## INDEPENDENT AUDITOR'S REPORT

To the Trustees  
**Bergmeyer Associates, Inc. 401(k) Plan**

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of **Bergmeyer Associates, Inc. 401(k) Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits (in liquidation) as of February 15, 2024, and December 31, 2023, and the related statement of changes in net assets available for benefits (in liquidation) for the period January 1, 2024 through February 15, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of **Bergmeyer Associates, Inc. 401(k) Plan's** financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of February 15, 2024, and December 31, 2023, and for the period January 1, 2024 through February 15, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to, or derived from, the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Bergmeyer Associates, Inc. 401(k) Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Bergmeyer Associates, Inc. 401(k) Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Bergmeyer Associates, Inc. 401(k) Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Bergmeyer Associates, Inc. 401(k) Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting**

As described in Note 1 to the financial statements, the governing body of **Bergmeyer Associates, Inc. 401(k) Plan** approved a plan of liquidation in September 2023, and management determined liquidation was imminent. As a result, the financial statements are presented on the liquidation basis of accounting. Our opinion is not modified with respect to that matter.

#### **Other Matter – Supplemental Schedule Required by ERISA**

The supplemental schedule of delinquent participant contributions as of February 15, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

To the Trustees  
**Bergmeyer Associates, Inc. 401(k) Plan**  
Page 4

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to, or derived from, the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

### NOTE 1: DESCRIPTION OF PLAN

The following description of Bergmeyer Associates, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General:** The Plan was a defined-contribution plan established on November 1, 1993, to provide retirement and other related benefits to all employees of Bergmeyer Associates, Inc. (the "Company"). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

**Plan Termination:** The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In September 2023, the Board of Directors voted to terminate the Plan and merge the assets of the Plan into a Pooled Employer Plan. The assets were transferred out of the Plan on February 15, 2024, and totaled \$12,597,048. Participants were notified of a blackout period while their accounts were being transferred to the Pooled Employer Plan.

**Eligibility:** An employee who was age twenty-one or older became eligible to participate for purposes of salary reduction contributions upon hiring.

**Contributions and Allocations:** Participants could contribute an amount up to the maximum allowable limit set by the Internal Revenue Code ("IRC") each year, as defined in the Plan. Participants who had attained the age of fifty before the end of the Plan year were eligible to make catch-up contributions as prescribed by Treasury regulations. Participants could deposit amounts received from any other retirement plan which satisfied the tax rules for rollovers.

Unless directed otherwise by the participant, upon becoming eligible to participate in the Plan, 6% of a participant's eligible compensation was contributed to the Plan. This deferral percentage would increase 1% per year up to a maximum of 10%.

Participants could designate a portion, or all, of their deferred contributions as Roth contributions, which were includable in the participants' gross income.

The Company was permitted to make discretionary employer matching contributions in an amount up to 8% of a participant's eligible compensation. Effective May 1, 2023, the Board of Directors voted to temporarily suspend the match. Participants were 100% vested in these contributions when made. The Company did not make employer matching contributions during the period ended February 15, 2024.

**Participant Accounts:** Each participant's account was credited with the participant's contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) were based on account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account balance.

### NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

**Investment Options:** Participants directed the investment of contributions into various investment options offered by the Plan.

**Vesting:** Participants were immediately vested in their voluntary contributions, employer contributions and any actual earnings thereon.

**Notes Receivable from Participants:** Participants could borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan transactions were treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms could not exceed five years unless for the purchase of a primary residence. Loans were secured by the balances in the participants' accounts and were supported by a promissory note. Loans bore interest at rates based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances (4.25% to 9.50% at February 15, 2024). Principal and interest were paid ratably usually through payroll deductions. If the participant terminated employment or retired, the outstanding loan balance was due immediately unless the participant remained a party-in-interest. If the participant qualified as a party-in-interest, the participant could continue to pay the loan after termination. Failure to repay would result in the loan being offset from the participant's account. The offset loan amount could be considered a taxable distribution to the participant. Participants could prepay an outstanding loan at any time without a penalty.

**Payment of Benefits:** On termination of service due to death, disability, retirement, or other reasons, a participant could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installment distributions.

A participant could also request a withdrawal upon attainment of age 59½, or upon demonstration by the participant to the Plan Administrator that the participant was suffering from a hardship, as defined in the Plan document.

