Independent Auditor's Report

To the Plan Administrator of
Eisenhower Medical Center 403(b) Retirement Plan
Rancho Mirage, CA 92270

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We were engaged to perform and audit of the financial statements of Eisenhower Medical Center 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(c). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the 2023 financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2023 Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying 2023 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2023 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2023 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2023 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the 2023 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2022 Financial Statements

The Plan's financial statements as of December 31, 2022 (2022 financial statements) were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by qualified institutions. Their audit report dated September 19, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by a institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Eisenhower Medical Center 403(b) Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Eisenhower Medical Center 403(b) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (IRC) and covers all employees of Eisenhower Medical Center (the Hospital or the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Trustee and Administration of the Plan

The trustee and recordkeeper of the Plan is Lincoln Financial Group Trust Company (Trustee or Recordkeeper). The Plan's Investment and Retirement Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Trustees.

Eligibility

Employees are eligible to participate in the Plan immediately, following commencement of employment, as defined in the Plan Document. For participant contributions, there is no minimum age or service requirement. For Employer contributions, a participant must be at least age 18.

Contributions

Each year, participants may elect to contribute up to 75% of pre-tax eligible compensation, as defined in the Plan Document. Participants age 50 or older before the close of the calendar year may also elect to make additional pre-tax catch-up contributions to the Plan. Participants are also allowed to make Roth contributions to the Plan and can make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. The Employer matching contribution is equal to 100% of the participant's deferred contribution up to 5% of the participant's eligible compensation.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their individual deferral, Roth, and rollover contributions and the allocated earnings thereon.

Eisenhower Medical Center 403(b) Retirement Plan

Notes to Financial Statements

A participant's vested interest in the employer matching contributions are based upon participant's years of continuous service. A participant is 100% vested after 5 years of credited service.

Employer Matching contributions are subject to the following vesting schedule below:

Vesting Service (in Years)	Vesting Percentage (%)
Less than 1	-
1 but less than 2	20
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more years	100

Participants become fully vested in the event of retirement, death, and disability, as defined by the Plan.

Payment of Benefits

Upon termination of service, retirement, death, or disability, a participant or beneficiary may elect to receive their benefit as a lump-sum amount, partial amount or in the form of installments. The Plan allows for the automatic lump-sum distribution of participant vested account balances that do not exceed \$1,000, unless elected otherwise. If a participant vested account balance is between \$1,000 and \$5,000, the balance will be automatically rolled over to an individual retirement plan designated by the plan administrator. Upon termination of employment, the Participant may elect to receive a lump-sum payment or defer the receipt of payment according to Plan provisions.

Participants over age 59½ are also entitled to receive a distribution of all or any portion of their vested account balance. Retired participants also have an option of delaying the receipt of benefits. Under certain circumstances, a participant may qualify for a hardship distribution.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$49,758 and \$14,639, respectively. These accounts will be used to reduce employer contributions in a future period. Approximately \$560,578 of the forfeited funds were used to fund employer contributions in 2023.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of \$1,000 not to exceed a maximum of \$50,000, or 50% of the participant's vested account balance, whichever is less. Participants are allowed a maximum of one loan outstanding. The notes are secured by the participant's vested account balance and bear an interest rate equal to the prime rate plus 1% as defined. Interest rates must be commensurate with the interest rates charged by persons in the business of lending money for loans under similar circumstances. The notes are repaid ratably and directly by participants over a period of five years unless used for the purchase of primary residence, in which case, may be repaid over a period of 20 years. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC.

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are stated at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contribution receivable

Participant contributions and any related employer matching contributions are recognized in the period during which the Employer makes the respective payroll deduction from the participant's compensation. Non-elective/Profit sharing contributions are recorded in the relevant period in accordance with the terms in the Plan document.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. All other administrative expenses of the Plan are paid by the Hospital and excluded from these financial statements. Administrative expenses paid by the Plan during the year

Eisenhower Medical Center 403(b) Retirement Plan

Notes to Financial Statements

ended December 31, 2023 were \$445,547. Fees related to administration and participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation in the fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln Financial Group Trust Company and Variable Annuity Life Insurance Company, each a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange

Eisenhower Medical Center 403(b) Retirement Plan

Notes to Financial Statements

Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments measured at fair value:

December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 283,762,977	\$ -	\$ -	\$ 283,762,977
Total Investments, at Fair Value	\$ 283,762,977	\$ -	\$ -	\$ 283,762,977

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 233,279,719	\$ -	\$ -	\$ 233,279,719
Total Investments, at Fair Value	\$ 233,279,719	\$ -	\$ -	\$ 233,279,719

5. Investment in Fully Benefit-Responsive Investment Contracts

In 1995, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company (LFC), and in 1996, the Plan entered into a guaranteed investment contract with Variable Annuity Life Insurance Company (VALIC). LFC and VALIC maintain the assets in both general accounts and separate accounts. The accounts are credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts meet the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contracts are presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by LFC and VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers, or otherwise. The value of the investment contracts at December 31, 2023 and 2022 was \$92,983,041 and \$91,183,610, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Eisenhower Medical Center 403(b) Retirement Plan

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with LFC and VALIC. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs as a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contracts do not permit the termination the agreements prior to the scheduled maturity date.

6. Related-Party and Party-in-Interest Transactions

Certain Plan investments are units of individual annuity contracts held by LFC and VALIC. LFC is a custodian and an insurance carrier and VALIC is an insurance carrier as defined by the Plan. As such, recordkeeping expenses paid to LFC and transactions with LFC and the VALIC qualify as party-in-interest transactions. Additionally, notes receivables from participants are considered exempt party-in-interest transactions.

7. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intention to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants will become 100% vested in their company contributions.

9. Tax Status

The Plan uses a Non-Standardized pre-approved Volume Submitter Plan which received a favorable opinion letter from the IRS, dated March 31, 2017, which states that the Volume Submitter plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.
