses are paid directly by the Company. Certain investments are managed by the by Empower Annuity, Empower Investments, and Putnam Investments. Putnam Investments is a related party to Great-West Life Co., the parent company of Empower Investments. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from Participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

8. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Plan's financial statements.

9. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in their accounts.

10. Operational Error

Plan management identified certain operational issues whereby certain employees were not properly auto enrolled and certain employee deferral elections were not appropriately updated in the payroll system during 2022. Corrective contributions receivable of \$55,033 are included in the statement of net assets as of December 31, 2022. The Company took the necessary corrective action to make the Participants whole and the correction of \$55,033 was funded to the Plan during 2023.

11. Subsequent Events

The Plan has evaluated subsequent events through October 02, 2024, the date the financial statements were available to be issued, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2023, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.

The Plan was subsequently amended, effective January 1, 2024, which increased the Company safe harbor matching contribution to 100% of the first 6% of employee deferrals. Additionally, the Plan was amended, effective May 1, 2024, to reduce the eligible age to 18.
