INDEPENDENT AUDITOR'S REPORT

Plan Participants and Plan Administrator of the 401(K) Savings and Profit Sharing Plan for Employees of NIKE, Inc.
Beaverton, Oregon

Opinion

We have audited the financial statements of the 401(K) Savings and Profit Sharing Plan for Employees of NIKE, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of May 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended May 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of May 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended May 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of May 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) Savings and Profit Sharing Plan for Employees of NIKE, Inc.
Notes to Financial Statements
May 31, 2024 and 2023

1. Description of the Plan

The following description of the 401(k) Savings and Profit Sharing Plan for Employees of NIKE, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established to provide for the retirement income requirements of and sharing in NIKE, Inc. (the “Company”) profits by eligible employees of the Company and a retirement savings program for the eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Administration of the Plan is performed by the Retirement Investment Committee and the Senior Director, Global Benefits of the Company, as appointed by the NIKE, Inc. Board of Directors.

The Northern Trust Company (“Northern Trust” or the “Trustee”) is the trustee and Fidelity Workplace Services, LLC (“Fidelity” or the “record keeper”) is the record keeper of the Plan. Self-directed brokerage account assets are held in the custody of Fidelity Management Trust Company (the “Custodian”). The Plan’s investment decisions are overseen by the Retirement Investment Committee. Members of the Retirement Investment Committee are appointed by the Board of Directors of the Company.

Eligibility

All employees, except those employees who are (1) covered by a collective bargaining agreement, unless the collective bargaining agreement specifically provides for participation in the Plan, (2) performing services for the Company but are not paid through the Company’s United States payroll living outside the United States and not covered by the Company’s expatriate program, (3) working at the Company’s Memphis Apparel Distribution Center, whose employment is established pursuant to the Company’s Seasonal On Call Casual Employee Reserve (SOCCER) program, (4) not common-law employees, such as leased employees and individuals designated by NIKE the Company as independent contractors, or (5) residing in Puerto Rico and working at the Puerto Rico facility, (6) working for a Company affiliate that is not listed above as a participating affiliate, (7) designated by the Company as temporary employees or interns, or (8) foreign nationals working inside or outside of the United States, during any period when the individual is accruing retirement benefits under a retirement plan maintained outside the United States funded in whole or in part by the Company or a Company affiliate, are eligible to participate in the 401(k) portion of the Plan on the first day of employment, and receive related matching contributions. These eligible employees may receive profit sharing contributions on the first day of the Plan fiscal year coinciding with or immediately preceding completion of one year of employment with at least 1,000 hours of service if they are employed by the Company on the last day of the Plan year.

Contributions

Participants may contribute on a pre-tax and Roth basis up to 75 percent of their eligible annual compensation to the Plan, subject to annual individual deferral limitations under the United States Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, as defined by the IRC. Participants may also contribute amounts representing distributions from other qualified defined contribution plans as well as after-tax contributions up to 3 percent of their annual compensation to the Plan. Additionally, the Company will match participant pre-tax and Roth contributions at a rate of 100 percent of the first 5 percent of the participant's eligible pay that is contributed to their account.

The Company match follows participants' fund selections. One of the available investment choices is the NIKE stock fund. No more than 10 percent of a participant's deferral and corresponding match can go into the NIKE stock fund and a participant can only transfer a portion of his or her existing account balance to purchase the NIKE stock fund if the percentage of their account balance invested in the NIKE stock fund is less than or equal to 20 percent. Transfers out of the NIKE stock fund are permitted at any time.

Investments held by the Plan on behalf of participants are participant-directed, meaning that the individual participant selects the investments for his or her individual account.

Participant Accounts

Separate individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions and rollovers, the Company's matching contributions, expenses and an allocation of the Plan's investment income or losses based upon the participant's election of investment options.

The total benefit to which a participant is entitled is the benefit that can be provided from the participant's vested balance.

Vesting

Participants in the 401(k) portion of the Plan are immediately vested in their elective, rollover, and Company matching contributions, plus actual earnings thereon. The Company's contributions into the profit sharing portion of the Plan vest at 25 percent per year after completing two years of service, and vests 25 percent for each additional year of service until fully vested after five years. Participants in the profit sharing portion of the Plan become fully vested in the Company's contributions in the event of total and permanent disability, death, attainment of 65 years of age, or termination of the Plan.

Forfeitures

Upon a participant's termination, the unvested portion of the participant's profit sharing account is forfeited. Profit sharing forfeitures may be used to reduce future employer contributions or be allocated back to active participants at the Company's discretion. During the year ended May 31, 2024, \$85,000 of profit sharing forfeitures were used to reduce employer contributions. At May 31, 2024 and 2023, accumulated profit sharing forfeitures totaled \$8,126,923 and \$2,702,026, respectively.

