INDEPENDENT AUDITOR'S REPORT

October 3, 2024

To the Board of Directors of
Nathan Littauer Hospital Association Tax Deferred Annuity Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nathan Littauer Hospital Association Tax Deferred Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Nathan Littauer Hospital Association Tax Deferred Annuity Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Nathan Littauer Hospital Association Tax Deferred Annuity Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Nathan Littauer Hospital Association Tax Deferred Annuity Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Nathan Littauer Hospital Association Tax Deferred Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Nathan Littauer Hospital Association Tax Deferred Annuity Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NATHAN LITTAUER HOSPITAL ASSOCIATION TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF PLAN (Continued)

The following description of the Nathan Littauer Hospital Association Tax Deferred Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is an Internal Revenue Service (IRS) Code Section 403(b) defined contribution plan that is designed to provide retirement benefits to eligible employees of the Nathan Littauer Hospital Association (the Hospital). At December 31, 2023 and 2022, State Street Bank & Trust Company and Transamerica Financial Life Insurance Company, Inc. are the custodians of the Plan's investments. Diversified Investment Advisors is the record keeper of the Plan. The Plan is administered by the Hospital and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees are eligible to participate in the Plan immediately upon commencement of their employment.

Contributions

Participants may contribute a percentage of their annual compensation subject to certain IRS limitations. Contributions are remitted and are invested in accordance with the provisions of the Plan.

The Hospital makes matching contributions on behalf of eligible employees, not covered by a collective bargaining agreement, at 100% of the employee's elected deferral up to 4% of the employee's annual compensation.

The Plan has adopted an automatic enrollment provision effective as of January 1, 2011. All new employees hired on or after that date who satisfy the Plan's eligibility requirements will be automatically enrolled in the Plan at the stated percentage rate of 2%.

Participant Accounts

Contributions made by the participants and the employer are reported to the Plan's record keeper and are allocated to the respective participant's account. Each participant's account is credited with the participant's contributions, the employer's contribution, and the periodic allocation of investment earnings. Investment earning allocations are based on participant account balances.

Participants select the investments in which their contributions will be allocated by the Plan's record keeper. If a participant does not direct the contributions, they are invested in a target date retirement fund where the allocation strategy is consistent with the participant's date of retirement.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately fully vested in their voluntary contributions and actual investment earnings and losses thereon. Participants are 100% vested in employer contributions upon completion of three years of service. A year of service is one in which the participant works 1,000 hours or more. Employees leaving the Hospital prior to satisfying the three-year vesting requirement will forfeit all employer contributions and earnings thereon. Amounts forfeited will be used to restore balances to participants who were reemployed prior to incurring a disqualifying break in service (up to five years) or to reduce subsequent employer contributions.

Investment Options

During the years ended December 31, 2023 and 2022, the Plan offered various investment options through regulated investment companies, pooled separate accounts, and a fixed annuity contract. Participants may change their investment options daily.

Payment of Benefits

Upon termination, retirement, death, or permanent disability, a participant is entitled to receive an amount equal to the value of the participant's vested interest in their account or they can elect to leave their account balance in the Plan. The following options are available to those electing a distribution: 1) a lump-sum or partial distribution; 2) deferral of the receipt of distribution until age 70; 3) rollover of a lump-sum distribution into an IRA if done so within 60 days of the distribution; or 4) election of payments in installment amounts over monthly, 5, 10, 15, or 20 year intervals. In addition, benefits paid to participants are recorded when paid.

Hardship Withdrawals

Prior to age 59 ½, a participant may withdraw only his or her participant contributions for reasons of hardship. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts available to reduce future employer contributions totaled approximately \$116,000 and \$84,000, respectively. During 2023 and 2022, employer contributions were reduced by approximately \$82,000 and \$201,000 respectively, by using forfeited non-vested accounts.

Notes Receivable from Participants

Participants may borrow against contributions that are part of their vested account balance. Each loan cannot be less than \$1,000. Participants may take out a loan once in any 12 consecutive-month period, subject to IRS limits on the total amount a participant can borrow. Participants are restricted to two loans outstanding at any time. In no event may a participant's total outstanding loan balance exceed the lesser of one-half of the participant's account balance or \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months).

Interest is charged on loans at an annual rate equivalent to the prime rate as published on the last business day of the month preceding the month in which the loan application is submitted and approved, plus 1%. The rate charged may not exceed the maximum rate allowed by state law. All general loans must be repaid in full by the fifth anniversary date of the loan. Principal residence purchase loans may be repaid over a loan term up to 10 years. Loans to participants on authorized leave for military service may also be repaid over a term that will extend beyond 5 years.

During the repayment period of a loan, the Plan's record keeper reallocates the repayment amounts among the investment funds in the same proportion as current investment allocations.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein during the reporting period and disclosure of contingencies at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments in mutual funds and money market funds are stated at fair value. Fully benefit responsive guaranteed investment contracts are stated at contract value, as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The net appreciation (depreciation) in the fair value of investments consists of realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments. Dividends are recorded on the ex-dividend date and purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recognized on the accrual basis.

Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan uses various valuation techniques in determining fair value. GAAP establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's estimate about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances.

The three levels of the fair value hierarchy under U.S. GAAP are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)

The following is a description of the valuation methodology used for assets measured at fair value.

Money market and mutual funds: Valued at fair value based on quoted market prices in active markets.

Guaranteed investment contract

The Plan's interest in the TransAmerica Financial Life Insurance Company Guaranteed Pooled Fund (the Fund) is a guaranteed separate account offered through a group annuity contract. The Fund's principal objective is to protect principal while providing a higher rate of return than shorter maturity investments, such as money market funds or certificates of deposit. To achieve this, the Fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. Contributions to the Fund are maintained in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Interest crediting rates are determined by tracking the yields on the investments included in the general account and considering factors such as projected investment earnings, the current interest environment, investment expenses, and a profit and risk component. Interest crediting rates are reset on an annual calendar year basis and range from 1% to 3%.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is fully benefit responsive, which means withdrawals from the contract may be made for qualifying benefit payments, including participant-directed transfers. Generally, there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days. There are not any events that allow the issuer to terminate the contract, and which require the Plan to settle at an amount different than contract value paid within 90 days.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable inputs can vary and is affected by a wide variety of factors. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Benefit Payments

Benefit payments to participants are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

3. CERTIFIED INVESTMENT INFORMATION

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account.

6. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Hospital by letter dated March 31, 2017 for its Volume Submitted 403(b) Plan that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving that determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows participants of the Plan to invest in certain funds that are managed by State Street Bank & Trust Company and Transamerica Financial Life Insurance Company, Inc. As such, transactions between the participants investing in these funds and the Plan qualify as party-in-interest transactions.

The Plan also allows current employees who are participants to receive loans under specific circumstances. As such, transactions between the participants that have loans and the Plan qualify as party-in-interest transactions.

8. RECONCILIATION OF FORM 5500
