To the Plan Administrator and Trustees of the
AVORS Medical Group 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the AVORS Medical Group 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Reliance Trust Company, a qualified institution, as of December 31, 2023 and for the period from September 5, 2023 to December 31, 2023, and Nationwide Trust Company, FSB, a qualified institution, as of December 31, 2022 and for the period from January 1, 2023 to September 5, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules contained on pages 14 through 15 are presented for purposes of additional analysis and is are not a required part of the financial statements but are supplemental information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AVORS Medical Group 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the AVORS Medical Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing benefits to all employees of AVORS Medical Group and participating employers (the Company) who have completed one year of service with 1,000 hours, are age twenty-one or older, are not governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining, are not a nonresident alien who received no earned income from the Company from U.S. sources, and are not a leased employee or a temporary employee. Eligible employees may begin contributing to the Plan beginning on the first day of the first or seventh month of the Plan Year coinciding with or next following the satisfaction of the eligibility requirements.

During the plan year ended December 31, 2023, the Plan changed asset custodians from Nationwide Trust Company, FSB (Nationwide) and Charles Schwab & Co. Inc., (Charles Schwab) to Reliance Trust Company (Reliance). Prior to the transfer, Nationwide held the participant-directed plan investments, which were funded by participant contributions, and Charles Schwab held the plan assets related to the nonparticipant-directed plan investments which were funded by Company contributions. The assets held by Nationwide were transferred to Reliance in September 2023, and the assets held by Charles Schwab were substantially transferred to Reliance in October 2023. After the transfer of plan assets to Reliance, all plan assets became participant-directed. In connection with Reliance becoming the asset custodian of the Plan assets, Standard Retirement Services, Inc. became the Plan's recordkeeper.

Contributions

Under the provisions of the Plan, each active participant may enter into a salary deferral agreement to defer up to 100 percent of their compensation, up to the maximum allowable amount as determined annually by the Internal Revenue Service (IRS). Participants age 50 and older may contribute catch-up contributions as allowed per IRS limitations. Participants are permitted to make Roth after-tax contributions. Participants may also contribute amounts representing distributions from other qualified contribution plans.

The Plan is considered a safe harbor plan in which all eligible employees are credited with three percent of eligible compensation.

The Company, at its discretion, may make employer matching contributions, not to exceed four percent of employee compensation. For the year ended December 31, 2023, the Company elected not to make any employer matching contributions.

The Company, at its discretion, may make a profit sharing contribution to the Plan. The Company may establish various classifications of employees and in doing so, may contribute a different percentage of compensation to each classification of employees. The Company's practice has been to make profit sharing contributions to each non-highly compensated employee in an amount that is sufficient for the Plan to pass its annual compliance testing when combined with the compliance testing of the Company's cash balance plan. For the year ended December 31, 2023, the Company elected to make a profit sharing contribution of \$130,838.

1. Description of Plan (Continued)

Participant Accounts

An account is maintained for each participant. Each participant's account is credited with the participant's contributions, Company safe harbor contributions, Company matching contributions, Company profit sharing contributions, and participant's Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan and expenses specific to individual participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and Company safe harbor contributions, plus earnings thereon. Vesting in the remainder of the account is based on years of service. A year of service is given for each Plan year in which a participant performs 1,000 or more hours of service. After two years of service, a participant becomes 20 percent vested. Each service year thereafter will increase the participant's vesting by 20 percent, with 100 percent vesting after six years.

Investment Options

Each participant directs employee contributions to his or her account through investment options offered by the Plan. Since the transfer of the nonparticipant-directed investments from Charles Schwab to Reliance in October 2023, participants direct their account balance related to Company contributions. The investment options are comprised of exchange-traded funds, mutual funds, collective investment trust funds, and a stable value fund.

Payment of Benefits

Upon termination of service due to termination of employment, death, disability, hardship, or attainment of age 59½, a participant is entitled to a lump sum distribution equal to the value of the vested interest in the participant's account. Participants who terminate employment shall receive the value of the vested interest in the participant's account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2023, forfeited nonvested accounts were \$35,223 and there were no forfeited nonvested accounts at December 31, 2022. These funds are available to pay Plan administrative expenses and reduce future Company contributions. During the year ended December 31, 2023, no forfeited nonvested accounts were used.

2. Summary of Accounting Policies

The preparation of these financial statements requires Plan management to make estimates and assumptions. Those estimates and assumptions affect the reported amounts of net assets available for benefits, net appreciation in fair value of investments, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Plan management has considered events occurring through November 18, 2024 in its evaluation of the conditions on which estimates were based or for changes in conditions subsequent to the date of the statement of net assets available for benefits, which should be disclosed. The financial statements were available to be issued at this date.

AVORS Medical Group 401(k) Profit Sharing Plan

Notes to Financial Statements

2. Summary of Accounting Policies (Continued)

Plan management also determines the accounting principles to be used in the preparation of financial statements. A description of the significant accounting policies employed in the preparation of these financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Accounting principles generally accepted in the United States of America requires investment contracts held by a defined contribution plan to be reported at contract value for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance company. See Note 6 for fair value measurements.

Purchases and sales of securities are recorded on trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as investments held during the year.

Contributions

Contributions from Plan participants and Company matching contributions, are recorded in the year in which the participant contributions are withheld from compensation. Company safe harbor contributions and Company profit sharing contribution are recorded in the year in which the compensation is paid to eligible employees that is used to calculate the Company safe harbor contribution and the Company profit sharing contribution.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2023, there were unprocessed benefit payments totaling \$38,355 that were paid subsequent to year end on January 3, 2024.

