As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank, a similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further detailed in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Miller Products, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Miller Products Inc. 401(K) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are, as a whole, free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement (resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Miller Products, Inc. 401(k) Plan's control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Miller Products, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – 2023 Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investments and Schedule of Repurchase Transactions as of and for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relies directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT (Continued)

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The financial statements of Miller Products, Inc. 401(k) Plan as of December 31, 2022, were audited by predecessor auditors, in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 9, 2023 indicated that in their opinion (a) the amount and disclosure for the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

Miller Products, Inc. 401(K) Plan (The Plan) is a defined contribution profit sharing plan for the purpose of providing retirement benefits to employees of Miller Products, Inc. (the Plan Sponsor and Company) under the provisions of section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any accepting participating employees. The Plan is funded by employee compensation deferral contributions, employee rollover contributions, plan sponsor matching contributions and plan sponsor discretionary profit-sharing contributions. The Plan is subject to the provisions of ERISA as well as certain provisions of the federal income tax laws.

General

All employees who are 21 years old and have completed twelve months of service are eligible to and may participate in the Plan. An employee may begin to participate in The Plan on the first day of the next quarter when eligibility requirements have been met. Excluded employees include those covered by a collective bargaining agreement with pension benefits.

Contributions

The Plan is primarily funded by employee contributions based on a percentage (maximum 100%) of each participating employee's compensation. However, total deferrals by an individual participant in any calendar year may not exceed a dollar limit set by law (\$22,500 in 2023 and \$20,500 in 2022). Plan participants who are at least 50 years old by the end of the year may make special "catch-up" contributions. The limit for "catch-up" contributions was \$7,500 in 2023 and \$5,500 in 2022. The limit for both types of contributions may be increased in future years for changes in the cost of living.

The Plan sponsor may make a discretionary contribution which are allocated to plan participants based on the plan document provisions. Participants must be employed on the last day of the year and have earned 1,000 hours of service to be eligible to receive discretionary profit-sharing contributions.

Participants elect to allocate contributions between various investment fund options offered by The Plan as monitored and modified by the Plan Administrator and Plan Sponsor. Each fund provides different investment objectives and degrees of risk. Participants are permitted to change the investment direction of future contributions or redirect their invested account balances.

The Plan has an automatic enrollment provision (2% salary deferral with 1% increases annually on the first day of the plan year until reaching a maximum of 6%) which requires employees to elect out of the Plan if they do not wish to participate.

Participant Loans

Active Participants are permitted to borrow against their vested account balance a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested account balance or \$50,000. The loans, in the form of promissory notes, are secured by the balances in the participant's account. The loans bear interest at reasonable rates commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments are paid through payroll deductions and are typically repaid within five (5) years.

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Withdrawals

Amounts can only be withdrawn from the Plan upon terminating employment, death, disability, attaining normal retirement age (age 59 ½), and hardship withdrawals subject to guidelines prescribed by the Internal Revenue Service. The Internal Revenue Code [Section 401(a)(9)] requires a participant to begin receiving required minimum distributions from The Plan at ages between 70 ½ to 75 depending on the participant's date of birth.

Vesting

Participants are fully vested at all times in their salary deferral contributions and earnings thereon. Participants vest in employee matching and discretionary contributions according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

Forfeitures are allocated to the discretion of the employer to either pay plan expenses, reduce employer contributions or be allocated to participants of The Plan. Unallocated forfeited amounts at year end were \$5,673 in 2023 and \$10,239 in 2022, respectively.

Participant Accounts

An account is maintained for each participant. The account balances are adjusted:

- For a pro rata share of investment income, expenses, gains and losses based on fund activity and the number of units held in the applicable fund.
- For salary deferral contributions made by the participant
- For plan sponsor matching contributions.
- For Plan sponsor discretionary profit-sharing contributions.
- For Plan expenses incurred by The Plan.
- For forfeited balances reallocated among existing active participants.

NOTE 2 - ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

NOTE 2 - ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are valued at contract value. See Note 4 for more details with respect to fair value measurements. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and the current year changes in unrealized gains (losses) are presented in the statement of changes in net assets available for benefits.

