Independent Auditor's Report

The Plan Administrator
Proximo Distillers, LLC 401(k) Union Plan
Jersey City, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Proximo Distillers, LLC 401(k) Union Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Proximo Distillers, LLC 401(k) Union Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Proximo Spirits Inc. (the Company or the Employer). Massachusetts Life Insurance (MassMutual) was the recordkeeper of the Plan and Reliance Trust Company (Reliance Trust) was the custodian. During 2021, MassMutual was acquired by Empower Retirement (Empower). Effective October 28, 2022, the assets of the Plan were transferred from Reliance Trust to Great West Trust Company, LLC (Great West), the new custodian. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

Employees who are part of a collective-bargaining agreement and who are 21 or older and have worked for the Company for at least 90 days are eligible to contribute to the Plan and receive Employer contributions, on the day the eligibility requirements are met. Residents of Puerto Rico and employees not subject to a collective bargaining agreement are excluded from participation in the Plan.

Employer Contributions

The Company elected to satisfy the "safe harbor" rules. Before the beginning of each Plan year, participants will be provided with a comprehensive notice of their rights and obligations under the Plan. The Company will make a safe harbor contribution equal to 3% of a participant's eligible compensation, as defined. In addition, the Company may make a matching contribution equal to 100% of the first 2% of salary deferrals. For the year ended December 31, 2023, the Company made a safe harbor contribution of \$305,758 and a matching contribution of \$108,271.

In addition, each year the Company may make a discretionary non-elective contribution to the Plan. Allocation amounts are based on hours of service during the year, employment status at year-end, compensation received during the year, and the classification level of the employee. During 2023, the Company did not make a discretionary non-elective contribution.

Participant Contributions

Participants may contribute a percentage of annual eligible compensation, as defined in the Plan, not less than 1%, in the form of pre-tax or after-tax (Roth) deferrals, through salary deductions. Participants also may contribute amounts representing distributions from other qualified plans (rollovers). Contributions are subject to certain annual dollar limitations, as imposed by the Internal Revenue Service (IRS). Catch-up contributions are permitted for those eligible employees who have attained or will attain age 50.

Proximo Distillers, LLC 401(k) Union Plan

Notes to Financial Statements

Participant Accounts

The Plan is a participant directed account Plan. The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions, Plan earnings or losses, and administrative fees. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately at 100% in their salary deferrals, rollover contributions and safe harbor contributions. Participants are 100% vested after one year of service in any matching contributions, additional matching contributions and discretionary non-elective contributions.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers investment options for participants through mutual funds and a guaranteed interest account (GIA).

Payments of Benefits

A participant is eligible to receive the vested balance in their account under the following circumstances: (a) attaining normal retirement age, as defined; (b) terminating employment before attaining normal retirement age; (c) becoming disabled, as defined; (d) attaining age 59½ but continuing to work; (e) incurring a financial hardship; and (f) terminating employment and satisfying the early retirement age requirements, as defined. A participant may elect to receive the value of his or her account in the form of a single lump-sum payment or in installments.

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Principal and interest are paid ratably through payroll deductions over a five-year period, unless it is for the purchase of a principal residence, in which case the loan repayment period, may not extend beyond 15 years from the date of the loan. The loans are secured by a participant's vested account balance and bear interest at the rate in effect in the month the loan is effective. The interest rate is the prime rate, as published in the Wall Street Journal, plus two percentage points. Participants are permitted to have one outstanding loan at a time. At December 31, 2023 and 2022, notes bear interest at a rate of between 5.25% to 10.50%.

Forfeitures

Upon termination of employment, participants forfeit their nonvested balances. Forfeitures may be used to pay Plan expenses or reduce Employer contributions to the Plan, in accordance with the Plan document. Unallocated forfeiture balances totaled \$15,248 and \$14,876 as of December 31, 2023 and 2022, respectively. Nonvested balances in the amount of \$759 and \$11,037 were forfeited during 2023 and 2022, and \$734 and \$963 of the forfeiture balance was used to pay Plan expenses, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the GIA, which is fully benefit-responsive and is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are stated at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to each participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Risks and Uncertainties

The Plan invests in various investment options in any combinations of funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market volatility and credit

Proximo Distillers, LLC 401(k) Union Plan

Notes to Financial Statements

risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following tables set forth, by level within the fair value hierarchy, a summary of the Plan's investment assets at fair value:

December 31, 2023

		Level 1		Level 2		Level 3		Total
Mutual funds	\$	5,996,054	\$	-	\$	-	\$	5,996,054

December 31, 2022

		Level 1		Level 2		Level 3		Total
Mutual funds	\$	4,977,692	\$	-	\$	-	\$	4,977,692

Proximo Distillers, LLC 401(k) Union Plan

Notes to Financial Statements

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds - Mutual funds are valued at the daily closing price, as reported by the funds. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Guaranteed Interest Account

Through the group annuity contract with MassMutual, the Plan offers a GIA as a stable-value investment option. Participant accounts invested in the GIA are available for participant-initiated transactions at contract (or book) value, such as transfers to other investment options, loans and other distributions. The GIA account balances are maintained in MassMutual's general investment account, and there are no reserves against the contract value of this account for credit risk of MassMutual.

The GIA is credited with earnings at an interest rate that is determined in advance. As of December 31, 2023 and 2022, the guaranteed interest rate was 2.45% and 1.60%, respectively.

Since the GIA is fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the GIA, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported by MassMutual, represents participant contributions made under the contract, plus credited interest earnings, less participant withdrawals and fees. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value. Such events include the following: (1) amendments to the Plan documents (including complete termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exception from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The GIA does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Proximo Distillers, LLC 401(k) Union Plan

Notes to Financial Statements

6. Information Certified by the Trustees

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust and Great West, qualified institutions.

7. Related Party and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by MassMutual/Empower or their subsidiaries and affiliates. Participant loan and distribution processing fees are paid to MassMutual/Empower by participants. The Plan paid for third-party administrator fees, investment advisory, and Plan audit fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

8. Plan Termination

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan, in whole or in part, at any time, subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will become 100% vested, and the custodian, in accordance with the Plan document, will distribute the net assets of the Plan in a uniform and non-discriminatory manner.

9. Tax Status

The Plan adopted the volume submitter plan of Empower. The Plan Administrator believes the Plan is designed and operated in accordance with, and continues to qualify under, the applicable requirements of the Internal Revenue Code (IRC).

In connection with MassMutual being acquired by Empower in 2021, effective May 1, 2022, the Plan adopted the volume submitter Plan of Empower. Empower received a favorable opinion letter from the IRS on April 7, 2021 which states that the volume submitter plan, as then designed, satisfies the applicable provisions of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

11. Delinquent Participant Contributions

During the Plan year ended December 31, 2023, one participant contribution totaling \$156 was not remitted to the Plan within the period prescribed by DOL regulations. This transaction constitutes a non-exempt party-in-interest transaction or prohibited transaction as defined by ERISA. The Employer is in the process of correcting this transaction. The related lost earnings are expected to be remitted to the Plan in the subsequent period.

12. Subsequent Events

Subsequent events were evaluated by the Plan's management through December 12, 2024, the date the financial statements were available to be issued. There were no subsequent events requiring adjustment to the financial statements or disclosures.