AVORS Medical Group 401(k) Profit Sharing Plan

Notes to Financial Statements

2. Summary of Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's account and are included in administrative expenses, and fees for investment advisory services and contract administration are charged to participant accounts on a pro-rata basis, based on participant account balances. Investment related expenses are included in net appreciation in fair value of investments. Third party administrator fees are paid by the Plan.

3. Certified Investments (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest, and dividends for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance, the Plan's custodian as of December 31, 2023 and for the period from September 5, 2023 to December 31, 2023, and Nationwide, which was the custodian of the Plan's assets related to participant contributions as of December 31, 2022 and for the period from January 1, 2023 to September 5, 2023.

4. Nonparticipant-Directed Investments

Net assets available for benefits at December 31, 2023 and 2022 and the significant components of the changes in net assets available for benefits for the year ended December 31, 2023 related to nonparticipant-directed investments are as follows:

	2023	2022
Net assets available for benefits		
Mutual funds	\$ —	\$ 25,209
Exchange traded funds	—	663,313
Cash	21	17,035

Expenses	(11,260)	
Transfer of assets	<u>(859,326)</u>	
	<u>\$ (853,899)</u>	

5. Stable Value Fund (Unaudited)

The Plan has a group annuity contract with Standard Insurance Company (the Standard). Through the group annuity contract participants may invest in The Standard Stable Asset Fund (the Stable Value Fund). The Standard invests the deposits received from plan participants as part of its general account assets, which include its fixed income securities portfolio and its commercial mortgage loan portfolio. The Standard is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the group annuity contract. The crediting rate for the Stable Value Fund is based in the group annuity contract but may not be less than 1.00. The credit rate is expressed as an annual rate, which is determined daily and compounded quarterly.

Because the Stable Value Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Stable Value Fund, because this is the amount received by participants if they were to initiate permitted transactions under the term of the Plan. Contract value, as reported to the Plan by Reliance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investments in the Stable Value Fund.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

AVORS Medical Group 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Stable Value Fund (Unaudited) (Continued)

The Plan's contract specifies certain conditions under which distributions from the contract may be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. Currently, management believes it is improbable that an event will occur which would cause the Plan to transact contract distributions at less than contract value.

The Standard may terminate the contract if it has determined that certain circumstances that The Standard deems reasonable cause for termination have occurred. Such circumstances include the Plan not abiding by state and federal law, not complying with the terms of the contract, the balance of the investment funds falling below \$25,000, the IRS disqualifying the Plan, or if the Plan has not been adopted within a reasonable time. Payment of the balance in the investment contracts may differ from contract value if the contract holder elects to receive the contract owners account balance using a market value lump sum calculation.

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the Accounting Standards Codification Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2023 and 2022.

Mutual funds and exchange-traded funds: Valued at the daily closing price as reported by the fund, which represents the net asset value (NAV) of shares held by the Plan at year end.

AVORS Medical Group 401(k) Profit Sharing Plan

Notes to Financial Statements

6. Fair Value Measurements (Continued)

Collective investment trust funds: Valued at the NAV of units held by the Plan in the collective investment trust fund. The NAV is based on the fair value of the underlying investments held by the collective investment trust fund less its liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual fund	\$ 25,207	\$ —	\$ —	\$ 25,207
Collective investment trust funds	968,216			968,216
Total investments at fair value	<u>\$ 993,423</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 993,423</u>

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 125,053	\$ —	\$ —	\$ 125,053
Exchange-traded funds	663,313			663,313
Total investments at fair value	<u>\$ 788,366</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 788,366</u>

7. Related-Party and Party-in-Interest Transactions

The Plan invests in the Stable Value Fund issued by the Standard, the recordkeeper for the Plan as of December 31, 2023, and Reliance acts as the Custodian for this investment and, therefore, transactions within this investment qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. As described in Note 2, during the year ended December 31, 2023, the Plan made direct payments to service providers of \$14,324 for services related to the Plan, which was not covered by revenue sharing. The Company directly pays any other fees related to the Plan's operations.

AVORS Medical Group 401(k) Profit Sharing Plan

Notes to Financial Statements

8. Tax Status

The Plan has adopted a non-standardized pre-approved plan designed by its third-party administrator, for which the third-party administrator obtained an opinion letter dated June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the entity has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company matching contributions and Company profit sharing contributions.

10. Nonexempt Transactions

During the years ended December 31, 2023 and 2022, there were unintentional delays by the Company in submitting participant contributions to the custodian in the aggregate amounts of \$12,471 and \$105, respectively. Late remittance of participant contributions constitute a prohibited transaction under ERISA, regardless of materiality. The Company reimbursed the Plan for cumulative lost interest of \$103 during the year ended December 31, 2024.

11. Subsequent Events

On January 1, 2024, FamilyFirst Family Medical Practice, Inc., an affiliate of the Company, joined the Plan as a participating Company. As a result of the adoption, employees of the FamilyFirst Family Medical Practice, Inc. can participate in the Plan, effective January 1, 2024.

Effective January 1, 2024, the Plan was amended to provide for automatic enrollment provisions. Under these automatic enrollment provisions, upon becoming eligible to make employee contributions, employees will be automatically enrolled at three percent of eligible compensation, unless employees elect a different contribution amount or elect out of making contributions to the Plan.