Receivables

Employer contributions declared but not funded at year end are reflected as receivables. Employee contributions received but not remitted to the trustee at year end are reflected as receivables. Employer profit sharing contributions declared, but not paid until after year end are reflected as receivables. Given the nature of the receivables and the discretionary nature of the employer contribution, amounts recorded have been determined by the Plan Sponsor based in part on cash available to pay the cash employer contribution. Accordingly, there is essentially no chance of the receivable experiencing a credit loss. The Plan Administrator and Plan Sponsor will review the historic experience, current conditions and projected profits and cash flow for near future (1-2 years) in determining the collectability of such receivables. Accordingly, The Plan believes no allowance for credit losses is needed at this time.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2023, and 2022, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator determines the participant has in fact in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Benefit Payments

Benefits are recorded when paid.

NOTE 3 - CERTIFIED INVESTMENT INFORMATION

All information included in the accompanying financial statements related to investments, including year-end fair values, notes receivable from participants, investment earnings (interest, dividends, gains, losses, appreciation and depreciation), interest on notes receivable, and ERISA-required supplemental

(11)

NOTE 3 - CERTIFIED INVESTMENT INFORMATION (Continued)

schedules have been prepared by or summarized from reports prepared by Jeter Hancock Life Insurance Company (the custodian) for the year ended December 31, 2023. The information was furnished to the Plan Administrator whom has obtained certifications from the custodian that such information is complete and accurate. The custodian maintains separate accounts for each participant. It is the custodian's responsibility to invest a participant's funds as directed by the participant. Participants may change their investment preference by contacting the custodian at any time either online or by a toll-free telephone number.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means; if the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used as December 31, 2023 and 2022.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts

Pooled separate accounts are valued using the net asset value (NAV) of units held by The Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to The Plan.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets at fair value:

	2023	2022
Level 1	\$ 0	\$ 0
Level 2	0	0
Level 3	0	0
Total investments in the fair value hierarchy	20,631,384	19,035,361
Investments measured at net asset value	20,631,384	19,035,361
Total investments at fair value	\$ 20,631,384	\$ 19,035,361
Pooled separate accounts – Fair value	\$ 20,631,384	\$ 19,035,361
Unfunded commitment:	0	0
Redemption frequency:	daily	daily
Redemption notice period:	none	none

Gains and losses realized and unrealized, or the years ended December 31, 2023 and 2022, are reported under net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits.

NOTE 5 – PLAN TERMINATION

Although it has not indicated intent to do so, The Plan sponsor has the right to terminate The Plan at any time subject to the provisions of ERISA. In the event of plan termination, no additional contributions will be made and all participant's accounts will become 100% vested. The Plan will direct the distribution of the participant's accounts in the manner permitted by The Plan as soon as practicable.

NOTE 6 – INCOME TAX STATUS

The Internal Revenue Service has ruled that the Plan qualifies as a tax-exempt plan under the applicable provisions of the Internal Revenue Code. The plan has been amended since receiving the exempt determination; however, the plan administrator believes the plan continues to operate and qualify in accordance with Internal Revenue Code requirements for tax-exempt status.

(13)

MILLER PRODUCTS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 9 – INCOME TAX STATUS (Continued)

The Plan does not believe there are currently any tax positions which have a reasonable possibility of change from taxing authorities. Accrued interest and penalties with uncertain tax positions, if any, are recognized as part of administrative expenses. There were no taxes or accrued interest, or penalties related to the tax positions of the Plan as of December 31, 2023. The years subject to examination by the authorities are 2021, 2022, and 2021.

NOTE 7 – ALLOCATION NET ASSETS

Net assets available for benefits at December 31, 2023 and 2022, include \$128,208 and \$151,314, respectively, allocated to the accounts of participants who as of or prior to that date had terminated employment with the Plan sponsor and were awaiting distribution of their account balances.

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons. The Plan's investments include holdings managed by John Hancock, who also serves as trustee and custodian of the Plan's assets.

A majority of the administrative functions are performed by the officers and employees of the Plan Sponsor, who may also be participants in the Plan, at no cost to The Plan. During the year ended December 31, 2023 and 2022, The Plan made direct payments of \$108,612 and \$119,000 to certain party-in-interests for administrative and investment advisory fees as allowed by ERISA. The Plan Sponsor pays directly any other fees related to the operation of the Plan.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities made available through the trustee as established by the plan administrator. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
