INDEPENDENT AUDITOR'S REPORT

To Plan Management and Administrator
Jones-Harrison Residence Retirement Savings Plan
Minneapolis, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Jones-Harrison Residence Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period ended March 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Jones-Harrison Residence Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institutions or insurance carriers that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained a certification from a qualified institution as of March 31, 2024 and December 31, 2023 and for the period ended March 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Mark Harrington, CPA (Retired) | Wayne Langer, CPA | Greg Emmerich, CPA | Michael Belknap, CPA
Nichole Fairbanks, CPA | Jesse Fraley, CPA | Anna Anderson, CPA | Steven Schurhamer, CPA | Logan Jenson, CPA

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Jones-Harrison Residence Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting

As discussed in Note 8 to the financial statements, the governing body of Jones-Harrison Residence Retirement Savings Plan approved a plan of liquidation on September 27, 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting to the liquidation basis used in presenting the 2024 and 2023 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Jones-Harrison Residence Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Jones-Harrison Residence Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Jones-Harrison Residence Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

JONES-HARRISON RESIDENCE RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Jones-Harrison Residence Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan’s provisions, which are available from the plan administrator.

General:

The Plan is a defined contribution plan sponsored by Jones-Harrison Residence (the “Company”) for the benefit of its full-time employees who are not union employees governed by a collective bargaining agreement nor nonresident aliens and may immediately make elective deferrals under the Plan. Employees are eligible to receive employer contributions upon attaining the age of 21 and completing one year of service as defined by the Plan. The entry date to receive employer contributions is the first day of the calendar quarter after the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Company appointed the Variable Annuity Life Insurance Company (VALIC) as custodian of the Plan when it was established in 1997, selected ING (renamed Voya Financial in 2014) as custodian in 2000 and returned to VALIC in 2002. Participants may only contribute funds to the custodian appointed at the time contributions are made. As of December 31, 2023, participants have no account balances that remain with Voya.

Contributions:

Participants may contribute up to 100% of annual compensation as pre-tax and Roth contributions, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additionally, participants age 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined by the Plan. Participants direct the investment of all contributions into various investment options offered by the Plan. The Company has a discretionary matching contribution. For the year ended December 31, 2023 the Company contributes 50% of the first 6% of base compensation that a participant contributes to the Plan. The Company stopped allowing any contributions to the Plan after July 31, 2023. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

NOTE 1. DESCRIPTION OF PLAN (continued)

Participant Accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service. Effective September 27, 2023, all participants became 100% vested in all Company contributions due to the Plan termination as described in Note 8.

Policy Loans:

Participants may borrow funds from VALIC using a portion of their Plan account as security for the policy loan. The minimum loan is \$1,000 and may be up to the lesser of \$50,000 or 50% of their vested account balance. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by VALIC. Principal and interest payments are made at least as frequently as quarterly; loans generally must be repaid within five years. If loan proceeds are used for the purchase of a principal residence, then the loan term may exceed five years. At March 31, 2024 and December 31, 2023, amounts collateralized amounted to \$0 and \$133,622, respectively. At March 31, 2024 and December 31, 2023 loan amounts collateralized and deemed distributed, but not foreclosed on amounted to \$0 and \$82,709, respectively.

Benefit Payments:

On termination of services due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance, installment distributions, or qualified joint and survivor annuity as defined by the Plan. For termination of services for other reasons, a participant may receive the value of their vested account balance in the same forms as noted above. Benefits are recorded when paid.

NOTE 1. DESCRIPTION OF PLAN (continued)

Forfeited Accounts:

At March 31, 2024 and December 31, 2023, forfeited non-vested accounts totaled \$0 and \$0, respectively. These accounts will be used to reduce future employer contributions or reduce plan expenses. During 2024 there was \$0 of forfeitures used to pay Plan expenses.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements of the Plan are prepared under the liquidation basis of accounting. As described in Note 8, effective September 27, 2023 the Plan changed its basis of accounting from the ongoing basis to the liquidation basis. The liquidation basis of accounting causes little or no change in the value of plan assets carried at current market values that could be received in an “orderly transaction”. Accordingly the accompanying financial statements prepared on the liquidation basis do not require any such adjustment.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan’s valuation policies. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investment units are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold, as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Policy Loans:

Policy loans between participants and VALIC are collateralized at 100% of the original principal balance of the loan plus one quarter of interest and any potential surrender charges. The policy loan collateral is transferred from the participant's investment in VALIC's general accounts to a loan collateral and escrow account which bears interest at a contractually guaranteed minimum rate similar to the rate earned on the general accounts.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events:

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through November 21, 2024, the date the financial statements were available to be issued.

NOTE 3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Variable Annuity Life Insurance Company ("VALIC"), the custodian of the Plan, has certified that the following data included in the accompanying financial statements are complete and accurate with respect to investments:

- Investments at fair value
- Fully benefit-responsive investment contract at contract value
- Net appreciation in fair value of investments
- Interest and dividends

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to measurement. |

NOTES TO FINANCIAL STATEMENTS

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2024 and December 31, 2023.

Pooled Separate Accounts ("PSA"): Valued daily based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the pooled separate account which is not publicly quoted. These PSAs are classified as Level 2.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2024 and 2023:

	Investments at Fair Value as of March 31, 2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ -	\$ -	\$ -
	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 6,009,363	\$ -	\$ 6,009,363

NOTE 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan has fully benefit-responsive guaranteed investment contracts with VALIC. VALIC maintain the contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.5 percent. The crediting interest rate is reviewed on a quarterly basis for resetting. The guaranteed investment contracts do not permit the insurance companies to terminate the agreement prior to the scheduled maturity date.

NOTES TO FINANCIAL STATEMENTS

NOTE 5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS (continued)

The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendment to the Plan document (including complete or partial termination or merger with another plan.), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contracts. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

NOTE 6. TAX STATUS

The Internal Revenue Service ("IRS") has determined that the prototype 403(b) profit sharing plan is designed in accordance with applicable sections of the IRC and informed (trustee/custodian) of such in a letter dated May 5, 2018. Although the Plan has been amended since receiving the opinion letter, the plan administrative committee/plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by VALIC and therefore, these transactions qualify as party-in-interest transactions.

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator and other service providers of \$1,059 for the period ended March 31, 2024, which was not covered by revenue sharing. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 8. PLAN TERMINATION

On September 27, 2023 the Board of Directors voted to terminate the Plan effective December 31, 2023, at which time all participants' account balances became 100% vested. As a result, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations. No part of the Plan assets shall be paid to the Company, except that, after the satisfaction of all liabilities under the Plan, any assets remaining are to be paid to the Company.

NOTE 9. RISKS, UNCERTAINTIES AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

At March 31, 2024 and December 31, 2023, approximately 0% and 17% of the Plan's investments were invested in VALIC Fixed Account Plus Fund, respectively.