**Forfeited Accounts:** Forfeited accounts could be used to pay administrative expenses and any remaining amounts could be used to reduce future employer contributions. There was \$0 and \$1,906 in the forfeiture account as of February 15, 2024, and December 31, 2023, respectively.

### NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting:** The Plan's financial statements were prepared on the liquidation basis in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The liquidation basis required all assets to be reported at fair market value. The financial statements and supplementary schedule had been prepared to satisfy the reporting and disclosure requirements of ERISA.

### NOTES TO FINANCIAL STATEMENTS

#### NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

**Investment Valuation and Income Recognition:** Investments were reported at fair value. Fair value was the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by the investment advisers, trustees and other parties involved with the Plan. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation in fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the period.

**Administrative Expenses:** Certain expenses for maintaining the Plan were paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company were excluded from these financial statements. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation of fair value of investments.

**Use of Estimates:** The preparation of financial statements in conformity with GAAP requires Plan Management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties:** The Plan utilized various investment instruments. Investment securities, in general, were exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it was reasonably possible that changes in the values of investment securities would occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits (in liquidation).

**Payment of Benefits:** Benefit payments to participants were recorded when paid.

**Notes Receivable from Participants:** Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when they were incurred. No allowance for credit losses had been recorded as of February 15, 2024, and December 31, 2023.

**BERGMEYER ASSOCIATES, INC. 401(K) PLAN

**NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Uncertain Tax Positions:** GAAP required Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan had taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator had analyzed the tax positions taken by the plan, and had concluded that as of February 15, 2024, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan was subject to routine audits by taxing jurisdictions; however, there were currently no audits for any tax periods in progress. The Plan Administrator believed it was no longer subject to income tax examinations for years prior to 2021.

**NOTE 3: TAX STATUS**

The Internal Revenue Service (“IRS”) had determined in its opinion letter dated June 30, 2020, that the prototype plan document of Principal Financial Group, adopted by the Plan, constituted a qualified trust under Section 401(a) of the IRC and was exempt from federal income taxes under provisions of Section 501(a). The Plan had not received a determination letter specific to the Plan itself and the Plan had been amended since the latest determination letter; however, the Plan Administrator believed that the Plan was currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes had been included in the Plan’s financial statements.

**NOTE 4: CERTIFICATION OF TRUSTEE**

The Plan Administrator had elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the Trustee, certified that the following data included in the accompanying financial statements was complete and accurate.

	<u>February 15,</u> 2024	<u>December 31,</u> 2023
Pooled separate accounts	\$ -	\$ 12,463,245
Guaranteed investment contract	\$ -	\$ 54,092
	<u>Period from</u> <u>January 1,</u> <u>through</u> <u>February 15,</u> 2024	
Net appreciation in fair value of investments	\$ 304,871	
Interest and dividend income	\$ 182	

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

### NOTE 5: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provided a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gave the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 were described as follows:

Level 1 - inputs to the valuation methodology were unadjusted quoted prices for identical assets or liabilities in active markets that the Plan could access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that were observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that were observable for the asset or liability;
- inputs that were derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability had a specified (contractual) term, the Level 2 input must have been observable for substantially the full term of the asset or liability.

Level 3 - inputs that were unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy was based on the lowest level of any input that was significant to the fair value measurement. Valuation techniques used needed to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023. There were no assets at February 15, 2024.

*Pooled separate accounts:* Valued at the unit value based on the net asset value ("NAV") of the underlying mutual fund at year end. The NAV, as provided by the fund manager, was used as the practical expedient to estimate fair value. The NAV was based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not have been used if it was determined that the fund would sell the investment for an amount different from the reported NAV.

*Guaranteed investment contract:* Fair value was the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represented contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

**NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)**

The preceding methods described may have produced a fair value calculation that may not have been indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believed its valuation methods were appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could have resulted in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Guaranteed investment contract	\$ -	\$ -	\$ 54,092	\$ 54,092
Total investments in the fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 54,092</u>	54,092
Investments measured at NAV (a):				
Pooled separate accounts				12,463,245
Total investments, at fair value				<u>\$ 12,517,337</u>

(a) In accordance with Subtopic 820-10, the pooled separate account investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table were intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits (in liquidation).

