INDEPENDENT AUDITORS' REPORT

To the 401(k) Committee of the
Jellysmack 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Jellysmack 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C)” audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions users made based on these financial statements.

In performing an audit in accordance with GAAS, we: (a) exercise professional judgment and maintain professional skepticism throughout the audit, (b) identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements, (c) obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed, (d) evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and (e) conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules H, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2023 and line 4i – schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JELLYSMACK 401(K) PLAN

Notes to Financial Statements

December 31, 2023

Note 1: Description of plan

The following description of the Jellysmack 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. Kelli Network, Inc. dba Jellysmack (the “Company”) is the Plan Sponsor.

General: The Plan is a defined contribution plan established on February 1, 2022 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan provides benefits for eligible employees of the Company.

The Plan is administered by its sponsor, the Company, who retained the services of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal”) as the Plan’s trustee, recordkeeper, and third party administrator through December 31, 2023.

Eligibility: Except for excluded employees, all employees who have reached eighteen years of age are eligible to participate in the Plan. Employees may enter the Plan on the first day of the next month after meeting the eligibility requirements for elective deferral contributions and for all other contribution types immediately upon completion of three months of service. An employee may elect not to participate in the Plan.

Participant contributions: Participants may elect to contribute up to 100% of their eligible compensation, subject to the maximum allowed under section 401(k) of the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the Plan year are eligible to make “catch-up” contributions, subject to statutory limits. Participants are also permitted to deposit into the Plan distributions received from other qualified plans (rollovers). Participants may also designate a portion or all of their contributions as Roth contributions. Roth contributions are post-tax contributions of eligible compensation, maintained in separate accounts in the Plan. Participants direct the investment of their account balances into various investment options offered by the Plan. A participant may elect to increase or decrease their percentage as of any date.

Employer contributions: The Company has elected to make 401(k) safe harbor qualified matching contributions equal to 100% of contributions up to 4% of compensation. The Company made safe harbor qualified matching contributions of approximately \$472,000 in 2023. The Company may also, at its sole discretion, determine how much, if any, it will make as a qualified nonelective contributions. The Company did not make any discretionary contributions in 2023.

JELLYSMACK 401(K) PLAN

Notes to Financial Statements

December 31, 2023

Participant accounts: Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's employer contributions, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account at the date immediately preceding the commencement of processing the distribution.

Investment options: The Plan provides for investments to be directed by participants into a number of investment options held by the trustee. Participant investment options include a variety of mutual funds. Earnings of each investment fund are allocated to participants' accounts in proportion to each participant's share of that fund.

Vesting: Participants become immediately vested in their contributions, including rollovers of funds from other qualified retirement plans, qualified matching contributions, qualified nonelective contributions, and earnings thereon. Discretionary matching contributions vest on a six-year graded schedule. There have been no discretionary matching contributions to date.

Notes receivable from participants: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or up to 100% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at market financing rates. Loan terms range from one to five years and may not exceed five years, except for notes used for the purchase of a primary residence, which may be repaid over a longer period of up to fifteen years. Principal and interest are paid ratably through payroll deductions. A participant may not have more than two loans outstanding at a time.

Payment of benefits: On termination of service due to death, disability, retirement, or separation from service, participants may receive benefits in a lump sum payment, partial payment, or distribution in kind, in accordance with the Plan. Unless otherwise instructed by the participant, participants with vested account balances between \$1,000 and \$5,000 will be automatically rolled into an individual retirement account. Participants with vested account balances of \$1,000 or less upon separation will receive a lump sum cash payout. As an active participant in the Plan, a participant may, upon attaining age 59 ½, request the distribution of his or her balance. In addition, a participant may apply for a hardship withdrawal, if he or she is experiencing an immediate and heavy financial need as defined by the specific criteria in the Plan document.

JELLYSMACK 401(K) PLAN

Notes to Financial Statements

December 31, 2023

Administrative expenses: Substantially all administrative expenses of the Plan are paid by the Plan. Separate fees for processing of distributions and notes and certain investments as specified in the service agreement, are charged to individual participant's accounts.

Note 2: Significant accounting policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions from participants are recorded when withheld from the participant. Benefit payments to participants are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and schedules. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at their fair values. The shares of registered investment companies (mutual funds) are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair value measurements: The Plan performs fair value measurements in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Net appreciation (depreciation) in fair value of investments: The earnings, expenses, realized gains or losses, and unrealized appreciation (depreciation) in registered investment companies and other investments are recorded in the accompanying financial statements as net appreciation (depreciation) in fair value of investments.

Investment management fees and operating expenses: Investment management fees and operating expenses charged to the Plan for investments in various funds are deducted from the participant's account balance.

Subsequent events: The Plan has evaluated subsequent events through the date that the financial statements were available to be issued which is the date of the independent auditors' report.

Note 3: Fair value

The Plan performs fair value measurement in accordance with ASC 820 which defines fair value as the price that would be received from selling an asset in an orderly transaction between market participants at the measurement date. The accounting guidance for fair value measurement requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard establishes a fair value hierarchy based on the level of independent, objective evidence surrounding the inputs used to measure fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The fair value hierarchy is as follows:

- Level 1: quoted prices in active markets for identical assets or liabilities;
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted entirely of mutual funds as of December 31, 2023 and 2022 and were determined to be Level 1 by the Plan administrator.

	2023	2022
Mutual funds	\$ 4,004,480	\$ 2,429,274
Total investments measured at fair value	\$ 4,004,480	\$ 2,429,274

The Plan's valuation methodology used to measure the fair value of mutual funds were derived from quoted market prices as substantially all of these instruments have active markets.

Note 4: Investments

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal, the trustee of the Plan, as complete and accurate, except for comparing such information to information included in the Plan's financial statements and supplemental schedules.

The following information included in the financial statements and supplemental schedules was provided by and certified by the Plan's trustee as complete and accurate:

- Investments as shown in the Statement of Net Assets Available for Benefits as of December 31, 2023 and 2022.
- Investment income (loss), as shown in the Statement of Changes in Net Assets Available for Benefits for the year presented.
- Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

Note 5: Party-in-interest transactions

Exempt party-in-interest transactions: At December 31, 2023 and 2022, the Plan did not hold investments in funds managed by Principal.

Nonexempt party-in-interest transactions: During the year ended December 31, 2023, the Plan Sponsor experienced unintentional delays in the remittance of withheld participant contributions to the Plan, which was not considered timely in accordance with Department of Labor ("DOL") regulations. This constitutes a violation under ERISA and is considered a prohibited transaction.

The accompanying Supplemental Schedule of Delinquent Participant Contributions discloses these non-exempt transactions in accordance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Plan management has corrected the non-exempt transactions in the current year, which has placed the Plan back in compliance with ERISA and DOL regulations. Lost interest assessed related to delinquent contributions is still in the process of being corrected but is believed to be immaterial for the year ended December 31, 2023.

Note 6: Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer matching account balances.

Under ERISA, a partial plan termination may occur if a significant percentage of the plan participants are terminated because of an action taken by the Plan Sponsor. If a partial plan termination occurs, full vesting is required for the terminated participants, but the remaining participants' vesting continues according to the Plan provisions.

During 2023, as a result of a reduction in the Company's workforce, the Plan experienced a partial plan termination, as defined by ERISA. All terminated employees who were participants in the Plan were fully vested in their account balances as of the date of the partial plan termination.

Note 7: Income tax status

The prototype plan adopted by the Plan Sponsor obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not received a separate opinion letter however the Plan administrator believes that the prototype plan, as adopted by the sponsor, is operating in compliance with the requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and uncertainties

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participant account balances.

Note 9: Subsequent events

The Plan was retroactively amended in June 2024 to reflect the date that the Company adopted the Justworks Retirement Savings Plan was April 1, 2019. The effective date of the standalone plan remains February 1, 2022.

Notes to Financial Statements

December 31, 2023

Subsequent to year end, the Company determined to close the business and as a result, intends to terminate the Plan, subject to provisions of ERISA, in February 2025. Employer contributions will be ceased as of January 1, 2025. As a result of the Plan termination, participants will become 100% vested in their employer matching account balances. Upon termination, elective employee deferrals into the Plan will be ceased. The Plan Sponsor has notified participants of the termination and is currently determining how remaining assets will be distributed.

Re: Accountant's Report and Form 5500 filing for 2023

Dear Sir/Madam:

We are currently in the process of completing our audit of the Plan for the year ended December 31, 2023. We regret the audit report is not attached to the Form 5500 at this time. We will amend our 2023 Form 5500 filing and submit the Plan's audit report with the amended filing as soon as possible.

Sincerely,

Ceara Martinez
Sr. Director, People
