Independent Auditors' Report

To the Plan Administrator of
John Nagle Co. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of John Nagle Co. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of John Nagle Co. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the 2022 Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of John Nagle Co. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about John Nagle Co. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of John Nagle Co. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about John Nagle Co. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters**2022 Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Compilation Report on Financial Statements - 2021

Management is responsible for the accompanying 2021 statement of net assets available for benefits of the Plan as of December 31, 2021, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the statement of net assets available for benefits nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on the 2021 statement of net assets available for benefit.

John Nagle Co. Retirement Plan

Notes to Financial Statements Years Ended December 31, 2022 and 2021

1. Plan Description

The following description of the John Nagle Co. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2001. The Plan is a defined contribution plan covering all eligible employees of John Nagle Co. (the "Company"). The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility and Contributions

Employees of the Company who have completed three months of service and are twenty-one years of age are eligible to participate in the Plan. Non-eligible employees include residents of Puerto Rico, employees covered by a collective bargaining agreement, leased employees, and non-resident employees. Participants may elect to contribute pre-tax and roth deferral contributions, up to the maximum amount permitted by the Internal Revenue Code ("IRC"). Participants, who are at least 50, are eligible to make a catch-up contribution, up to the maximum amount permitted by the IRC. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

All active participants during the contribution period who meet the continuing eligibility requirements and make eligible elective deferral contributions are eligible for a discretionary employer matching contribution. The Company did not make any discretionary matching contributions for the years ended December 31, 2022 and 2021.

The Plan utilizes an automatic enrollment feature for eligible employees. Unless participants otherwise enroll or specifically decline to contribute, participants are automatically enrolled at a 3% deferral rate of compensation.

The Company may make discretionary nonelective contributions each plan year. Participants must complete at least 501 hours of service during the plan year or be employed as of the last day of the plan year by the Company or a related employer to be eligible to receive any nonelective contributions. These contributions, if any, will be allocated to the participants in the ratio of that participant's compensation to total compensation to all eligible participants.

The Company may also designate all or a portion of any nonelective contributions for a plan year as "qualified nonelective contributions" and allocate them to non-highly compensated employees to help the plan pass one or more annually required Internal Revenue Code non-discrimination test(s). Participants will be 100% vested in those contributions.

Rollover Contributions

Participants may roll over part or all of an eligible rollover distribution received from an eligible retirement plan into this Plan regardless of whether the participant has satisfied the eligibility requirements of the plan.

Participant Accounts

Participants file an election designating the proportion in which their contributions and contributions on their behalf are to be allocated among the specific assets, funds or other investments permitted under the Plan, offered by Fidelity Management Trust Company. Participants may change their election on the first day of each quarter and make transfers among funds.

John Nagle Co. Retirement Plan

Vesting

The participants are vested immediately in their rollover contributions, qualified matching contributions, deferral contributions and any earnings thereon. Vesting in the Company's matching contributions and nonelective contributions and any earnings thereon is according to the following schedule:

<u>Completed Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

The portion of a participant's balance, which is not vested upon termination of employment, is forfeited and remains in the Plan. Forfeitures can be used to reduce any future employer contributions or to pay administrative expenses of the Plan. During the year ended December 31, 2022, both forfeitures and forfeitures used to reduce employer contributions approximated \$18,279. As of December 31, 2022 and 2021, the balance of the forfeiture account approximated \$35,000 and \$16,200, respectively.

Notes Receivable from Participants

Each participant is permitted to borrow one outstanding loan at any given time up to 50% of their vested account balance, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The term of a loan may not exceed five years unless it is used to purchase a primary residence, in which the term of the loan may not exceed ten years. The loans are collateralized by the balance in the participant's account and bear interest at rates commensurate with the prevailing rate as determined by the plan administrator. Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest rates at December 31, 2022 ranged from 4.25% to 7.25%.

Payment of Benefits

Participants' vested interest in the Plan's assets are distributable upon death, disability, retirement, termination, hardship or attaining age 59.5 but continuing to work. Participants may request withdrawals pursuant to specific guidelines as set forth in the plan document.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in the net assets available for benefits during the reporting period, and disclosures of contingent assets and liabilities, if applicable, at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

John Nagle Co. Retirement Plan

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as held at year end.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 6, 2023, which is the date the financial statements were available to be issued.

3. Financial Information Certified by the Trustee

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedules, which was prepared by, or derived from information prepared by Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the trustee that such information is complete and accurate.

Information relating to investments and notes receivable from participants held by the trustee as of December 31, 2022 and 2021 is as follows:

	2022	2021
Mutual funds	\$ 6,971,805	\$ 7,601,838
Notes receivable from participants	64,379	52,548
	<u>\$ 7,036,184</u>	<u>\$ 7,654,386</u>

The following for the year ended December 31, 2022 were also certified by the trustee:

Net depreciation in fair value of investments	<u>\$ (1,599,655)</u>
Dividend and interest income	<u>\$ 487,970</u>
Interest income from notes receivable from participants	<u>\$ 1,968</u>

4. Fair Value Measurements

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

John Nagle Co. Retirement Plan

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- Mutual funds: valued using quoted market prices in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value at December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,971,805	\$ -	\$ -	\$ 6,971,805
Total	\$ 6,971,805	\$ -	\$ -	\$ 6,971,805

Investments at fair value at December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,601,838	\$ -	\$ -	\$ 7,601,838
Total	\$ 7,601,838	\$ -	\$ -	\$ 7,601,838

5. Party-In-Interest Transactions

All plan investments are managed by Fidelity. Fidelity is the trustee and Fidelity Investments, Inc. is the plan recordkeeper. Administrative fees paid by the Plan to Fidelity for the year ended December 31, 2022 were \$3,916.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to change or terminate the Plan subject to the provisions of ERISA. In the event of termination, participants become 100% vested and Plan assets will be distributed to participants based on their individual account balances.

7. Income Tax Status

On March 31, 2014, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risk and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable securities. Such securities are subject to various risks that determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. Reconciliation of Financial Statements to Form 5500

The Form 5500 and financial statements were prepared on the accrual basis for the plan years ended December 31, 2022 and 2021.

The following is a reconciliation between the statements of net assets available for benefits per the accompanying financial statements and the Form 5500 at December 31,:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 7,286,184	\$ 7,904,740
Less: employer profit sharing receivable	<u>-</u>	<u>(250,353)</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 7,286,184</u>	<u>\$ 7,654,387</u>

There were no reconciling items for the changes in net assets available for benefits per the financial statements for the year ended December 31, 2022 to the Form 5500.