During the year ended December 31, 2023, there were \$132,647 of purchases of level 3 assets and \$207,214 of sales of level 3 assets. For the period January 1, 2024, through February 15, 2024, there were \$52,443 of sales of level 3 assets.

**Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements:** The following table represents certain information about the significant unobservable inputs used in the Level 3 value measurements as of December 31, 2023:

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Significant Input Values</u>
Guaranteed investment contract	\$ 54,092	Market value formula	Crediting rate history	5.10%

**NOTE 5: FAIR VALUE MEASUREMENTS (CONTINUED)**

**Fair Value of Investments in Entities that use NAV:** The Plan invested in various pooled separate accounts with Principal. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023:

<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Other</u> <u>Redemption</u> <u>Restrictions</u>	<u>Redemption</u> <u>Notice Period</u>
Pooled separate accounts	\$ 12,463,245	None	Daily	None	30 Days

**NOTE 6: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan's investments were held primarily in pooled separate accounts offered by Principal Life Insurance Company and the Plan paid certain related fees. As Principal Life Insurance Company was the Plan's Trustee, they were considered to be exempt party-in-interest transactions.

**NOTE 7: GUARANTEED INVESTMENT CONTRACT**

The Plan had an ongoing group annuity contract with Principal under which the Plan deposited annual contributions necessary to continue the Plan as a qualified plan. The contract, which was considered non benefit-responsive, was included in the financial statements at fair value, as reported to the Plan by the insurance company. The value represented contributions made under the contract, plus earnings, less withdrawals. Plan deposits were made to the General Interest Account (an immediate participation guaranteed contract). The General Investment Account was credited with investment income determined by the "investment year" method. This method provided that money invested during a year was credited with a rate of return based on the yield earned by new investments in that year. In subsequent years, the income continued to be credited based on the original investment rate modified for reinvestment. Benefit payments to participants or their beneficiaries were made directly by the insurer from the funds accumulated under the contract. See Note 5 for a discussion of fair value investments.

There were no reserves against contract value for credit risk of the contract issuer or otherwise. Amounts could be withdrawn prior to maturity at market value. The payment would have been made within 7 days, but Principal reserved the right to defer payment up to 270 days.

**BERGMEYER ASSOCIATES, INC. 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS**

---

**NOTE 7: GUARANTEED INVESTMENT CONTRACT (CONTINUED)**

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on completing investment options or deletions of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that caused a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator did not believe that the Plan’s ability to transact at contract value with participants was probable of occurring.

**NOTE 8: RECONCILIATION TO FORM 5500**

The following was a reconciliation of net assets available for benefits (in liquidation) per the financial statements to Form 5500 at:

	<u>February 15,</u> 2024	<u>December 31,</u> 2023
Net assets available for benefits per the financial statements	\$ -	\$ 12,601,878
Less: adjustment from contract value to fair value for non benefit-responsive investment contract	-	(2,003)
Net assets per Form 5500	<u>\$ -</u>	<u>\$ 12,599,875</u>

The following was a reconciliation of the net decrease per the financial statements to net loss reported in the Form 5500 for the period ended February 15, 2024:

Net decrease per the financial statements	\$ (4,830)
Change in adjustment from contract value to fair value for non benefit-responsive investment contract	<u>2,003</u>
Net loss per Form 5500	<u>\$ (2,827)</u>

**NOTE 9: LATE REMITTANCES**

As reported on Form 5500, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, certain employee contributions for the year ended December 31, 2022, were not remitted to the Plan within the timeframe specified by DOL’s Rules and regulations, thus this constituted non-exempt transactions between the Plan and the Company. The aggregate late remittances amounted to \$65,567 for the year ended December 31, 2022 and have not yet been corrected.

**NOTE 10: CONTINGENCY**

The Company had not completed the required non-discrimination testing for the period January 1, 2024 through February 15, 2024 and, as a result, the Company cannot predict the amount, if any, of excess contributions that would be refunded to participants or the amount, if any, of a qualified non-elective contribution to be made by the Company to the Plan in order to correct potential testing failures. The Company was working with its recordkeeper to complete this testing and take any remedial steps necessary.

**NOTE 11: SUBSEQUENT EVENTS**

The date to which events occurring after February 15, 2024, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is December 11, 2024, which is the date the financial statements were available to be issued.