Notes to Financial Statements
May 31, 2024 and 2023

Notes Receivable from Participants

Participants may borrow a portion of their elective and rollover contributions by applying to the Plan's record keeper. Participants may borrow from their accounts amounts equal to the lesser of 50 percent of their vested account balance or \$50,000 reduced by the balance of any outstanding loans. The term of the loan repayments ranges up to five years for general purpose loans and up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percentage point. Principal and interest are paid ratably through bi-weekly payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, hardship, resignation, discharge and retirement, a participant is eligible to receive payments in the amount equal to the value of the participant's vested interest in his or her account.

Vested benefits are distributed to participants in a lump-sum payment upon termination or are transferred to another qualified account. Participants with vested benefits greater than \$1,000 can elect to receive a distribution or leave their balance in the Plan. Participants may apply to the Plan's record keeper to withdraw their voluntary 401(k) contributions in the event the participant is over age 59-1/2, or the participant has a financial hardship as stipulated in the Plan provisions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the accounts of all participants would become fully vested. The net assets of the Plan would be distributed among the participants and beneficiaries of the Plan in proportion to their interests after proper allocation of any Plan expenses incurred upon termination.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. See Note 3 for further discussion of fair value measurements.

Investments are purchased and sold at the fair value of the underlying investments and receive the interest and dividend earnings of the underlying investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

401(k) Savings and Profit Sharing Plan for Employees of NIKE, Inc.
Notes to Financial Statements
May 31, 2024 and 2023

Benefits Payable

Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but not yet paid have not been accrued. At May 31, 2024 and 2023, there were \$1,624,527 and \$3,669,496, respectively, payable to participants. See Note 6.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are in net investment income as a separate line item in the Statement of Changes in Net Assets Available for Benefits. The Plan pays for participant maintenance fees, communications fees, and fees for participant transactions and projects.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates, including estimates relating to assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan offers investments in securities that are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities, and thus the net asset value (NAV) of the funds, will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades.

Subsequent Events

The Plan has evaluated events subsequent to May 31, 2024, and determined through November 21, 2024, the date the financial statements were filed, that no significant subsequent events have occurred requiring adjustments to the financial statements or disclosures.

3. Fair Value Measurement

The Plan measures investments at fair value on a recurring basis. Fair value is the price the Company would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. The Company uses a three-level hierarchy that prioritizes fair value measurements based on the types of inputs used, as follows:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly; these include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active. As of May 31, 2024 and 2023, the Plan did not hold any financial instruments categorized as Level 2.
- Level 3: Unobservable inputs with little or no market data available, which require the Plan to develop its own assumptions. As of May 31, 2024 and 2023, the Plan did not hold any financial instruments categorized as Level 3.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2024 and 2023.

Common Stocks: Investments in common stock listed on a national securities exchange and over-the-counter securities are valued at the last reported sale price on the valuation date or, if no sales are reported for that day, the last published sales price.

Self-directed brokerage accounts: The Plan allows participants to invest in self-directed brokerage accounts. The self-directed brokerage accounts include investments in publicly traded registered investment companies. Registered investment companies (or mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Collective trust funds represent investments held in pooled funds. The Plan's interests in the collective trust funds are valued based on the NAV provided by the fund sponsor. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. In the event the Plan were to initiate a full redemption of the collective trust funds, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no significant redemption restrictions or unfunded commitments on these investments. These investments are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Party-in-Interest and Related Party Transactions

The Plan's investments represent funds invested in or maintained by the Trustee and Custodian and therefore these transactions represent exempt party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Certain investments of the Plan are managed by Blackrock, which provides investment management services to the Plan. Blackrock is an owner of NIKE common stock.

A portion of the Plan's assets are invested in shares of Company common stock. For the year ended May 31, 2024, the Plan purchased 175,047 shares of NIKE, Inc. Class B common stock at a cost of \$17,681,647, and the Plan sold 452,229 shares of NIKE, Inc. Class B common stock with proceeds of \$45,439,647. At May 31, 2024 and 2023, the Plan held \$632,517,069 (6,654,572 shares) and \$759,722,681 (7,690,298 shares), respectively, of NIKE, Inc. Class B common stock. Common stock held by the Plan was approximately 11 and 15 percent of investments held as of May 31, 2024 and 2023, respectively. During the year ended May 31, 2024, the Plan had dividend income on shares of the Company's common stock of \$9,970,074.

For the years ended May 31, 2024 and 2023, the Plan received a service credit of \$100,000 allocated based upon assets in the plan, to offset the cost of record keeper provided services only. The amount is non-transferable and cannot be allocated to participant accounts.

5. Plan Tax Status

The United States Internal Revenue Service has determined and informed the Plan by letter dated December 16, 2013 that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at May 31, 2024 and 2023:
