INDEPENDENT AUDITORS' REPORT

Retirement Plan Committee and Participants
Crossaver Plus 401(k) Retirement Plan
Providence, Rhode Island

Report on the 2020 Financial Statements

We were engaged to audit the accompanying financial statements of Crossaver Plus 401(k) Retirement Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2020 financial statements.

Management's Responsibility for the 2020 Financial Statements

Management is responsible for the preparation and fair presentation of the 2020 financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2020 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company (Mass Mutual), in its capacity as administrative services provider for contracts issued by Talcott Resolution Life Insurance Company (formerly named Hartford Life Insurance Company), the insurance company of the Plan, except for comparing such information with the related information included in the 2020 financial statements. We have been informed by the Plan administrator that the insurance company holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the insurance company as of and for the year ended December 31, 2020, that the information provided to the Plan administrator by the insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statements. Accordingly, we do not express an opinion on the 2020 financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of and for the year ended December 31, 2020, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2019 Financial Statements

The 2019 financial statements of Crossaver Plus 401(k) Retirement Plan as of December 31, 2019, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the insurance company. Their report, dated October 14, 2020, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the insurance company, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Report on Form and Content in Compliance With DOL Rules and Regulations 2020

The form and content of the information included in the 2020 financial statements and supplemental schedules, other than that derived from the information certified by the insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CROSSAVER PLUS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 1 DESCRIPTION OF PLAN

The following description of the Crossaver Plus 401(k) Retirement Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective December 27, 1960, and most recently amended January 1, 2016, covering substantially all employees of A.T. Cross Company, LLC (the Company). The Plan exclude collectively bargained employees, non resident aliens and leased employees. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Eligible employees of the Company are eligible to participate in the deferral, Company discretionary match, and Company profit sharing components of the Plan on their first date of employment. Participant's entry dates for the Plan are the first day of the quarter following the date eligibility is satisfied.

Contributions

Upon entry into the Plan, a participant may contribute an amount equal to any percentage from 1% through 100% of his or her annual salary as pre-tax or Roth contributions to the Plan. The Plan includes an automatic salary deferral provision whereby all newly eligible participants are automatically enrolled with a deferral rate starting at 3% of compensation and increasing annually by 1% to a maximum of 6% of compensation. Participants may select an alternative deferral percentage or may opt not to contribute to the Plan.

The Company can make discretionary matching contributions to the Plan each year. During 2020, the Company made discretionary matching contributions to the Plan in an amount equal to 100% of each participant's contribution of 2% or less of the participant's salary, and 50% of each participant's contribution in excess of 2% and up to a maximum of 6% of the participant's salary.

The Plan also allows for profit-sharing contributions at the discretion of the Board of Directors. A participant must complete one year of service and be employed on the last day of the Plan year in order to receive an allocation of profit-sharing contributions. There were no Company discretionary profit-sharing contributions made for the year ended December 31, 2020.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of the Company's contributions and earnings, and is charged with an allocation of administrative fees. Allocations are based on participant earnings, account balances, or specific transactions, as defined. Participants are entitled to the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company matching and profit sharing contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after five years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balances or \$50,000. Loans are repaid through payroll deductions, and the period of repayment for any loan cannot exceed five years. A participant may repay the entire outstanding balance of his or her loan at any time. Participants are limited to one outstanding loan at a time. Each loan is secured by the balance in the participant's account and bears interest at rates commensurate with prevailing market rates. Loans are repaid through payroll deductions based upon an established amortization schedule.

Benefit Payments

Upon early or normal retirement, as defined by the Plan, a participant may elect to receive a lump-sum distribution equal to the vested interest in his or her account, or, alternatively, to have the Plan establish a monthly payment schedule to distribute the benefits in substantially equal installments to the participant over a period of time. Distributions from the participant's vested portion of the Plan are permitted prior to retirement if the participant is able to demonstrate financial hardship as defined by the Code. Additionally, participants that are active status may take an in-service distribution consisting of salary deferrals at age 59 ½ and in an amount up to 100% of the vested account balance at age 65.

Forfeited Accounts

At December 31, 2020 and 2019, forfeited nonvested accounts totaled \$23,560 and \$39,303, respectively. Forfeited contributions will be used to reduce future Company contributions and pay plan expenses. For the year ended December 31, 2020, forfeitures of \$35,325 were used to reduce contributions made by the Company.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully-benefit responsive contract, which is recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2020 and 2019. Delinquent participant notes receivable from participants are reclassified as distributions based upon the terms of the plan document. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through November 13, 2024, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

Mass Mutual Life Insurance Company (Mass Mutual), in its capacity as administrative services provider for contracts issued by Talcott Resolution Life Insurance Company (formerly Hartford Life Insurance Company), has supplied the Plan Administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statement of net assets available for benefits as of December 31, 2020 and 2019, the statement of changes in net assets available for benefits for the year ended December 31, 2020, and the supplemental schedule of assets (held at end of year) as of December 31, 2020. Notes receivable from participants as of December 31, 2020 and 2019 and interest income from participant loans for the year ended December 31, 2022 were not certified.

NOTE 4 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2020 and 2019:

Mutual Funds: Valued at the daily closing price as reported by the fund, Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued at the NAV of units as determined by the insurance company. The PSA NAV is a readily determinable fair value and is the basis for current transactions. The unit value of the fund is calculated daily and available to Plan administrators and client investors. Underlying holdings are primarily valued using independent appraisals or independent pricing sources.

The following tables set forth, by level within the fair hierarchy, the Plan's investments at fair value as of December 31:

2020				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 17,711,859	\$ -	\$ 17,711,859
2019				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 18,298,528	\$ -	\$ -	\$ 18,298,528

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

The fixed account issued by Talcott Resolution Life Insurance Company (formerly Hartford Life Insurance Company) held by Mass Mutual, the insurance company, is a guaranteed investment contract. It meets the fully benefit-responsive contract criteria and is reported at contract value as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

CROSSAVER PLUS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 5 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY (CONTINUED)

This contract meets the fully benefit-responsive investment contract criteria; therefore, is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC; (2) premature termination of the contract; Plan termination or merger; (4) changes to the Plan's prohibition on competing investment options; or (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestiture or spinoffs of a subsidiary) that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines; (2) a breach of material obligation under the contract; (3) a material misrepresentation; or (4) a material amendment to the agreement without the consent of the issuer.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

CROSSAVER PLUS 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 7 PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become fully vested in their accounts.

NOTE 8 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter received from the IRS on the volume submitter plan indicating that the Plan is designed in accordance with the applicable section of the IRC and is therefore not subject to tax under the current income tax law. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by MassMutual. MassMutual is the insurance company as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA. The Plan received \$59,439 of shared revenue, for which \$39,626 was used to pay Plan expenses during the year ended December 31, 2020,. The shared revenue account was \$47,332 and \$27,394 as of December 31, 2020 and 2019, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

NOTE 10 NONEXEMPT PROHIBITED TRANSACTIONS

The Company failed to remit employee deferral contributions and loan repayments for certain participants within the time frame d prescribed by Department of Labor regulations in 2019, 2017 and 2016. These were deemed to be prohibited transactions in accordance with ERISA and the IRS. Plan management will correct these contributions by depositing lost earnings.

NOTE 11 FORM 5500 RECONCILIATION

Certain Plan assets are invested in various pooled separate accounts of MassMutual. MassMutual has chosen not to complete and submit an Annual Report (Form 5500) reporting the pooled separate accounts as “direct filing entities” with the Department of Labor. Therefore, the Plan’s interest in the pooled separate accounts will be reported as an interest in mutual funds in the Plan’s Annual Return/Reports (Form 5500) prepared and submitted for the subject audit year. However, the financial statements for the Plan reflect its representative value in pooled separate accounts.
