INDEPENDENT AUDITORS' REPORT

Plan Administrator
Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplementary Information Required by ERISA

The supplementary information as of and for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

1. Plan Description

The following description of the Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits for the employees of Marianna Industries, Inc. (the Company). Effective January 1, 2022, Arizona Natural Resources, Inc. was merged into the Plan (see Note 7). Effective in April and May 2023, Cosmolara, Inc. was merged into the Plan and Contract Filing, Inc. was added as a participating employer in the Plan (see Note 7).

Employees are eligible to make salary deferral contributions and receive Company discretionary matching contributions after attaining age 18 and completing three months of service. Eligible employees may become participants on the first day of the month following the date on which entry requirements were fulfilled. Participants are eligible to receive Company discretionary profit sharing contributions after attaining age 18 and completing one year of service with at least 1,000 hours and must be employed on the last day of the Plan year.

Contributions

Participants may contribute up to 90% of their pre-tax annual compensation up to the maximum dollar limits allowable by law. The Plan also allows participants to designate a portion or all of their elective deferral contributions as Roth after-tax contributions. Participants may also contribute amounts representing distributions from other qualified plans. A participant can elect not to contribute or may increase or decrease his or her deferral rate to any rate allowed under Plan provisions on a monthly basis. The Company's discretionary matching contribution is calculated on the participant's elected deferral up to a certain matching percentage as determined by the Company. The Company may also make discretionary profit sharing contributions based on a participant's eligible compensation. All participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year shall be eligible to make catch-up contributions. Contributions are subject to certain limitations.

Notes to Financial Statements

December 31, 2023 and 2022

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of a) the Company's discretionary matching contributions b) the Company's discretionary profit sharing contributions and c) Plan earnings or losses. The Company's discretionary matching contributions are allocated among participants based upon each participant's elected salary deferral. The Company's discretionary profit sharing contributions are allocated among participants based upon eligible compensation of participants. Plan earnings or losses are allocated on the basis of actual results of the investments directed by each participant. Effective January 3, 2022, investments are maintained in individual member accounts managed by Principal Trust Company (Principal). Prior to January 3, 2022, investments were maintained in individual member accounts managed by Reliance Trust Company (Reliance).

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contributions is based on years of continuous service. A participant is 33% vested after one year of credited service and vesting increases 33% per year until a participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest payments must be made through payroll deductions for active participants. Participants pay a note origination fee which is charged to the participant's account.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may receive lump sum, partial, or installment payments equal to the value of the vested funds allocated to the participant's account. In the event the participant does not make an election, distribution payments between \$1,000 and \$5,000 will be directly rolled over to an individual retirement account designated by the plan administrator. Distributions under \$1,000 will be paid out to the participant in the event the participant does not elect a payout option. Participants may also receive in-service and hardship distributions, as permitted in the Plan document. Benefits are recorded when paid.

Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

Forfeitures

Upon a participant's termination of employment before normal retirement, disability or death, the portion of their discretionary contributions not then vested shall be forfeited. The forfeited portion of any participant's account will be used to pay Plan expenses or to reduce discretionary contributions. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$18,352 and \$2,457, respectively. During the years ended December 31, 2023 and 2022, \$2,656 and \$54,787 of forfeitures were used to reduce administrative expenses and reduce discretionary Company contributions, respectively.

Other

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related solely to a specific participant may be charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, *Plan Accounting – Defined Contribution Pension Plans*.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events are Company adopting events or transactions that occur after the statement of net assets available for benefits date, but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through November 21, 2024. The Plan was amended effective January 1, 2024, which included various changes to provisions of the Plan, including changing the Plan name to Cohere Beauty 401(k) Plan and electing the safe harbor plan provision. This change resulted in the Company adopting a safe harbor matching contribution, which is made in amounts equal to 100% of the participant's elective deferral that does not exceed 3% of the participant's eligible compensation plus 50% of the amount of the participant's elective deferral that exceeds 3%, but does not exceed 5%. This amendment also changes the eligibility service requirements from three months of service to 30 days of service and removes the Company discretionary matching and profit-sharing contributions from the Plan.

3. Information Certified by Principal and Reliance

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal and Reliance, except for comparing such information certified by the custodians to information included in the Plan's financial statements and supplementary information.

Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

The following table presents the value of participant-directed Plan assets that were certified by Principal and Reliance at December 31:

	<u>2023</u>	<u>2022</u>
Investments at Fair Value	\$ 8,503,396	\$ 6,459,777
Notes Receivable from Participants	\$ 99,461	\$ 32,528

Principal and Reliance have certified to the completeness and accuracy of the following related to the aforementioned investments for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Net Appreciation (Depreciation) in Fair Value of Investments	\$ 938,247	\$ (836,393)
Interest and Dividends from Investments	8,393	4,560
Net Investment Income (Loss)	\$ 946,640	\$ (831,833)
Interest Income on Notes Receivable from Participants	\$ 7,811	\$ 2,215

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their Net Asset Value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV based on the market value of the underlying investments. FASB ASC 820, *Fair Value Measurement*, allows NAV per share to serve as an estimate of the fair value as a practical expedient as long as certain requirements are met. It is the Plan's assessment that this trust meets those requirements. The participants have the ability to redeem the trust at NAV as of the measurement date on a daily basis. The trust also has no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 577,550	\$ -	\$ -	\$ 577,550
Common Collective Trusts**	-	-	-	7,925,846
Total Investments at Fair Value	<u>\$ 577,550</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,503,396</u>

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 319,443	\$ -	\$ -	\$ 319,443

Marianna Industries, Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

December 31, 2023 and 2022

**Investments measured at fair value using NAV (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient at December 31, 2023 and 2022:

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts	\$ 7,925,846	None	Daily	Daily

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Collective Trusts	\$ 6,140,334	None	Daily	Daily

5. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

Notes to Financial Statements

December 31, 2023 and 2022

7. Plan Mergers

Effective April 2023, the Company completed the merger of the Cosmolara, Inc. 401(k) Profit Sharing Plan (Cosmolara Plan). As a result of the merger, net assets of \$459,778 were transferred and received by Principal in April and May 2023. Also, participants in the Cosmolara Plan began participating in this Plan effective in April 2023.

Effective in January 2022, the Company completed the merger of the Arizona Natural Resources, Inc. Employees 401(k) Plan (ANR 401(k) Plan). As a result of the merger, net assets of the ANR 401(k) Plan of \$2,111,055 were transferred and received by Principal in January 2022. Also, participants in the ANR 401(k) Plan began participating in this Plan effective in January 2022.
