Independent Auditors' Report

To the Plan Administrator of
Beyer Services 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Beyer Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Beyer Services 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Beyer Services 401(k) Plan and to meet our other ethical responsibilities, in accordance

with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Beyer Services 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Beyer Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Beyer Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Beyer Services 401(k) Plan

Notes to Financial Statements for the year ended December 31, 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Beyer Services 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established for the benefit of all employees of Beyer Services, LLC, Storm Water Solutions, LLC, Beyer Construction LLC, Camino Services LLC, LID Solutions LLC and Corre Camino Services, LLC (collectively the Company) who are not leased employees, nonresident aliens or members of collectively bargained units. Covered employees over the age of 19 are eligible to participate after completing 1,000 hours and one year of eligible service. Entry into the Plan is permitted on the first day of the first month and seventh month of the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The Plan provides for contributions by both participants and the Company as follows:

- *Participant contributions* – Participants may contribute up to 100% of their compensation as defined by the Plan on a pre-tax basis or as Roth contributions on an after-tax basis, subject to certain limitations under the Internal Revenue Code (the Code). The Plan allows catch-up contributions, as defined by the Code, for participants who have attained the age of 50 prior to the end of the plan year. Participants also may rollover any amounts they receive as distributions from another qualified retirement plan.
- *Employer contributions* – The Company makes a safe harbor matching contribution to all eligible employees equal to 100% of each participant's contribution up to 4% of compensation. The Company also may make discretionary matching contributions and non-elective contributions. During 2023, there were no discretionary matching or non-elective contributions made to the Plan.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Vesting – Participants are immediately 100% vested in all participant contributions and safe harbor employer matching contributions plus actual earnings thereon. Effective September 1, 2021, participants are immediately vested in discretionary employer matching and non-elective contributions. Participants who terminated prior to September 1, 2021 become 20% vested in discretionary employer matching and non-elective contributions after two years of credited service and vest 20% per year thereafter, becoming 100% vested after six years of credited service. Participants who are employed at time of death or disability become 100% vested in all amounts at that time.

Participant accounts – Each participant's account is credited with the participant's contribution, related employer contributions and an allocation of the investment earnings and expenses for each fund in which their account is invested. Allocations of investment income and expenses are based on the proportion that each participant's account balance bears to the total of all participant account balances. The only benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes receivable from participants – Participants can borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance in the preceding one-year period or 50% of their vested account balance. The balances in the participants' accounts secure the loans. Loan terms range from one to five years, unless for the purchase of a principal residence, for which loan terms may range up to 15 years. Participants are limited to one outstanding loan at any time. The interest rate on all loans is 2% over the National Prime Rate.

Forfeitures – The Plan uses any amounts forfeited to reduce future employer contributions or to pay plan expenses. During 2023, \$912 in forfeitures were used to pay plan expenses. There were no unused forfeitures at December 31, 2023 or 2022.

Distribution of benefits – The Plan provides for benefit distributions to plan participants or their beneficiaries, equal to the balance of their vested accounts upon death, disability, retirement, or other termination of employment. Participants may withdraw a portion or all of their vested account balance, while still employed, upon reaching the age of 59½. Additionally, participants may qualify for a hardship withdrawal of their elective participant contributions, while still employed, for the purpose of immediate and heavy financial needs, as defined in the Plan document.

Plan termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become 100% vested in employer contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Cash exceeds the federally insured limit per depositor per institution.

Investment valuation – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 6 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions from Plan participants and employer matching contributions from the Company are recorded in the year in which the participant contributions are withheld from compensation.

Benefit payments to participants are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Loan and transaction-specific fees are charged directly to the participant's account and are included in administrative expenses. Investment management fees are included in net appreciation in fair value of investments. Other investment-related and recordkeeping expenses paid by the Plan are included in administrative expenses.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions. Actual results could vary from the estimates that were used.

NOTE 3 – TAX STATUS

The Plan adopted a non-standardized prototype plan document which received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The opinion letter stated that the prototype plan document is designed in accordance with the applicable sections of the Code. In accordance with IRS Revenue Procedures, the Company has determined that it is eligible to and has chosen to rely on the current IRS opinion letter. The plan sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

NOTE 4 – INVESTMENTS

At December 31, 2023, certain assets of the Plan were invested in a mutual fund managed by Charles Schwab Trust Bank (Charles Schwab), the trustee of the Plan. These transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

Individual investments that represent 10% or more of the Plan's net assets as of December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
BlackRock LifePath Index 2045 Fund	\$2,253,712	\$1,766,189
BlackRock LifePath Index 2030 Fund	\$1,994,847	\$1,721,497

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

Certain information related to cash, investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including cash, investments and notes receivable from participants held at December 31, 2023 and 2022, and net

appreciation in fair value of investments and interest and dividend income for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab, the trustee of the Plan.

NOTE 6 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a hierarchy that prioritizes inputs used to measure fair value. The three levels of the fair value hierarchy are as follows:

- *Level 1* – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- *Level 2* – Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- *Level 3* – Inputs are not observable and are based on the reporting entity’s assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at December 31, 2023 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	<u>\$ 16,910,569</u>	<u> </u>	<u> </u>	<u>\$ 16,910,569</u>
Total assets measured at fair value	<u>\$ 16,910,569</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 16,910,569</u>

Assets measured at fair value at December 31, 2022 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	<u>\$ 12,774,869</u>	<u> </u>	<u> </u>	<u>\$ 12,774,869</u>
Total assets measured at fair value	<u>\$ 12,774,869</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 12,774,869</u>

Mutual funds are valued using quoted market prices and are traded on an exchange in an active market. There have been no changes in the valuation method used at December 31, 2023 and 2022. This valuation method may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

NOTE 7 – SUBSEQUENT EVENTS

Management has evaluated subsequent events through December 4, 2024, which is the date that the financial statements were available for issuance. As a result of this evaluation, no events were identified that are required to be disclosed or would have a material impact on reported net assets available for benefits or changes in net assets available for benefits.
